Handbook Of Biblical Chronology Principles Of Time Reckoning In The Ancient World And Problems Of Chronology In The Bible

This updated reference guide directs students to over five hundred significant theological resources across a wide area of theological research. It details bibliographic sources for encyclopedias, dictionaries, and electronic resources in biblical studies, historical studies, theology, and practical theology.

Gospel harmonies were inevitable. One of the first impulses of someone studying a teaching or an event in Jesus' life is to seek as many perspectives on that event as possible. Around AD 160 Tatian compiled a single narrative of the four Gospels, reducing the number of verses from 3,780 (four separate Gospels) to 2,769 verses without excluding any event or teaching from the life of Jesus. This Holman Christian Standard Harmony of the Gospels builds on a tradition of harmonization begun in the 19TH century by John A. Broadus and continued by his protege, A.T. Robertson. The HCSB Harmony contains the full text of the each of the four Gospels in the Holman Christian Standard Bible. The Harmony contains interpretive and clarifying notes by a number of scholars, some with differing views on the relationship between various Gospel accounts. Beyond the Harmony, this volume includes articles designed to address issues that arise when one compares the four Gospels and seeks to give an integrated account of the life and teachings of Jesus. The HCSB Harmony is unique in that it contains eight four-color maps that illuminate the life and ministry of Jesus. This resource will be valuable to pastors, lay Bible teachers, and will serve well as a primary textbook in college and seminary courses on the Gospels and on the Life and Teachings of Jesus. Book jacket.

The re-writing of the history of Israel, in the light of past failures and hopes for the future, by Deuteronomistic historians and prophets, is discussed in this series of studies. In this volume, the vitality of the Hebrew Scriptures is once again demonstrated.

For generations, scholars have attempted to solve the chronological problems associated with "the mysterious numbers of the Hebrew kings." In this volume, the authors provide a coherent, sensible, and believable chronology for the Israelite and Judean kings. In their reconstruction, Hayes and Hooker take into consideration not only all of the biblical data but also all relevant ancient Near Eastern sources. Utilizing all available and reliable evidence, they establish not only regnal years for all the rulers but also specific dates for numerous events in Israelite and Judean history. In their opening chapters, the authors explain the scheme of chronological reckoning found in the books of 1-2 Kings. Their calculations are then computed without recourse to shifting understandings of the methods of reckoning or to a theory of coregencies. The value of this work is not limited to purely chronological matters. Its implications extend to the dating of biblical sources such as the Book of the Covenant, D, P, and the Deuteronomistic History. The volume also provides insights into the socio-cultic life of biblical times.

The new edition retains the features of the first edition: a minimum of technical terms, solid introductory guidelines in exegetical method, and a valuable presentation of exgetical theory and practice. The new edition is even more ideal for general introductory courses in Old and New Testament, exegesis courses on specific books, homiletics and preaching courses, and course flocusing on historical topics.

Handbook of Biblical ChronologyPrinciples of Time Reckoning in the Ancient World and Problems of Chronology in the BibleHendrickson Pub

The Chronology of the Old Testamenthas one goal to accomplish: to demonstrate "that every chronological statement contained in the Sacred Writ is consistent with all other chronological statements contained therein." Author Floyd Nolen Jones carefully and thoroughly investigates that chronological and mathematical facts of the Old Testament, proving them to be accurate and reliable. This biblically sound, scholarly, and easy-to-understand book will enlighten and astound its readers with solutions and alternatives to many questions Bible scholars have had over the centuries. Features: Scriptural solutions to many biblical mathematical controversies Sir Robert Anderson's calculation error corrected The 483-year prophecy of Daniel 9:25 explained A scriptural formula which biblically synchronizes the kingdoms of Judah and Israel 48 charts, graphs, and diagrams included in text Fully indexed with complete bibliography Supports and updates James Ussher's Annals of the World With reliable explanatory text, detailed charts, and diagrams, this book provides a systematic framework of the chronology of the Bible from Genesis through the life of Christ. No Bible scholar should be without this indispensable reference tool.

Have you been skipping over references to time in the Bible because they seem too confusing? Professor Jack Finegan's "Handbook of Biblical Chronology "clarifies those ancient systems of time reckoning and the biblical passages that use them. Part 1, Principles of Chronology in the Ancient World, describes the origins of basic units of time and surveys the calendars used in the Ancient Near East through the Roman era. Part 2, Problems of Chronology in the Bible, discusses major periods of the Old Testament, as well as the lives of Jesus, John the Baptist, and the Apostles Peter and Paul.

