At twenty-three, William Simon Baekeland was well on his way to becoming the world's best traveled person. The "billionaire" heir to a great plastics fortune had already visited 163 countries, but his real passion was finding ways to visit the world's most challenging destinations—war torn cities, disputed territories, and remote or officially off-limits islands at the margins of the map. He earned rock-star status in the world of extreme travel by finding ingenious ways to bring the world's most widely traveled people to difficult-to-reach and forbidden places. But when his story began to unravel, an eccentric group of hyper-well-traveled country collectors were left wondering how they had allowed their obsession to blind them to the warning signs that William Baekeland wasn't who they thought he was. *Mad Travelers: A Tale of Wanderlust, Greed and the Quest to Reach the Ends of the Earth* delves deep inside the subculture of country collecting, taking readers to danger zones like Mogadishu and geographical oddities like Norway's nearly impossible-to-reach Bouvet Island. Along the way, this raucous tale of adventure and international intrigue illuminates the perils and pleasures of wanderlust while examining a fundamental question: why are some people compelled to travel, while others are content to stay home? *Mad Travelers* is a perceptive and at times hilarious account of how the pursuit of everywhere put the world's greatest travelers at the mercy of a brilliant young con man. Soon to be an HBO documentary.

Winner of the Pulitzer Prize and William Hill Sports Book of the Year: *Barbarian Days* is a deeply rendered self-portrait of a lifelong surfer looking for transcendence 'that recalls early James Salter' (Geoff Dyer, *Observer*) Surfing only looks like a sport. To devotees, it is something else entirely: a beautiful addiction, a mental and physical study, a passionate way of life. New Yorker writer William Finnegan first started surfing as a young boy in California and Hawaii. *Barbarian Days* is his immersive memoir of a life spent travelling the world chasing waves through the South Pacific, Australia, Asia, Africa and beyond. Finnegan describes the edgy yet enduring brotherhood forged among the swell of the surf; and recalling his own apprenticeship to the world's most famous and challenging waves, he considers the intense relationship formed between man, board and water. *Barbarian Days* is an old-school adventure story, a social history, an extraordinary exploration of one man's gradual mastering of an exacting and little-understood art. It is a memoir of dangerous obsession and enchantment. 'Reading this guy on the subject of waves and water is like reading Hemingway on bullfighting; William Burroughs on controlled substances; Updike on adultery. . . . a coming-of-age story, seen through the gloss resin coat of a surfboard' *Sports Illustrated*

A philosophical guidebook and collection of insights celebrating the joy of travel, chosen by eminent travel writer Paul Theroux

Featuring communist bunkers, burning gas craters and at least one sponge-rock fluorescent grotto built by Polish monks, this book reveals weird and wonderful sights the crowds don't reach. We've all heard of India's Taj Mahal, but what about Karna Mata Temple? It's a building teeming with rats so revered they enjoy A-list treatment with daily offerings of milk and fruit. It's no secret that visitors to Berlin can see parts of its infamous Wall still standing in the city. Not so many people know that segments of the wall have travelled all around the world and can be found in places including Los Angeles, Japan and Iceland. Stonehenge is one of the UK's most popular tourist sites. So why not beat the crowds and head to Nebraska instead, where you can marvel at a Carhenge - a replica of the great monolith site constructed entirely from vintage cars. This packed and fascinating title takes its readers on a journey through the world's lesser known marvels. Dive into an underworld of the planet's most surprising, fun, perplexing, kitsch and downright bizarre sights - and explore human stories and mysterious happenings that you won't find inside a regular guidebook. From eerie natural wonders to historical oddities and bizarre architecture, this is a travel companion for the incurably curious. About Lonely Planet: Since 1973, Lonely Planet has become the world's leading travel media company with guidebooks to every destination, an award-winning website, mobile and digital travel products, and a dedicated traveller community. Where can travel writing go in the twenty-first century? Author and lifelong travel writing aficionado Tim Hannigan sets out in search of this most venerable of genres, hunting down its legendary practitioners and confronting its greatest controversies. Is it ever okay for travel writers to make things up, and just where does the frontier between fact and fiction lie? What actually is travel writing, and is it just a genre dominated by posh white men? What of travel writing's queasy colonial connections? Travelling from Monaco to Eton, from wintry Scotland to sun-scorched Greek hillsides, Hannigan swills beer with the indomitable Dervla Murphy, sips tea with the doyen of British explorers, delves into the diaries of Wilfred Thesiger and Patrick Leigh Fermor, and gains unexpected insights from Colin Thubron, Samanth Subramanian, Kapka Kassabova, William Dalrymple and many others. But along the way he realises how much is at stake: can his own love of travel writing survive this journey? The Travel Writing Tribe tackles head on the fierce critical debates usually confined to strictly academic discussions of the genre. This highly original book compels readers and travellers of all kinds to think about travel writing in new ways.
