individual by their own understanding and desire has made him loved by millions. Now, Andy Andrews brings his lessons and perspective into the important arena of government, citizenship, and what it means to completely uphold the truth. If the truth is what sets us free, what does it mean to live in a society where truth is absent? How do truth and lies in the past shape our destiny today? Through the lens of the Holocaust, best-selling author Andy Andrews examines the critical need for truth in our relationships, our communities, and our government. In this compact, nonpartisan book, Andrews urges readers to be “careful students” of the past, seeking accurate, factual accounts of events and decisions that illuminate choices we face now. By considering how the Nazi German regime was able to carry out over eleven million institutional killings between 1933 and 1945, Andrews advocates for an informed population that demands honesty and integrity from its leaders and from each other. The future of our country rests on the ability to separate the truth from lies, and Andrews compels each of us to examine our leaders’ claims with a critical eye. His question— how do you kill eleven million people?—is provocative, but his warning is clear: “Only a clear understanding of the answer to this question and the awareness of an involved populace can prevent history from continuing to repeat itself as it already has, time and again.”

The next arc of BRUBAKER and PHILLIPS' bestselling series is a blockbuster! Dylan is forced to confront the reality of his violent actions and his sanity...and nothing will ever

Traditional Chinese edition of The Kill Room by Jeffery Deaver. Investigating the assassination of a US citizen, the investigative team of Lincoln Rhyme and Amelia Sachs discover there is more at play, and their lives are also in grave danger. In Traditional Chinese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.

In Voting to Kill, author Jim Geraghty offers a comprehensive look at why recent elections have given the Republican Party its greatest political success since the 1920s. Despite a lot of talk about values, problems within the GOP, "red state culture," and the slow but vital progress in Iraq, the biggest difference between the two parties remains the subject of safety. As the Democrats continue to project an image of confusion and pacifism, even in the face of increasingly vicious terrorist activity in the Middle East, more Americans trust the GOP to be ruthless in killing terrorists. From "security moms" to neo-Jacksonian bloggers, people across the country are confronting the post-9/11 era with white-knuckle anger and relentless determination. Voting to Kill captures this zeitgeist, showing why terrorism was the defining issue in 2002 and 2004, and will be in 2006 and 2008, as Republicans rev up instinctively hawkish Americans to vote and campaign as if their lives depend on it.