A recipient of the Outstanding Reference Award from the Association of Jewish Librarians in its earlier edition, this updated edition of Judaica Reference Sources maintains its editorial excellence while revising and expanding coverage for the new century. Virtually every aspect of Jewish life, knowledge, history, culture, religion, and contemporary issues is covered in this annotated, bibliographic guide. A critical collection development tool for college, university, public school, and synagogue libraries, Judaica Reference Sources provides entries for over 1,000 reference works, as well as a selective list of related Web sites, in English, French, German, Yiddish, and Hebrew. Works published since 1970 are emphasized. Unique in providing expert guidance to Judaica material for the librarian, the layperson, the student, and the researcher, this reference guide is a versatile tool that will fulfill your every need for Judaica material.

Annually published since 1930, the International bibliography of Historical Sciences (IBOHS) is an international bibliography of the

Access Free Handbook Of Biblical Chronology Principles Of Time Reckoning In The Ancient World And Problems Of Chronology In The Bible

most important historical monographs and periodical articles published throughout the world, which deal with history from the earliest to the most recent times. The works are arranged systematically according to period, region or historical discipline, and within this classification alphabetically. The bibliography contains a geographical index and indexes of persons and authors. Fully annotated and completely updated—the most comprehensive guide to reference books in the field of history. * This guide includes 900+ complete entries for reference works and provides complete bibliographic information for over 400 other works * Descriptive annotations provide guidance to quality reference materials and offer a useful and time-saving alternative to research using the Internet * Topical chapters and detailed index help readers locate the materials they need for research and allow for effective searches of more obscure topics * The guide includes materials of interest for undergraduates, graduate students, academic researchers, and educated general readers

Dwight Hutchison's historical novel, MUL.BABBAR, The White Star Over Bethlehem, shows how non-Jewish Babylonian astronomers and others could have shifted from their traditional ideas to believing in the Jewish Messiah. Relatively discreet events involving the synodic cycle of MUL.BABBAR (Jupiter) in the late first-century BC probably left plenty of ancient astronomers scratching their heads. The royal celestial events were at the heart of Babylonian astronomical science (but not at the heart of their astrology).

This second volume of Gyllenbok's encyclopaedia of historical metrology comprises the first part of the compendium of measurement systems and currencies of all sovereign states of the modern World (A-I). Units of measurement are of vital importance in every civilization through history. Since the early ages, man has through necessity devised various measures to assist him in everyday life. They have enabled and continue to enable us to trade in commonly and equitably understood amounts, and to investigate, understand, and control the chemical, physical, and biological processes of the natural world. The encyclopeadia will be of use not only to historians of science and technology, but also to economic and social historians and should be in every major academic and national library as standard reference work on the topic.

Elegant and inventive, Surpassing Wonder uncovers how the ancient Hebrew scriptures, the Christian New Testament, and the Talmuds of the Rabbis are related and how, collectively, they make up the core of Western consciousness. Donald Harman Akenson provides an incisive critique of how religious scholars have distorted the holy books and argues that it was actually the inventor of the Hebrew scriptures who shaped our concept of narrative history—thereby founding Western culture. A collection of seventeen articles by colleagues and former students of Professor J. Maxwell Miller who taught at the Candler School of Theology, Emory University. The papers deal with the history, chronology, geography, archaeology and epigraphy of ancient Israel and its setting in the Levant, and range from broad methodological discussions of historiography to focused analyses of individual texts or historical issues. A review of Miller's career and a select bibliography of his publications are also included.

Christian theologian and educator Ray Summers (Baylor University) influenced the lives of more than one generation of students, many of whom are now teachers, ministers, and missionaries. This collection of essays in honor of Mr. Summers focuses on his many interests--which are also concerns of many people today--liberty of conscience, civil religion, warfare, the New Testament (especially the Gospels) and other topics.

2nd Edition An authoritative guide to accurately interpreting and applying God's Word In this second edition of Invitation to Biblical Interpretation, Andreas Kostenberger leads the reader step-by-step through the process of interpreting and applying God's Word. The primary principle is the hermeneutical triad, which consists of history, literature, and theology. Readers are equipped to explore the historical background of a biblical passage, analyze its literary genre and features, and derive its theological meaning in light of the biblical canon. Numerous examples are provided throughout to illustrate the concepts. A concluding chapter provides direction on practical application, preaching, and helpful tools for Bible study. Additional features include key words and definitions at the end of each chapter, study questions, and practical exercises for applying the material. An appendix lists numerous resources for Bible study, including recommended commentaries for every book of the Bible. The second edition updates these resources, as well as the sources cited throughout, and includes a revised chapter on the Old Testament canon. Instructors, students, pastors, and anyone who desires to interpret Scripture accurately will find this volume to be an indispensable addition to their library.

