'She turned into a frog, into a lizard, into all kinds of other reptiles and then into a spindle' In these tales, young women go on long and difficult quests, wicked stepmothers turn children into geese and tsars ask dangerous riddles, with help or hindrance from magical dolls, cannibal witches, talking skulls, stolen wives, and brothers disguised as wise birds. Half the tales here are true oral tales, collected by folklorists during the last two centuries, while the others are reworkings of oral tales by four great Russian writers: Alexander Pushkin, Nadezhda Teffi, Pavel Bazhov and Andrey Platonov. In his introduction to these new translations, Robert Chandler writes about the primitive magic inherent in these tales and the taboos around them, while in the afterword, Sibelan Forrester discusses the witch Baba Yaga. This edition also includes an appendix, bibliography and notes. Translated by Robert Chandler and Elizabeth Chandler With Sibelan Forrester, Anna Gunin and Olga Meerson

1870 laboriously took down from the lips of the peasants of all parts of Russia what they could of the endless store of traditional song, ballad, and folk-tale. These great collectors were actuated only by the desire for accuracy; they appended laboriously erudite notes; but they were not literary men and did not sophisticate, or improve on their material. But, before venturing on a brief account of the tales, something must be premised as to the position occupied by folk-tales in the cultural development of a people. In Pagan times, there always existed a double religion, the ceremonial worship of the gods of nature and the tribal deities,—a realm of thought in which all current philosophy and idealism entered into a set form that symbolized the State,—and also local cults and superstitions, the adoration of the spirits of streams, wells, hills, etc. To all Aryan peoples, Nature has always been alive, but never universalized, or romanticized, as in modern days; wherever you were, the brook, the wind, the knoll, the stream were all inhabited by agencies, which could be propitiated, cajoled, threatened, but, under all conditions, were personal forces, who could not be disregarded. When Christianity transformed the face of the world, it necessarily left much below the surface unaffected. The great national divinities were proscribed and submerged; some of their features reappearing in the legendary feats of the saints. The local cults continued, with this difference, that they were now condemned by the Church and became clandestine magic; or else they were adopted by the Church, and the rites and sanctuaries transferred. The memory of them subsisted; the fear of these local gods degenerated into superstition; the magic of the folk-tales becomes half-fantastic, half-conventional, belief in which is surreptitious, usual, and optional. At this stage of disorganization of local custom, folk-tales arise, and into them, transmitted as they are orally and under the ban of the Church, contaminations of all sorts

creep, such as mistaken etymologies, faint memories of real history, reminiscences of lost folk-songs, Christian legend and morals, etc. The Russian people have handed down three categories of records. First of all, the Chronicles, which are very full, very accurate, and, within the limits of the temporary concepts of possibility and science, absolutely true. Secondly, the ballads or bylíny; epic songs in an ancient metre, narrating historical episodes as they occur; and also comprising a cycle of heroic romance, comparable with the chansons de geste of Charlemagne, the cycles of Finn and Cuchúlain of the Irish, and possibly with the little minor epics out of which it is supposed that some supreme Greek genius built up the artistic epics of the Iliad and the Odyssey. These bylíny may be ranked as fiction: i.e. as facts of real life (as then understood), applied to non-existent, unvouched, or legendary individuals. They are not bare records of fact, like the Chronicles; imagination enters into their scope; non-human, miraculous incidents are allowable; their content is not a matter for faith or factual record; they may be called historical fiction, which, broadly taken, corresponded to actual events, and typified the national strivings and ideals. The traditional ceremonial songs, magical incantations and popular melodies are of the same date and in the same style. It's an absorbing introduction to the lore of Albion, but readers will also enjoy teasing out similarities between these tales and more familiar ones." — Publishers Weekly Perilous quests, true love, and animals that talk: The traditional stories of Ireland, Scotland, Brittany, and Wales transport us to the fantastical world of Celtic folklore. • This Celtic mythology book features 16 stores that were translated and transcribed by folklorists in the late 19th and 20th centuries that focus on themes such as Tricksters, The Sea, Quests, and Romance and mythological creatures. • These timeless tales brim with wit and magic, and each one is brought to life with elegant

