In addition to "On Liberty" and "On Representative Government," this new selection of Mill's writings includes, among others, a number of less known of his writings, such as: "Civilization," "perfectibility," "the Negro Question," "on education," "on Aristocracy," "On Marriage," "On Free press," "Socialism," Mill's review of Tocqueville's "Democracy in America," his letters to Tocqueville, and several other writings. If one can use a somewhat exaggerated language, mill's writings are to Liberal-Democracy what Marx and Engels' writings were to Communism. Both systems gave expression to 19th century man's longing for equality and justice, both promised to liberate him from the shackles of oppression, authority and tradition. Instead of liberating man, Communism created the most brutal system in human history, and its spectacular fall in 1989 is one of history's greatest events. Western world today shows that Liberal-Democracy is no longer a benign doctrine, which advocates free market, minimum state and individual liberties, but, like Communism, is an all-encompassing Ideology which forces an individual to abdicate his freedom and soul in favor of a communist-like collective. As many critics of real socialism could see the seeds of totalitarianism in the writings of Marx and Engels, so one can see the seeds of Liberal totalitarianism in Mill's writing. This new edition is intended to help readers to understand why democratic-liberalism came so close to its 19th century ideological rival.

the ways that people worship their deity or practice their religion. However, because historically most Americans belonged to Christian denominations, often religious symbols were incorporated into public buildings and government activities. In recent years, however, the legitimacy of these symbols has been challenged in the courts. The essays in this book examine major issues related to religious freedom today. The Contemporary Issues Pro-Con series is to give young readers a better understanding of major social issues today. Each book examines four key questions related to a controversial topic, with essays that detail the most commonly heard arguments on both sides of the discussion. The arguments contained within are supported by data from experts as well as nonpartisan reports, allowing to reader to make his or her own informed decision on the issue.

Freedom from Government; Acting With Honor and As KingCreateSpace

In authoritarian states, the discourse on freedom of speech, conducted by those opposed to non-democratic governments, focuses on the core aspects of this freedom: on a right to criticize the government, a right to advocate theories and ideologies contrary to government-imposed orthodoxy, a right to demand institutional reforms, changes in politics, resignation of the incompetent and the corrupt from positions of authority. The claims for freedom of speech focus on those exercises of freedom that are most fundamental and most beneficial to citizens - and which are denied to them by the

government. But in a by-and large democratic polity, where these fundamental benefits of freedom of speech are generally enjoyed by the citizens, the public and scholarly discourse on freedom of speech hovers about the peripheries of that freedom; the focus is on its outer boundaries rather than at the central territory of freedom of speech. Those borderline cases, in which people who are otherwise genuinely committed to the core aspects of freedom of speech may sincerely disagree, include pornography, racist hate speech and religious bigoted expressions, defamation of politicians and of private persons, contempt of court, incitement to violence, disclosure of military or commercial secrets, advertising of merchandise such as alcohol or cigarettes or of services and entertainment such as gambling and prostitution.

This book concerns problems and questions in human societies, smashes many stereotypes, delivers fundamental human nature, and provides sheer new definition of government. Here are some typical questions. What is the cardinal difference between animals and humans? It is the different degrees of freedom that have caused animals and humans going to different ways. True or false? Do humans live for freedom? Why are all things that governments should and must do about freedom? Why a BB is better than ten RRs? Why is a country a corrupt government? What is the dominant relationship among humans? Why human marriage is about business (or service) rather than love? How did once the survival of the unfittest become to the strongest and dominant beings? Why have humans become so populous while wild animals been on the verge of being extinct? Why do guys like hypocrites, blowhards and liars live financially and comfortably better than honest people? Does the problem of gun shooting in America come from the US government's abuse of freedom? Why is mistreatment of Amendment II the root of evil? Why rights are not always right? Why is justice nothing but the correction of abuse of freedom? Why is democracy people's political freedom? Is it true that equality is people's freedom of doing things with equal chances, fair advances and just results? Why are democracy, equality, justice, safety, peace, law and right are merely facets of freedom? Who benefit more from

freedom? Businessmen? Are Indians freer than Chinese? Is religion really about faith, belief and worship? What's behind? Why are all religions in the world kinds of business? Why aren't these things - such as keeping law and order, controlling a country, governing a society and so forth - fundamentally government jobs? Does temporally banning Muslims from entering the USA especially benefit Muslim Americans? Why is capitalism the only economic system in the world during entire course of history? Is government the biggest capitalist in any country? Who is theoretically better qualified as the US President - Donald Trump or Hillary Clinton? How better qualified? Most importantly, What should rationally be the definition of government? How to benchmark a government and its leaders? The pivotal themes of this book are FREEDOM, BUSINESS (SERVICE) and GOVERNMENT. Should its new definition of government deserve to be followed in the whole world? You - the readers - judge, and time will tell. But all things begin with animals talking about humans versus animals. ...

The First Amendment to the United States Constitution provides that "Congress shall make no law ... abridging the freedom of speech, or of the press ... ". This language restricts government both more and less than it would if it were applied literally. It restricts government more in that it applies not only to Congress, but to all branches of the federal government, and to all branches of state and local government. It restricts government less in that it provides no protection to some types of speech and only limited protection to others. This report
