Business Accounting is the world's best-selling textbook on bookkeeping and accounting. Now in its eleventh edition, it has become the standard introductory text for accounting students and professionals alike. The book is used on a wide variety of courses in accounting and business, both at secondary and tertiary level and for those studying for professional qualifications. It builds on Business Accounting 1 to cover advanced aspects of financial accounting. It also covers introductory aspects of management accounting suitable for use at all levels up to and including professional foundation level courses and first-year degree courses.

Now going into its 9th edition, the successful textbook Book-keeping and Accounts is a vital guide for students undertaking studies of book-keeping and accounting for the first time. Through its gradual introduction of topics, explanation of technical terminology in a clear, easy to understand way, this text provides an accessible and reliable guide for any student in their undergraduate career. New to this edition: · Fully compliant with International Financial Reporting Standards (IFRS), with current IFRS terminology. · Questions and exercises to test your understanding and help with revision. · Selected chapters amended and re-structured. · Full explanation of HMRC changes in VAT relating to cash discounts. · Illustrations and diagrams to help explain key concepts. · Updated 'learning objectives' and 'chapter summaries', to reflect developments in the financial environment · Easy to understand to double entry book-keeping using the 'IN' and 'OUT' approach. With its highly regarded authorship this text is used by lecturers for teaching students undertaking the following qualifications and examinations; Association of Accounting Technicians (AAT), International Association of Book-keepers (IAB), A Level Accounting, Oxford Cambridge and Royal Society of Arts (OCR), and as a general foundation text for personnel employed in the accountancy profession. Accompanying the text is a collection of resources to support both lecturers and students which can be found at www.pearsoned.co.uk/wood - For instructors : Solution's manual, and Powerpoint slides - For students : Opportunities to practise and additional support with our companion website

This volume completes the financial accounting coverage of syllabuses of the various examining bodies. It has been brought up to date with all the current accounting standards in as much detail as is required at this level.

Frank Wood's Business Accounting Volume 1, the world's best-selling textbook on book-keeping and accounting, continues to provide an indispensable introduction for students and professionals across the globe.

This book has been developed to test students' knowledge of basic bookkeeping and accounting. It is specifically linked to the eighth edition of Business Accounting 1, but is general enough in content to be used alongside any text in basic accounting. It satisfies two needs: for a test bank to accompany a course in accounting used throughout the course; for a source of exam-style revision material for last-minute preparation.

Frank Wood's Business Accounting Volume 1, the world's bestselling textbook on book-keeping and accounting, continues to provide an indispensable introduction for students and professionals across the globe. Now celebrating more than 50 years in publication, the 14th edition has retained all the essence of what makes this the go-to textbook for accounting and book-keeping, but has also undergone significant changes and revisions based on reviewer feedback. With the inclusion of brand new chapters such as 'Maths for Accounting', combined with the reorganisation of chapters, and revision of end-of-chapter questions, this book will provide all the support you will need for learning key accounting topics. New to this Edition · Maths for Accounting chapter · Part 6 'Checks and Errors' · Incorporation of new end-of-chapter questions · Accounting Today chapter For lecturers, visit www.pearsoned.co.uk/wood for our suite of resources to accompany this textbook, including: · A complete solutions guide · PowerPoint slides for each chapter · Seven online chapters for further reading MyLab Accounting Join over 10 million students benefiting from Pearson MyLabs. This title can be supported by MyLab Accounting, an online homework and tutorial system designed to test and build your understanding. MyLab Accounting provides a personalised approach, with instant feedback and numerous additional resources to support your learning. A personalised study plan Usable either following chapter-by-chapter structure or by learning objective Worked solutions showing you how to solve difficult problems Limitless opportunities to practise Use the power of MyLab Accounting to accelerate your learning. You need both an access card and a course ID to access MyLab Accounting: Is your lecturer using MyLab Accounting? Ask your lecturer for your course ID. Has an access card been included with the book? Alan Sangster is Professor of Accounting at the University of Sussex and formerly at other universities in the UK, Brazil, and Australia. Lewis Gordon is Lecturer in Accounting at the University of Liverpool, and has extensive experience of teaching financial accounting at undergraduate and professional levels. Frank Wood formerly authored this text and he remains one of the best-selling authors of accounting textbooks.

This is the teacher's manual to both volumes of Business Accounting, which cover the first and second level syllabuses of many examining bodies, including AAT, ACCA, CIMA, ICA, ICSA, LCCI and RSA. They also provide full coverage of the preparatory work for A-Level students.

The world's best-selling textbook on book-keeping and accounting, Business Accounting Volume 1 continues to provide an indispensable introduction for students and professionals across the globe. It is renowned for clarity, with easy-to-understand language and a plethora of examples to aid your understanding. The 12th edition is updated to be fully compliant with International Financial Reporting Standards (IFRS). Other updates include new coverage of professional ethics, disaster recovery, and over 70 new examples to test your understanding. 'A benchmark for all accounting books.' Sarah Knight, former Finance Courses Coordinator, Huntingdonshire Regional College 'The writing style of the book is "spot-on" and just the right tone – well done! I consider all chapters to be at the appropriate level, very practical and structured in manageable "bite-sized" chunks.' Alison Fox, Lecturer, University of Dundee This title can be supported by MyAccountingLab, an online homework and tutorial system designed to test and build your students understanding. MyAccountingLab provides a personalised approach, with instant feedback and numerous additional resources to support their learning. For students · A personalised study plan · Worked solutions showing them how to solve difficult problems · An eText for quick reference · Case studies to help them apply what they've learned · Audio animations and videos Use the power of MyAccountingLab to accelerate your students learning. Frank Wood's Business Accounting 1 Frank Wood 1926-2000

Now celebrating more than 50 years in publication, Frank Wood's Business Accounting Volume 2 continues to provide an essential guide for accounting students around the world. With the 14th edition now repositioned to take a deeper focus on financial accounting, analysis and reporting, this book builds upon the fundamentals of financial accounting to provide you with all the necessary tools you need to help pass your accounting exams. New to this edition: · Focus on financial accounting, analysis and reporting to provide further depth · 'Maths for Accounting' Chapter · 'Earnings Management' Chapter For lecturers, visit www.pearsoned.co.uk/wood for our suite of resources to accompany this textbook, including: · a complete solutions guide · PowerPoint slides for each chapter Alan Sangster is Professor of Accounting at the University of Sussex and formerly at other universities in the UK, Brazil, and Australia.
