"For further reading": p. 54.

In the second edition of Reading with Meaning, Debbie Miller shares her new thinking about comprehension strategy instruction, the gradual release of responsibility instructional model, and planning for student engagement and independence. It has been ten years since the first edition, in which Debbie chronicled a year in her own classroom. Reading with Meaning, Second Edition supports that work and expands her vision of strategy instruction and intentional teaching and learning. Debbie believes that every child deserves at least a full year of growth during each classroom year and offers planning documents with matching assessments to ensure that no child falls through the cracks. The second edition also provides new book recommendations that will engage and delight students, and current picture books for reading aloud and strategy instruction. This new edition reflects Debbie's professional experiences and

judgment, her work in classrooms and collaboration with colleagues, and the current research in the field, showcasing her newest, best thinking.

This authoritative, easy-to-use guide will help educators plan and implement intervention lessons for struggling readers that align with the English Language Arts Common Core State Standards. All three authors run successful summer reading programs and supervise tutors who are becoming reading specialists. In this comprehensive resource, they offer hands-on guidance for designing interventions across all grade levels, provide sample tutoring plans and lessons, and describe procedures for teaching print skills, comprehension, vocabulary, fluency, and study skills. Including many user-friendly features, this book will help both new and experienced reading specialists ramp up instruction to assist all students in meeting the new standards. Book Features: A powerful set of field-tested tutoring activities for use with individual students and small groups.

Student Profiles that include a matrix that matches interventions to the CCSS. Sidebars with examples of how particular methods have been used with students of varying ability. Discussion Questions and Things to Think About at the end of each chapter. And much more! “If you are looking for a book that translates research and theory into practical and effective interventions for struggling readers please consider *The Complete Guide to Tutoring Struggling Readers*. The authors have done a masterful job of guiding teachers in developing reading interventions that are authentic, engaging, aligned to current standards as well as the instructional needs of students, and based on state-of-the-art knowledge of reading instruction.” —Timothy Rasinski, professor of Literacy Education, Kent State University “This book is the outgrowth of years of developing and fine tuning tutoring models that have helped thousands of students become capable and engaged readers. The authors share a deep understanding of research on literacy intervention along with a wealth of experience in translating this into effective, and reflective, practice. *The Complete Guide to Tutoring Struggling Readers* is a must for every educator who works with or designs programs for struggling readers.” —Camille Blachowicz, co-director, The Reading Leadership Institute, professor emeritus, National College of Education, National Louis University Peter J. Fisher is a professor of education at National College of Education of National Louis University (NLU). Ann Bates is a literacy educator who has been a classroom teacher, reading specialist, and assistant professor of Reading and Language at NLU. Debra J. Gurvitz directs the NLU Chicago campus off-site summer reading improvement program.

An essential guide for all primary trainees and teachers. The text addresses the specifics of teaching English in the early years and importantly places systematic synthetic phonics within the context of early English as a whole. It starts by examining the fundamental role of communication and language in laying the foundations for literacy development. It explores the importance of early sound discrimination, rhyme, alliteration, oral blending and oral segmentation, as well as the importance of developing children's visual discrimination skills.

The text critically examines the role of systematic synthetic phonics as an approach for teaching children to read, and its application in both reading and writing is fully covered. Other key chapters include literacy through the wider learning environment, supporting children with literacy difficulties and assessing English in the early years.

*Word Nerds* takes you inside classrooms at a high-poverty urban school and shows how two teachers implement creative, flexible vocabulary instruction that improves their students' word knowledge and confidence, enhances classroom community, and increases achievement.

Leslie Montgomery and Margot Holmes Smith weave vocabulary into each school day using multisensory instruction that includes music, art, literature, movement, games, drama, writing, test-taking skills, and technology. Along the way, they turn every student into a lover of language. With support from literacy specialist Brenda Overturf, Leslie and Margot have developed a five-part plan--introducing new words in context, adding related synonyms and antonyms, engaging students in several days of active learning, celebrating new words, and assessing vocabulary development--that teaches all students to learn and love vocabulary. This easy-to-read reference explains how to plan, teach, and assess based on the latest research in vocabulary instruction and learning. Forget copying definitions from the dictionary and completing boring worksheets! Word mastery comes from intimate knowledge of language. From prediction to practice to performance, students from all backgrounds can discover how to make words their own. After incorporating Leslie's and Margot's vocabulary plan into your daily instruction, you and your students can become word nerds, too! Students will enjoy studying the story elements of *The Cat in the Hat* through these engaging activities, students create products to share their understanding of the characters, plots, and settings of the book.

Through a close examination of the scriptural text this book is a defence of the integrity of Genesis 1-2. While the book is set specifically against evolutionary creationist treatments of these chapters as dis-harmonised and non-historical, it nevertheless serves to explain why any liberal biblical critical handling of the early chapters of Genesis is faulty.

Parents can play an immensely important role in supporting their children's literacy learning at home, but how can primary teachers enlist the support of parents in helping children learn literacy? With a focus on improving children's literacy skills, this book provides practical answers to key questions that are directly relevant to all primary teachers and to many parents. It presents new ways of linking learning in home and school through a range of activities that can be used to share knowledge between children, parents and teachers. Activities include: teachers and children making videos to show parents how children learn literacy in school parents and children taking photos of the 'everyday' literacy they use outside school parents and teachers exchanging information through Home-School folders and diaries. Particular attention is given to ways of working with parents from a diverse range of family backgrounds reflecting the multi-ethnic nature of many schools today. The practical activities can easily be fitted into the day-to-day activities of busy classrooms and can provide crucial new ways of improving children's learning of literacy skills.

Each of the four levels comprises about 80 hours of class work, with additional time for the self-study work. The Teacher's Book contains all the pages from the Classroom Book, with interleaved teaching notes including optional activities to cater for different abilities. There is a video to accompany the Beginner, Pre-intermediate and Intermediate levels. Each video contains eight stimulating and entertaining short programmes, as well as a booklet of photocopiable activities. Free test material is available in booklet and web format for Beginner and Pre-intermediate levels.