taught artist who was lucky enough to be offered the commission of a lifetime at the very start of his career. In 1899 the Department for the Production of State Documents asked this young Russian artist to illustrate a series of fairy tales, a task that took him four years to complete and inspired his finest work, reflecting his deep love for his country and his passionate interest in its national dress and wooden architecture. This, with ten other traditional tales, make up the collection for which all Bilibin's original artwork has been faithfully reproduced. Gillian Avery has provided a retelling of the texts which admirably complements Bilibin's distinctive illustration, itself rooted in the stylized forms of Russian folk and medieval art.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

the fairy tales that we find in the Afanas'ev collection are both strange and familiar at the same time. They are familiar, because many of the Russian fairy tales are in fact renderings of stories we already know e.g. from the Brothers Grimm. Here too, the famous Cinderella theme and stories similar to The Magic Table, The Gold-Donkey, And Cudgel in the Sack<sup>1</sup> or The Golden Bird are very popular. There are indeed, very few plots that are not reminiscent of Western fairy tales. Why exactly this is the case is unknown. It may be that the stories travelled or that they were taken up into the Russian folklore after the Grimms' had published their stories in Germany. Yet, the Russian fairy stories are by no means just copies. Russian folklore has a long history and through being narrated within a different culture every story is shaped differently and is adapted to its new surroundings. Therefore the best way to find out what the distinctive qualities of Russian fairytales are, is to read as many Russian tales as possible and to compare them to the versions we know in order to find out, what it is that is typical and unique to the Russian tales. When we have found this quintessential difference, we shall have found what makes them 'strange'. To find out, we need to look at what are perhaps the four most important aspects of any story: its 'Themes and Content', how these are illustrated with 'Motifs' and how 'Narrative Structure' and 'Language' are used. Themes and

Afanasiev's recordings include a large variety of folk narrative. Apart from fairy tales there are fables, poems, songs, moral teachings, anecdotes and jokes, but here I will only look at those stories, which can be easily defined as true fairy tales. By this, I mean those tales, which are relatively long (they fulfil more than just one or two proppian functions) and tell of animals as well as humans.

all ages for the elegant design, lovely illustrations, and a translation that captures the rhythm and atmosphere of the original. Russian folk tales have a timeless, slightly unworldly quality that children, and those who read to them, find particularly appealing. This is Fontanka's second book of folk tales with illustrations by the artist Elena Polenova, with stories that are possibly even more beguiling than those in *Why the Bear*. The same team that produced the first book is responsible for *The Story of Sinko-Filipko* too: the translator Dr Louise Hardiman, the great-niece of the artist, Natalia Polenova, and the designer Christoph Stolberg. The book is designed to be a companion to the first, with the same quarter binding, and individually coloured chapters.

sampling of Slavic marchen. The stories in this book are those that Russian peasants tell their children and each other. This is a book written far away in

Russia, for English children who play in deep lanes with wild roses above them in the high hedges, or by the small singing becks that dance down the gray fells at home. Russian fairyland is quite different.

Under the windows of the author's house, the wavelets of the Volkhov River are beating quietly in the dusk. A gold light burns on a timber raft floating down the river. Beyond the river in the blue midsummer twilight is the broad Russian steppe and the distant forests of Novgorod. Somewhere in that forest of great trees--a forest so big that the forests of England are little woods beside it--is the hut where old Peter sits at night and tells these stories to his grandchildren. In Russia hardly anybody is too old for fairy stories, and the author even overheard soldiers on their way to the WWI talking of very wise and very beautiful princesses as they drank their tea by the side of the road. He believed there must be more fairy stories told in Russia than anywhere else in the world. In this book are a few of those he liked best. The author spent time in Russia during World War I as a journalist for the radical British newspaper, the Daily News, meeting among others, Lenin and Trotsky and was also known in the London bohemian artistic scene. 33% of the net from the sale of this book will be donated to charities for

poetic as it is geographical and culinary, and Salt &

and full of encouragement to cook dishes that are  
invitingly unfamiliar.' - Nigella Lawson 'If anyone had

