

When Wherever You Go, There You Are was first published in 1994, no one could have predicted that the book would launch itself onto bestseller lists nationwide and sell over 750,000 copies to date. Ten years later, the book continues to change lives. In honor of the book's 10th anniversary, Hyperion is proud to be releasing the book with a new afterword by the author, and to share this wonderful book with an even larger audience.

Stress and pain are nearly unavoidable in our daily lives; they are part of the human condition. This stress can often leave us feeling irritable, tense, overwhelmed, and burned-out. The key to maintaining balance is responding to stress not with frustration and self-criticism, but with mindful, nonjudgmental awareness of our bodies and minds. Impossible? Actually, it's easier than it seems. In just weeks, you can learn mindfulness-based stress reduction (MBSR), a clinically proven program developed by Jon Kabat-Zinn, author of Full Catastrophe Living. MBSR is effective in alleviating stress, anxiety, panic, depression, chronic pain, and a wide range of medical conditions. Taught in classes and clinics worldwide, this powerful approach shows you how to focus on the present moment in order to permanently change the way you handle stress. As you work through A Mindfulness-Based Stress Reduction Workbook, you'll learn how to replace stress-promoting habits with mindful ones—a skill that will last a lifetime. This groundbreaking, proven-effective program will help you relieve the symptoms of stress and identify its causes so that you can start living a healthier, happier life.

DNA

Merging the spirits of Don Quixote, Shakespearean fools, Theodore Roethke, Frank O'Hara, James Merrill, and the Marx Brothers, Zach Savich's first book does more than showcase the innovative fluency of its roving forms and moods: these poetic hybrids are not hothouse blossoms but minotaurs. With ebullient intelligence and high-stakes insistence on the panic, lust, and suffering of the sensual world, Full Catastrophe Living uses the self as an instrument to investigate art, love, and the hardest honesty. In meditations, songs, slapstick sequences, sonnets, narratives, and tightly carved fragments, Savich explores the conflicts between romance and reality, between inventing a new world and staying true to this one. Relishing both traditional and experimental poetics, he takes refreshing, ecumenical risks to show the "strange grace / of bells that ring with a rag's polishing." Like a Fourth of July band conductor guiding planes to land, his poetic wit alters what's real. This book will change the ways that readers think about poetry, language's expressive capacity, and the robust world around us.