Published by Times Square Press, New York. www.timessquarepress.com This book will change forever your perception of and belief in God, the Bible and organized religions. The arguments, findings, and conclusions are solely based upon the Old Testament (Jewish Bible) and what God (Yahweh) said about himself in the Bible, word-for-word, and what he did to children, to the elderly, to women, and innocent helpless people and nations, according to the Bible (Old Testament) and the Torah, and how God Yahweh negatively influenced the nature, structure, and logic of the Holy Scriptures, the Torah, the Talmud, and the Mishnah; arguments and findings we are presenting to you without personal interpretation, and free from biased and subjective analyses. What you are about to read in this book is directly taken from the Bible (Old Testament) and word-for-word.

One objective of this book is to set forth the heart of God's Gospel. This volume is composed of a compilation of sermons and in-depth studies designed to strengthen and encourage Christians in their daily walk with God and with one another. Since the Cross of Christ is pivotal to a proper understanding of Christianity, numerous chapters in this book explore the "ins" and "outs" of the importance of the Cross in the lives of God's people. Not only does this book focus upon the scheme of God's redemption and evangelism as a part of every believer's ministry, it also calls attention to Christian apologetics, that is, a defense of Christianity. Three chapters are devoted to this kind of study: (1) Christianity versus Skepticism, (2) Credibility and Candor of the New Testament Writers, and (3) Paul's Conversion: Apologetic for Christianity. Also, this book allocates three chapters to the subject of baptism and its meaning to God's children. And, finally, four chapters are dedicated to a detailed study of worship within the Christian community. Dallas Burdette has been a serious student, teacher and preacher of the Bible for fifty-eight years, supporting himself for many years as an agent for AFLAC. He has written numerous articles for religious journals, as well as many essays and sermons which are available on his website (www.freedominchrist.net). He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word. He has degrees from Amridge University (formerly Southern Christian University) where he also was Director of Extended Learning for five years. He holds the Doctor of Ministry degree (1999) from Erskine Theological Seminary.

This collection of essays covers the four major periods of Israel's history and explores the theological, literary, historical, and archaeological dimensions of each era.

One objective of this book is to set forth an interest in the Book of Ephesians and the Book of Philippians. Ten studies are developed from Ephesians in order to explain predestination, election, and the richness of God's grace. Chapters 11 and 12 advance God's salvation with an emphasis in Chapter 11 concerning the role of women in sharing the message of redemption. Chapter 13 examines one's life before rebirth and life after rebirth. Chapter 14 looks carefully at arguments adopted to condemn instrumental music in the Christian assembly. The next seven chapters (15-21) investigate several statements from the Book of Philippians with accent upon God working in us to accomplish His outreach to the lost. Three chapters (22-24) look at the purpose of the church, church and ministry, and the identification of the church. Chapter 25 sets forth the biblical date for the Exodus as well as biblical chronology versus liberal chronology. The next chapter (26) looks at the prophetic ministry. Chapters 27 and 28 review the prophet Jonah with an emphasis upon his psychological setback in his first refusal to carry out God's command to go to Nineveh. Chapter 29 discusses God's admonition to Joshua. Chapters 30-32 scrutinize 1 Timothy 2:11-15, which in-depth study is an overview of the Pastoral Epistles. This study seeks an answer to Paul's negative declaration about the participation of women in the church at Ephesus. These particular women were involved in the telling of stories about their gods and goddesses as well as the practice of magic. They did not understand the true nature of Jesus. The next three chapters (33-35) analyze the identity of Jesus. And, finally, Chapter 36 is written from an apologetic viewpoint, which reading concentrates upon the "cell" to demonstrate that there is an Intelligent Designer.

By redefining narrative temporality in light of modern physics, this book advances a unique and innovative approach to the deep-seated temporalities within the Gospel of Johna "and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship.

This third edition of the Introductory Bibliography for the Study of Scripture builds on the two preceding editions Older, obsolete titles have benne eliminated, and newer relevant entries substituted, the twenty-four chapters of the book remain the same, but the contents of them have often changed. The book has been internationalized wherever possible and British publishers have been added to entries, when they could be ascertain. The aim of this revision remains what it has always been: to present a list of titles of reasonable length with which the student who is beginning the study of theology or of Scripture in a serious way might do well to familiarize himself or herself.

This is a substantially introduced and annotated first edition of a previously unknown Latin text, which throws light on the intellectual history of early medieval Europe.

