Traditional Chinese edition of Becoming: A Guided Journal for Discovering Your Voice

Gary Burns thought he'd created a masterpiece. Instead, he'd created a prison for his friends—and himself. Gary Burns just wanted to create the greatest RPG campaign of his gaming career. But a freak magical accident sucks him into the very world he created—as himself. Surrounded by heroes who look and sound like his friends, Gary is forced to play out the story he wrote. Worthless in a fight, Gary must prove himself valuable even if it means feeding the team insider knowledge. Because he needs to keep his friends close—and himself alive—until he can solve the puzzle he never designed: how to get everyone back home. Metagamer Chronicles puts the RPG into LitRPG, taking the ever-growing GameLit genre back to its tabletop roots. If you miss the rattle of dice and gaming at a table with your friends, the Metagamer Chronicles are what you've been craving. Fans of Dungeons and Dragons and old TSR novels will love Metagamer Chronicles.

One Spring day, he sang to a flower ... and the flower sang back.- Rock superstar-composer DAN MERRIWEATHER is the world's first true megapsychic. And when he discovers the true extent of his extraordinary powers, and his out-of-body voyages reveal the existence of top-secret US and Russian installations for the development of psychic weapons more frightening than any nuclear or bacteriological hardware, he evolves an astounding plan to transform the world...

Superpsychic author Ingo swann has drawn on the incredible experience of his own scientifically documented paranormal powers for this nerve-tingling breakthrough novel that's just one small step ahead of the headlines.

After seeing Frank deliver an impressive ass kicking in a bar fight, Russian mobster Popov hires him to be his driver. What Popov doesn't know is that when Frank is sober, he's inhumanly fast, deadly, and mute; when Frank is on the sauce, he's a useless twenty-something wiseass. Double-crossed in a drug deal gone bad, Frank and Popov have one night to recover their stolen cash or get wiped off the map. Frank's special abilities put him in the spotlight, and he struggles to keep it all together as Calendar, a dangerous Latina model, and Janie, a burgeoning love interest, go along for the ride. Fast Bang Booze is a beat-the-clock thrill-ride that races through 1993 Los Angeles to a rollicking, deadly climax. Praise for FAST BANG BOOZE: "Lawrence puts you right in the middle of a dangerous world full of seedy characters, sex, drugs and non-stop action without ever losing his grip on his incredible attention to detail and humor. I couldn't put Fast Bang Booze down and I can't wait to pick up his next one." —Greg Garcia, creator of My Name is Earl,

Life was fine for Tom Good, called Good by almost everyone. He was actually getting paid to play

music, started the band Point Blank, and penned three hits that became forever lodged in his generation's collective memory. Then, for no apparent reason and to everyone's surprise, he walked away from it all. That was more than twenty years ago. Now Good has settled into a low-key life, writing and recording songs in his closet studio during the day and bartending in a San Diego music club at night. He feels so grounded and secure in his well-established routines with regard to his relationships, his clothes, his food, and his apartment, that minor alterations in these rituals can cause him to break out into a sweat. But the carefully crafted predictability of his life flies out the window the day Good learns that one of his old girlfriends is the single mother of a ten-year-old boy who looks just like him. Sara Lewis, who won readers over with her previous novels, including *Second Draft of My Life* and *The Answer Is Yes*, once again reveals the ironies of everyday life with her signature humor and poignancy. *The Best of Good* is an irresistible tale of coming-of-age at the mid-point in life.

The difference between a hero and a tyrant is charisma. Fresh off their defeat of the lich's army, Gary and his friends find themselves preparing for an even larger threat. While unlocking elder magic gave them the juice they needed to turn aside one foe, it unstoppered the bottle holding back an ancient evil. Gary knows what's coming because he wrote it. Now, with political responsibilities crushing him from one side and a demonic army looming on the other, Gary must balance the necessity of victory with the means to achieve it. After all, what good is saving a kingdom only to become the villain? Hero Time puts the RPG into LitRPG, taking the ever-growing GameLit genre back to its tabletop roots. If you miss the rattle of dice and gaming at a table with your friends, the Metagamer Chronicles are what you've been craving. Fans of Dungeons and Dragons and old TSR novels will love Hero Time.

year round. This beautiful mini calendar contains 16 months and 3 mini 2016, 2017, and 2018 year calendars. Trump Troubadour No More tells the story of one man’s journey from Trump apostle to adversary and serves as a cautionary tale from a supporter who feels betrayed by a candidate who didn’t live up to his word.

Back in '68 they made killer music...now their music is killing them. It’s been thirty years since Joe Portugal put his electric guitar away. Maybe that’s one reason he’s suffering a serious case of the mid-life doldrums. Then Joe stumbles upon a chance to put the band he was in as a teenager back together. And maybe his life too. All he has to do is find the lead guitarist, who hasn’t been seen since the 70s. But when he starts to look, it’s quickly clear that someone doesn’t want to see a reunion tour...someone who’s very handy with a gun. Praise for the Joe Portugal mysteries: “I love reading Nathan Walpow books...a solid, intelligent mystery...add Walpow’s marvelous sense of humor and you’ll see why he’s winning new fans ever day.” —Jan Burke, Edgar Award-winning author “Snappy Chandleresque dialogue.” —Los Angeles Times “Joe’s wry sense of humor will convert readers into loyal fans.” —Alfred Hitchcock’s Mystery Magazine “This guy is a hell of a writer.” —Lee Child, author of the Jack Reacher series Traditional Chinese edition of Brene Brown's The Gifts of Imperfection: Let Go of Who You Think Youre Supposed to Be and Embrace Who You Are.

Houses and homes prove complex and powerful concepts – if also often elusive – invoking places, persons, objects, emotions, values, attachments and fantasies. This book demonstrates how the relations between houses, work and the self have transformed dramatically and unpredictably under conditions of capitalism and modernity – and continue to change today.
