Single-camera Video Production, Fourth Edition clearly explains the technology and the equipment of video production and details step-by-step the professional-level techniques that can be applied to any type of production or budget. In addition, this manual will train you to integrate technique, equipment, and creative concerns within the production process from preproduction planning through final editing. This new edition contains more in-depth information about the transition from analog to digital video production and includes the latest information on digital video and HD. It includes expanded coverage of nonlinear editing techniques and features a new organization that follows the actual shooting process more closely. Single-camera Video Production, Fourth Edition is a comprehensive yet succinct guide to single-camera video production. Written as part of the Focal Press Media Manual series, each page of this helpful guide covers a specific issue in video production and is accompanied by at least one illustration or diagram to further develop the your understanding of the topic. * Learn about the latest changes to video production technology and the industry * Find new information about digital production techniques and HD video production * Acquire the basic knowledge needed to plan, shoot, and edit most field and in-studio video productions

In compiling articles from eighteen professionals in the field of science and technical communication, this unique collection updates readers on the evolving theory, teaching, and practice within the field. A framework is provided on the direction practitioners and academicians can focus their research or application on. Extensive discussions are provided on the management of the dynamic growth in international and intercultural communication in technical and scientific disciplines. Emphasis is also placed on understanding the issues and training for effectiveness.

Traditional Chinese ediiton of a Japanese children's book "Noraneko gundan osushiyasan" (Wild Cats at sushi-go-round restaurant). The Wild Cats are very interested in the sushi-go-round, so that night they sneak into the sushi restaurant. In Traditional Chinese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.

This comprehensive volume blends broad coverage of basic methods for symbolizing spatial data with an introduction to cutting-edge data visualization techniques. KEY

TOPICS: Offers clear descriptions of various aspects of effective, efficient map design, with an emphasis on the practical application of design theories and appropriate use of map elements. Clearly contrasts different approaches for symbolizing spatial data, in addition to individual mapping techniques. This edition includes updated material on the history of thematic cartography, maps and society, scale and generalization, and cartograms and flow mapping. For those interested in learning more about cartography.

This comprehensive book bridges the evolution in cartography by presenting both traditional methods and recently developed cartographic techniques. KEY TOPICS It provides a compendium of methods for symbolizing and visualizing spatial data, from the traditional methods that presume a communication model to computer-based techniques that provide a means of data visualization. For anyone interested in designing maps in the realm of GIS.

GRAPHIC DESIGN BASICS combines design principles, history, and current technology to present students a comprehensive introduction to the field of graphic design. Keeping pace with rapid changes in the field of design, while maintaining a consistently high academic quality, the text emphasizes design structure, visual perception and digital design, with a wide range of visuals from throughout design history, as well as the latest contemporary illustrations. Each chapter provides assignments with student sample solutions and critique sections to help students apply the concepts and assess their work. This market leader's interwoven combination of concept, history, and practice rarely found in other graphic design texts has been enriched by integrating material specific to digital design. The accompanying Premium Website offers students bonus images, interviews with artists featured in the text, additional projects, studio techniques and research links. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

????:La vita nuova

It changes the worldview of the photographer Bresson! This book has a kind of magic. People have to pass it on like a baton. -Pier Asolina (Bresson biographer) Li Qingzhi, Xu Shuqing, Chen Baiqing, Shan Dexing, Yang Bei, Cai Changxiong recommended What is Zen? I eat when I am hungry, and sleep when I am sleepy. Germany Professor of Philosophy Ogan. In order to pursue the meaning of life that is not available in philosophy, Herrige traveled across the oceans to Japan to study Zen in the East. After hitting a wall everywhere, he experienced the true meaning of Zen through archery.
