

Frank Wood Business Accounting 1 Pleyo

This volume completes the financial accounting coverage of syllabuses of the various examining bodies. It has been brought up to date with all the current accounting standards in as much detail as is required at this level.

Business Accounting is the world's best-selling textbook on bookkeeping and accounting. Its clear explanations, in simple language, a wealth of worked examples and large number of questions and answers, have made it a popular choice with both students and lecturers for over thirty years. Other popular features are its comprehensiveness, the clarity of presentation and layout and the structured manner in which it builds knowledge in logically progressing short chapters. In this edition the distribution of chapters between the two volumes has been rationalised. Volume 1 now includes more-complete coverage of special accounting procedures and partnerships. Chapters on partnership dissolution, joint venture accounts, bills of exchange, and consignment accounts, have been incorporated from Volume 2. A selection of recent questions from examining boards and professional bodies has been included.

This is the latest edition of the world's best-selling textbook on bookkeeping and accounting. It contains a large number of questions and answers and worked examples.

Business Accounting is the world's bestselling textbook on bookkeeping and accounting. It provides students with a clear and straight forward introduction to the core techniques and skills required to fully understand the foundations of financial accounting. Each topic is back up by a wealth of worked examples, as well as a rich pool of self assessment material, so that students can monitor their own progress and understanding.

Business Accounting is the world's best-selling textbook on bookkeeping and accounting. Now in its eleventh edition, it has become the standard introductory text for accounting students and professionals alike. The book is used on a wide variety of courses in accounting and business, both at secondary and tertiary level and for those studying for professional qualifications. It builds on Business Accounting 1 to cover advanced aspects of financial accounting. It also covers introductory aspects of management accounting suitable for use at all levels up to and including professional foundation level courses and first-year degree courses.

This book has been written for the following syllabuses: * K.A.S.N.E.B. Accounts Clerks National Certificate examination at Stage 1 Elementary Book Keeping and Stage 2 Principles of Accounts * K.C.E. Principles of Accounts * U.C.E. Principles of Accounts

Frank Wood's Business Accounting Volume 1, the world's bestselling textbook on book-keeping and accounting, continues to provide an indispensable introduction for students and professionals across the globe. Now celebrating more than 50 years in publication, the 14th edition has retained all the essence of what makes this the go-to textbook for accounting and book-keeping, but has also undergone significant changes and revisions based on reviewer feedback. With the inclusion of brand new chapters such as 'Maths for Accounting', combined with the reorganisation of chapters, and revision of end-of-chapter questions, this book will provide all the support you will need for learning key accounting topics. New to this Edition · Maths for Accounting chapter · Part 6 'Checks and Errors' · Incorporation of new end-of-chapter questions · Accounting Today chapter For lecturers, visit www.pearsoned.co.uk/wood for our suite of resources to accompany this textbook, including: · A complete solutions guide · PowerPoint slides for each chapter · Seven online chapters for further reading MyLab Accounting Join over 10 million students benefiting from Pearson MyLabs.
