Electric Power Transformer Engineering CRC Press

Covering the fundamental theory of electric power transformers, this book provides the background required to understand the basic operation of electromagnetic induction as applied to transformers. The book is divided into three fundamental groupings: one stand-alone chapter is devoted to Theory and Principles, nine chapters individually treat major

Traditional Chinese edition of Being Wrong: Adventures in The Margin of Error. Journalist Kathryn Schulz has written a definitive book on why being wrong is a good thing in human development. Schulz is also famous for her cautionary tale of "The Really Big One: An earthquake will destroy a sizable portion of the coastal Northwest. The question is when." published in the July 20, 2015 issue of the New Yorker.

The Chinese Odyssey, Volume 2 combined textbook and workbook comprises the second semester of a first-year Chinese course for students in high school or college