This Guide to Biblical Chronology aims to explain why different chronological proposals exist for the reigns of kings of Israel and Judah and how the conflicting chronological data preserved in the Books of Kings have come into being. The first step is to reconstruct older chronological data so that synchronisms are in harmony with each other. Only then can the chronological data be related to extrabiblical documents; such a comparison reveals a good degree of correspondence. This means that the chronological records of the kings of Judah and Israel during the period between 930 and 586 BCE must have based on reliable annalistic records from royal archives. After the destruction of Samaria, synchronic chronological presentations of the history of Judah and Israel were composed and the Deuteronomistic editors used them. They drew their own conclusions from the source material and created a chronology of their own, which sometimes led to the contradictions we can detect in the present form of the Hebrew Bible. Another important result is that the 480-year period mentioned in 1 Kings 6 and the 300-year period in Judges 11 are also based on the pre-Deuteronomistic chronological tradition even though they are not based on archival material and are therefore unreliable figures. The Guide to Biblical Chronology also deals with postbiblical Jewish chronology, showing that there were in existence two different and competing chronological systems. One was based on Daniel 9.24-27 and followed by Josephus, and the other was first advanced by Demetrius the Chronographer in the late third century BCE and was then followed in the Damascus Document from Qumran and in Second Baruch.

This Encyclopedia brings together the vast array of historical research into the reality of the man, the teachings, the acts, and the events ascribed to him that have served as the foundational story of one of the world's central religions. This kind of historiography is not biography. The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion. Critical historical examination has provided a way for

Page 3/4

scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma, belief, and theological interpretation. In recent years, historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond. Entries will cover the classical studies that initiated the new historiography, the theoretical discussions about authenticating the historical record, the examination of sources that have led to the western understanding of Jesus' teachings and disseminated myth of the events concerning Jesus' birth and death. Subject areas include: the history of the historical study of the New Testament: major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions the history of the New Testament within the culture, politics, and law of the Roman Empire.

The figure of King Solomon is central to our understanding of the history of Israel and Judah. This volume of collected articles brings the reader up-to-date with the latest scholarship in the field. The work consists of twenty-four chapters and provides important studies in the historical approach to Solomon and to 10th century B.C.E. Judah and Israel with archaeological surveys of the neighboring regions, sociological surveys, and literary readings of the biblical texts. With suggestions for further research and indexes.

Was there a meaningful stellar sign over Bethlehem? What did it look like to someone looking up at the night sky? Did wise men really come from the East seeking Israel's Messiah sometime after the birth of Jesus? The biblical account of the wise men and the star that announced the coming of the Messiah of Israel has inspired and puzzled people for two millennia. Important aspects of Babylonian astronomy seem to be involved in understanding the star's appearing. But in addition, The Lion Led the Way also explores the men and events from a profoundly Jewish perspective. The traditional Jewish names of stars and planets, Jewish symbols, as well as Jewish dates, all seem to be keys to unlocking the mystery of the famous star. The star of Bethlehem was not the brightest of the heavenly lights, nor was it the most spectacular starry manifestation of all time. However, it was part of the most meaningful set of celestial events in human history. The God of Israel is surprising. His ways are not our ways; his thoughts are not our thoughts. The star gives us a concrete example of God's intervention in the universe. Book website: www.star-of-bethlehem.info Have you been skipping over references to time in the Bible because they seem too confusing? Professor Jack Finegan's updated and revised Handbook of Biblical Chronology clarifies ancient systems of time reckoning for serious Bible students.

Sometimes reading like a historical novel, or a forensics detective story, a melodrama, or a scientific adventure, Nativity takes the reader on a fast, awesome ride of discovery into the real history and real people behind the birth of Christ. Nativity is the ideal reference for pastors, students, and laymen, combining scholarly depth and reliability in a popular writing style easily accessible to all with references for independent study. New elements of meaning and relevance to the Nativity Scientific evidence virgin births occur as often as identical twins but Jesus was one of a kind The life and death drama behind Joseph and Mary rarely told The real events of Bethlehem and Nazareth Herod amazing genius whose architecture excelled Rome, and kept his murdered wife in a jar of honey! Was Jesus incarnated from the time of the Fall? Is the Christmas tree a pagan idol or a biblical image of the Tree of Life? While vigorously defending the traditional faith, Richard Racy gives new insights and new theological perspectives guaranteed to inform and provoke while entertaining in a major new work on the birth of Jesus Christ. A revealing and thought-provoking new book that truly tells us the Christmas story, which we have never heard before!

The Blackwell Companion to Paul presents a distinctive dual focus approach that encompasses both the historical Paul and the history of Paul's influence. In doing so, expert contributors successfully address the interests of students of early Christianity and those of Christian theology. Offers a complete overview of the life, writings and legacy of one of the key figures of Christianity The essays compass the major themes of Paul's life and work, as well as his impact through the centuries on theology, Church teaching, social beliefs, art, literature, and contemporary intellectual thought Edited by one of the leading figures in the field of Pauline Studies The contributors include a range of world-renowned academics Copyright: 75af607b8588860e10cfc486d3d8b41e
