?????:The mysterious stranger

In the year 2432, humans think they are alone in the universe. They're wrong. Commander Noa Sato plans a peaceful leave on her home planet Luddeccea ... but winds up interrogated and imprisoned for her involvement in the Archangel Project. A project she knows nothing about. Professor James Sinclair wakes in the snow, not remembering the past twenty four hours, or knowing why he is being pursued. The only thing he knows is that he has to find Commander Sato, a woman he's never met. A military officer from the colonies and a civilian from Old Earth, they couldn't have less in common. But they have to work together to save the lives of millions—and their own. Every step of the way they are haunted by the final words of a secret transmission: The archangel is down.

Whether investigating a solution to global warming or explaining why the price of oral sex has fallen so drastically, Levitt and Dubner mix smart thinking and great storytelling to show how people respond to incentives.

First contact didn't go as planned... Time Gate 8, one of humanity's portals between the stars, has been overrun by a mysterious alien intelligence, and the planet Luddeccea is now cut off. Haunted by those she left behind, Commander Noa Sato is on a desperate mission to save her homeworld. Navigating the ancient Ark, she seeks a hidden gate that will transport her ship to Earth and the Galactic Fleet. But the Luddeccean system harbors dangers, and so does her crew. The only crew member she completely trusts is James Sinclair, but he doesn't trust himself. James isn't the man he once was. He has a hunger that is never sated, kills without regrets, and is fitted with extraordinary augments he doesn't remember getting. Can James control his augments, or will they control him? In a future where almost all humans are augmented, James's answer and Noa's mission will determine the fate of the human race ... and the enemy is already within the gates.
