The reality of pelvic pain is real and there are solutions to improving pelvic health. Mixing meditation, awareness, emotions, and sex is a new frontier to solving the mystery behind lack of desire. The author has been married to her reconstructive urologist husband, "The Penis Doctor" for almost 20 years. He has one of the busiest medical practices in town that has helped her to easily create a "Top 10 Type" list of the most prevalent urological problems for both men and women. As the Penis Doctor's wife, the author translates medical urological situations in a sensitive and humorous way.
