Never tell a shifter to choose between two mates. Newly matured shifter, Hannah Kagan has her sights set on saving a neighboring pack from a corrupt leader. All she has to do is convince Ethan Jager to mate her and take over the Tanner pack. But a chance encounter with a handsome stranger makes her question everything, including her love for Ethan. Noah lost his mate decades ago. His secret relationship with fellow pack mate, Ethan, soothed the sting of her loss. Hannah, however, can either heal him once and for all...or rip his heart in half. With his pack in shambles, Ethan struggles with the choice of mating Hannah and taking over as leader or huddling in the dark with Noah while his friends and neighbors suffer. Neither option fits his wants. That leaves him with one alternative: Claim both of his mates...and try not to die in the process. \_\_\_\_\_

From NY Times & USA TODAY bestselling author Mandy M. Roth Paranormal Shifter Military Special Ops Romance When loyalties are questioned and bonds forged, the Immortal Ops find themselves fighting a war to guard not only their secrets, but their lives as well. Missy Carter leads a rather boring, overworked life as a system analyst for

the State Department or rather, that's what she lets everyone believe. In reality her life is anything but boring. As a Shadow Agent with the Paranormal Security and Intelligence, she's seen and done it all. Intelligence is her specialty, assassination is her hobby. The only problem is that the things she spies on don't die easily. In fact, some of them were dead to begin with. She's learned to handle anything life can throw at her. That is until the biggest paramilitary pain her backside shows up again. Lucky for him, he's good looking. Roi Majors, wolf-shifter and second in command of the I-Ops, is having a hard time believing that Intel can only get half the information needed to bring down an underground ring of vampires with big-spending backers who are hell-bent on creating a race of supernaturals with multiple strands of DNA in them. When he finds himself paired with the one woman in the world who seems immune to his self-proclaimed charms, he can't wait to see her to safety and then bid her good riddance. He never counted on falling in love with her. And he sure in the hell never counted on her claiming to be an agent with a branch of the government no human should know about.
