Though pro-Christian slanted, this author brings  
many details and facts of history about various  
secret societies and cults to the forefront, and  
showing their connections and impact on the world  
and history.THIS book is an attempt to show, by  
means of actual investigations, of documentary  
evidence, and personal knowledge of the inner  
workings, that this present movement for World  
Revolution leading to World Domination is but an  
age-long and culminating, fanatical effort on the part  
of some Overshadowing Power working through  
many secret illuminised sects.

'My favourite way to learn is when a funny, clever, honest person is teaching me - that's why I love Rosie Wilby!' - Sara Pascoe In 2011, comedian and podcaster Rosie Wilby was dumped by email... though she did feel a little better about it after correcting her ex's spelling and punctuation. Obsessing about breakups ever since, she embarked on a quest to investigate, understand and conquer the psychology of heartbreak. This book is a love letter to her breakups, a celebration of what they have taught her peppered with anecdotes from illustrious friends and interviews with relationship therapists, scientists and sociologists about separating in the modern age of ghosting, breadcrumbing and conscious uncoupling. Mixing humour, memoir and science, she attempts to assimilate their advice and ideas in order to not break up with Girlfriend, her partner of nearly three years. Will this self-confessed serial monogamist, and breakup addict, finally settle down?

A multicolor edition of Vol.II of A Textbook of Electrical Technology to keep pace with the ever-increasing scope of essential and modern technical information, the syllabi are frequently revised. This often results in compressing established facts to accommodate recent information in the syllabi. Fields of power-electronics and industrial power-conditioners have grown considerably resulting in changed priority of topics related to electrical machines. Switched reluctance-motors tend to threaten the most popular squirrel-cage induction motors due to their increased ruggedness, better performance including controllability and equal ease with which they suit rotary as well as linear-motion-applications.

name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness.
