A time to reflect on my seventy years of life. Maybe some folks will be interested in my life and the folks I have met, or maybe not. This is a non-traditional memoir, filled with alphabetical vignettes not chronological ones. I have made a foray into fiction with an asterisk: in those cases where I have marked the vignette as fictional, it might be 100 percent not true, but in many cases I knew of, was part of, or heard from others about the story itself. At any rate, the entire book is my recollection of things past, and as in all recollections, the more distant the memory the clearer the details.

A planet plagued with tumult from outsiders and divided by its own religious dichotomy could face extinction if their faiths are not united and an unholy artifact is destroyed. Safiro, the God of Death, and Sanguina, the Goddess of Life, created two heroes (Vytametas) -- mirror twins separated at birth yet destined to meet in a place where the future of their world will be decided by their powers. The only people who know not the ultimate purpose of the legendary Vytametas are the young heroes themselves. While the teenage Vytametas learn of their world and of their mission, they will be turned against each other by the two faiths they are meant to save: the demented Safiric Brotherhood and the shady Sanguinic Sisterhood.

This study explores how mainstream movies lend

themselves to the portrayal of imagery that reflects the earliest stages of human development. Filmmakers take full advantage of this rich, body-centered source of human experience. Avatar, Minority Report, and Annihilation, among the other movies explored in this book, incorporate patterns of images that (re)present pre-Oedipal (m)Others, FEMININITY, and the originary maternal authority. The book explores how mainstream movies increasingly expose mass audiences to signs and resonances from our prelingual intrauterine and extrauterine psychological experiences. In addition, it compares and contrasts how the prelingual experience as depicted in these movies relates to themes of inclusivity that encompass diverse film inquiry, including queer theory, as well as human/nonhuman animal kinship and hybridity. In sum, the text analyses how Hollywood movies depict and integrate the prelingual experience into the commercial cinematic apparatus and how this inspires new understanding of plurality, FEMININITY and originary maternal authority in culture and society.

This was one of the 6 science fiction stories published in the first issue (April 1926) of the first magazine devoted to science fiction, *Amazing Stories*, edited and published by Hugo Gernsback, now considered to be the father of the science fiction genre. He described this story in an inset panel: "In 'Alice in the Looking Glass', the beautiful play of fancy which gave immortal fame to a logician and mathematician, we read of the mysterious change in size of the heroine, the charming little Alice. It tells how she grew large and small according to what she ate. But here we have increase in size pushed to its utmost limit. Here we have treated the growth of a man to cosmic dimensions. And we are told of his strange sensation and are led up to a sudden startling and impressive conclusion, and are taken through the picture of his emotions and despair." of poems, Paul Fericano shines a bright searchlight on our addiction to pop culture, our fixation on celebrity worship, and our suspicion of religious ideas. Each poem is a small lens flipped to reveal an alternate universe into which the reader enters bravely with no exit sign in sight. Fericano's unique perspective is marked by a skill and talent that blends socio-political satire with suffering and sentiment. In the process, he manages to acknowledge our shenanigans and celebrate our humanity. Elizabeth Taylor, Jesus, and Joe DiMaggio join hands with Freud, The Three Stooges, and Ann Landers, as Burt Lancaster, Charles Bukowski, and Johnny Unitas break bread with Wallace Stevens, Dean Martin, and Dinah Shore. And as U2's Bono and Tyrone Power's Zorro haunt each other's dreams, the Marx Brothers discuss opera with Oprah. From the wickedly satirical "Sinatra, Sinatra" and its use of the crooner's name in vain, to the irreverent appeal of "The Actor's Creed," "The Halle Berry" and "Prayer of the Talking Head," Fericano's lampoons are equally deft. The book's empathetic "Howl of Lon Chaney, Jr." is not only a luminous parody of Allen Ginsberg's epic poem "Howl," but a stunning work that stands on its own merits. American/British poet and critic, Robert Peake, captured it best when he wrote: "Paul's poetry is a distinct turn of mind-able to sweep up humor, irony, and deep feeling in a winning trifecta. It

is precisely in the moment I am laughing in a Paul Ferricano poem that my guard is down. It is then when Paul slips in a modicum of pathos, reminding me of how complex it is to be human, how, as Virginia Woolf puts it in Mrs. Dalloway, 'dangerous it is to live even just one day.' These are poems that read like the messages in a bottle that might be written by the last sane man on Earth, when everyone else has gone mad."

Unlike most screenwriting guides that generally analyze several aspects of screenwriting, Constructing Dialogue is devoted to a more analytical treatment of certain individual scenes and how those scenes were constructed to be the most highly dramatic vis á vis their dialogue. In the art of screenwriting, one cannot separate how the scene is constructed from how the dialogue is written. They are completely interwoven. Each chapter deals with how a particular screenwriter approached dialogue relative to that particular scene's construction. From Citizen Kane to The Fisher King the storylines have changed, but the techniques used to construct scene and dialogue have fundamentally remained the same. The author maintains that there are four

optimum requirements that each scene needs in order to be successful: maintaining scenic integrity; advancing the storyline, developing character, and eliciting conflict and engaging emotionally.

Comparing the original script and viewing the final movie, the student is able to see what exactly was being accomplished to make both the scene and the dialogue work effectively.

And then there's her cute neighbor Simon, who thinks her new friends are just taking advantage of her. Will Ricki ever see her name in lights and make it big in Hollywood?
