The Green Day story is very blunt: three school friends grow up together in a cluster of small blue-collar Californian towns, form a band ... and sell over 50 million albums. Except it wasn't that simple. Self-confessed latch-key kids, theirs was far from an easy ride. Inspired by both the energy of British punk bands like the Sex Pistols and Buzzcocks and cult American bands such as Dead Kennedys and Husker Du, Green Day formed in 1989. The band gigged relentlessly across the US, quickly selling out every underground club that booked them, and their 1994 major label debut *Dookie* was a 10-million-selling worldwide hit album that seized the zeitgeist while rock music was still reeling from the death of Nirvana's Kurt Cobain. They toured the world, headlined all the big festivals, won countless awards and released multi-million selling albums. In 2004 Green Day reached a career pinnacle with the concept album *American Idiot*, a sophisticated commentary on modern life—not least dissatisfaction with their president and America's continued cultural and economic imperialism. The No. 1 success of the Grammy-winning album extended Green Day's fan base even further—from pre-teen kids to previously skeptical critics. This book is the world's first full biography on Green Day. An authority on punk and hardcore, author Ben Myers charts the band members' difficult childhoods, the context of the band within the

US and world punk scene and their glittering rise to success. Myers has also interviewed the band for various magazines at different stages of their career. Accompanying compact disc contains demonstration tracks. If you wish there was a fun and engaging way to motivate you in your guitar playing quest, then this is it. Whether it's learning to read music, playing in a rock band, finding the right instrument, or all of the above, this enjoyable guide will help you to finally start playing your favorite songs in many different styles.

Having, so far, been severely challenged when it comes to meeting girls, they decide to start a band. Ace discovers that he loves playing guitar and electric bass. While Denny tweets their every move and their clean-freak drummer, Pig, polishes everything in sight, Ace tries to write a song that will win at the next local teen songwriting contest. It's more difficult than he thought it would be. When Denny brings a great tune to rehearsal, Ace is devastated that Denny, who rarely practices, is a better songwriter than he is. The contest is only days away when Ace discovers that Denny stole the song, and Ace has to decide if winning is worth the lie. Also available in French.

DIAMONDS OF AFFECTION is a collection of short stories filled with a wild and eccentric cast of characters who are all, in some way, struggling to survive in the chaotic and disturbing world created by John David Wells. The reader will find a rock drummer, Todd Benjamin, who is schizophrenic, and thinks the images on MTV videos are originating from the Book of Revelation in the Bible; Donna Robinson, a former dancer on American Bandstand, who thinks she's a character in a song and when she's alone talks to Bob Dylan and Stevie Nicks; David Dickinson, a brilliant young man, who believes he is the "real Catcher in the Rye"; Byron, a wasted junkie, who

would leave town if only he had some shoes to wear, and three college students who take a drug-filled, hallucinating road trip to Florida, turning their Range Rover into an Ecstasy orgy with shocking results. These are just a few of the lost “beautiful losers” who inhabit the pages of Dr. Wells’ fascinating collection of stories. In the end, readers will find surprising emotional attachments to these flawed, but likable, characters who struggle to maintain their sanity and dignity in the face of an absurd and often unforgiving world.

Why are we capable of such dignified ascension of the average and expected? It's probably because we have never been either. Our English class has a unique chemistry that rivals that of the Curies. Settling disputes through Jenga wars and daring to decry influential literature, we demand nothing less than passion. Emotions run high when Jenga blocks waver, swaying with our expectations; every class member leans in with bated breath and often baiting words, transfixed to the point of enchantment. However, we have learned to transfer our frustration at the toppling Jenga tower into driving excitement in Socratic forums. This driving emotion force has fueled our late night reading and early morning classes. Emotion inspired dedication to the book you now grasp. It is the emotion of a class all its own, and this is ours.