When I think of Siberia, I hear the sound of fresh snow crunching beneath my feet. Today, whenever I crush sea salt flakes between my fingers as I cook, I think of that sound. In this book I feature recipes that are authentic to Siberia, classic Russian flavour combinations and my modern interpretations. produced in the midst of the First World War, by a true genius of illustration. It was originally published in 1916, and contains a collection of folk and fairy tales from Belgium, France, England, Japan, Italy, and Serbia. It contains 'The Buried Moon' (An English Fairy Tale), 'The Serpent Prince' (An Italian Fairy Tale), 'Ivy and the Chestnut Horse' (A Russian Fairy Tale), 'The Hind of the Wood' (A French Fairy Tale), 'The Story of the Bird Feng' (A Chinese Fairy Tale), and more. Dulac was a French-born, British naturalised magazine illustrator, book illustrator and stamp designer, who despite his increasing years, wished to help the war effort in any way he could. The drawings of Fairy Tales of the Allied Nations are delicately drawn, notable for their classic fairy tale charms and Japanese stylistic influence. The skilfully coloured images further refine the enchantingly simple story telling – all presented together in this text. It is a book to be enjoyed by both young and old; a beautiful object, produced at a time of great peril. Pook Press celebrates the great 'Golden Age of Illustration' in children's literature – a period of unparalleled excellence in book illustration from the 1880s to the 1930s. Our collection showcases classic fairy tales, children's stories, and the work of some of the most celebrated artists, illustrators and authors.

Includes old favourites with lesser known fables.

Towards the end of the 19th century, the English art

journalist Netta Peacock travelled to Russia where she met Elena Polenova, the artist and younger sister of the famous artist Vasily Polenov. As one of her artistic projects, Elena collected the traditional folk tales she heard from peasants in local villages, and also illustrated them. The two women became great friends and Netta asked if she could translate the tales and publish them in England. Elena gave her twelve watercolour paintings, as well as a cover design painted on an exercise book. By 1916 everything was prepared for publication, but although the original manuscript and a number of engravers proofs have survived, the book, presumably because of War shortages, was never published. A few years ago, thanks to the research of Louise Hardiman, a doctoral student at the University of Cambridge, the original illustrations and stories were rediscovered, still in the possession of Netta Peacocks descendants. Now, almost 100 years later, they are finally being published in a beautifully designed childrens book edited by Hardiman in collaboration with Fontanka and supported by Natalya Polenova, the great-granddaughter of Elena, who is custodian of the Polenovo State Museum Reserve in Russia. Brave princes, evil witches and beautiful maidens abound as the tales of Koshka, the wise old story-telling cat, unfold. James Mayhew has drawn inspiration from the traditional stories and art style of old Russia to re-tell five enchanting

Thankfully, readers and listeners (and lovers of illustration) only need open this magic box to be immediately transported.' Dr Nick Campbell, writer, researcher and bookseller'Every children's book deserves to be lavishly-illustrated, a task taken on by the author himself. It's herd to say which are better, the words or the pictures. But at the end of the day, it hardly matters because they complement each other perfectly in a book that captures the essence of the old-fashioned Noel of traditional story-telling.' The Bay magazine, 2019'It's the energy that shines out in the boldness, the verve, the lack of reticence that says: Look at this beautiful thing! Look again! It's the kind of work that welcomes readers (because in this book, James has written the words too!) as well as spectators. The combination is a real joy. [...] Today's children are lucky to have this version of the stories. And James Mayhew is lucky to have Graffeg realising that we need them as much as we did in 1993.' Adele Geras'Here is a fabulous collection of folk tales from Russia by James Mayhew, written in luminous language and accompanied by equally luminous artwork... Beyond the classroom, I will be recommending it to boys and girls in Year 4 who still love the accessibility of traditional fairy stories but need to develop their reading stamina and confidence with a little more challenge. I am hoping it will provide a gateway to longer novels such as The House with Chicken Legs or Harry Potter.' Books for Topics
