Tools, tips and strategies to stop the cycle of 'busy' and start getting ahead Stand Out shows you how to stop working so much, and start achieving instead. Everyone is busy, but working harder to do more isn't getting us anywhere. We're overwhelmed, distracted and detached, and our greatest fear is that this will never change. This book is your guide to taking back your life. Through simple models, robust diagnostics and practical suggestions you'll identify where you are now and how to implement real change. Explore how to move on from Check Out (the sense that you are just going through the motions), combat Burn Out (the feeling that you're on a treadmill that is dialled too fast for your legs, brain and talents to keep pace with) and move through Freak Out (that overriding anxiety generated by knowing where you want to go but not getting any traction). Real-life stories, anecdotes and 'life hacks' provide ideas you can implement immediately, while in-depth discussion of psychological theory explains the science behind the actions. The goal is not to find your One True Passion, but to identify what's most important right now. When you're clear on purpose and actually making progress, you hit the sweet spot of activity that allows your talents to shine. The concept of 'being at work' has changed. We're expected to be plugged in 24/7, and continually expected to do more and more with the same 24 hours in every day. Organisations suffer, families suffer and workers suffer – so why do we perpetuate this cycle? This book shows you how to hop off the hamster wheel and thrive through relentless change by doing less – but by doing it smarter. Treat self-care as an imperative for success Connect to what's important here and now Stop day-dreaming and put action to purpose Take control of your day, your path and your life It's not about productivity training or the latest organisational system – it's about having the tools, mindset and skills in place to make your activities work for you. Stand Out helps you find the courage and optimism to live the life you crave, let go of the 'shoulds' and shows you how to prioritise what really matters.

compliments you deserve. Feeling disgruntled because your praiseworthy efforts are not being recognized. HERE'S A GREAT BOOK FOR YOU! Fact is, our culture today is obsessively focused on unrealistically positive expectations: Be happier. Be healthier. Be the best, better than the rest. Be smarter, faster, richer, sexier, more popular, more productive, more envied, and more admired. Be perfect and amazing and crap out twelve karat-gold nuggets before breakfast each morning while kissing your selfie-ready spouse and two and a half kids' goodbye. Then fly your helicopter to your wonderfully fulfilling job, where you spend your days doing incredibly meaningful work that's likely to save the planet one day. But when you stop and really think about it, conventional life advice-all the positive and happy self-help stuff we hear all the time-is actually fixating on what you lack. It lasers in on what you perceive your personal shortcomings and failures to already be, and then emphasizes them for you. You learn about the best ways to make money because you feel you don't have enough money already. You stand in front of the mirror and repeat affirmations saying that you're beautiful because you feel as though you're not beautiful already. You follow dating and relationship advice because you feel that you're unlovable already. You try goofy visualization exercises about being more successful because you feel as though you aren't successful enough already. Average or below-average dating life? It's time to change that. NOW it's time for YOU to learn and ADOPT the mindset of "the natural". This is THE shortcut that lets you avoid YEARS of struggling with this area of your life so that you can become the type of guy women NATURALLY want to spend time with. This is THE action plan for men who want to see a massive improvement in their dating lives QUICKLY. It's NOT about "How to bang as many girls as possible". The contents of this book are far more important and life-changing than that. Mainstream dating advice is generic and doesn't address or even acknowledge the core underlying issues which cause men to struggle to attract women or even hold their attention or interest for more than a couple of minutes. And the end of the day, if you don't see yourself as somebody who deserves to have beautiful,

strong, intelligent, independent, sexy women in his life, then it won't happen. David T., author Some men resort to using "pickup artist" tricks to fool women into believing that they are attractive, when deep down they know that the only reason they are using "game" techniques is because they don't feel like they're enough of a man to attract women naturally. They get occasional results, but ultimately remain unfulfilled. Why waste years in the gym or trying to get rich to impress girls, or spending countless hours learning about "pickup artist" tricks and practising your "game", when you can just read this book and get on with your life? David T., author This book explains the EXACT STEPS TO TAKE and the MINDSET that will allow you to stand out above the VAST MAJORITY of men. Most men do not understand what makes women attracted and make the SAME MISTAKES AGAIN AND AGAIN, finding themselves dealing with rejections time and time again. So what DOES make a woman feel attracted to a man? It's not about looks, money, your height, your skin colour, your income level, or the car you drive. IT'S ABOUT HOW YOU SEE YOURSELF. All but the most superficial women don't mind if you're "flawed" in some way. The key is to become a man who is comfortable in his own skin despite what you might think is unattractive about yourself. It's when a woman can see that you're good at expressing your authentic self, and that your authentic self is a guy who knows he is enough, that she can decide that she's into you. You don't need to buy her drinks and flowers, do her favours, be a "nice guy" or pretend to be a "bad boy" to win her affection. You just need to become a man who is perfectly at ease with himself and knows that any challenges life throws at him won't throw HIM off his path in life. This book will teach you how to adopt this mindset. If right now you believe that you are deserving of anything less than the highest quality women who YOU find attractive, then YOU NEED THIS BOOK. Do you want THE SOLUTION, or do you have MORE EXCUSES to not tackle this area of your life once and for all? DO NOT download this book if you're not prepared to have your entire mindset challenged with regards to meeting and attracting women. This is NOT a long book. Because the concepts in it are not complex and don't require going into excessive detail. You'll be delighted at how quickly you can internalize the mindset explain within, and apply it to your life. THE SOLUTION STARTS WITH YOU. Delve deeply into the 3 CORE PRINCIPLES a man must internalise in order to become successful in this area of life. Learn how to BECOME A MAN WHO IS COMFORTABLE IN HIS OWN SKIN, able to EXPRESS YOUR AUTHENTIC SELF WITHOUT FEAR OF REJECTION. Trying to attract and create deep connections with women will ALWAYS be a HUGE CHALLENGE without a solid grasp of these principles. Contains the CLEAR AND SOLID ACTION PLAN to guide you through the process of becoming the man who DESERVES and NATURALLY ATTRACTS the type of women he desires. This is THE SOLUTION for men who have tried "pickup" methods and still suffer the painful symptoms of APPROACH ANXIETY, FEAR OF REJECTION, and DISAPPOINTMENT at the results of using outdated "PUA"

strategies in their efforts to meet and attract women. Your days of having to memorize "game" routines and strategies are over.
