Self-Interest discusses the reconciliation of inevitable self-concern with its manifest potential for harm. This anthology brings together the efforts of twenty three renown philosophers to address the matter of how to bring about such a reconciliation. The drive for self-preservation, as observed by Aquinas, is the first law of nature. With this self-love, however, comes the threat of "the excessive love of self". Self-Interest brings into discussion the reconciliation of necessary self-concern with its manifest potential for harm. This anthology brings together the work of twenty-three important philosophers to address the question of how to bring about such a reconciliation. Contributors include: Democritus, Plato, Aristotle, Augustine of Hippo, Aquinas, Hobbes, Nicole, Mandeville, Butler, Hutcheson, Hume, Smith, Kant, Bentham, Mill, James, Nietzsche, Dewey, Rand, and Gauthier.

If You Call Yourself a Jew reads Romans as a dialogue between Paul and a Gentile proselyte to Judaism. This fresh reading brings Romans into focus as Paul's exposition of the revelation of God's righteousness--his faithfulness to his covenant promises to Abraham, which climaxed in the announcement that "in you all the tribes of the earth will be blessed" (Gen 12:3). Paul insists that the righteousness of God is revealed, "for the Jew first as well as for the Greek," not through Torah but through the faith(fullness) of Jesus. Torah and the prophets provide corroborating witness for God's righteousness, but Gentiles who bend their necks to Torah's yoke miss the actual mechanism for finding peace with God. Paul found in the story of Jesus the image of complete faith in/faithfulness to God; in Jesus' resurrection he found the image of God's complete faithfulness, "for the Jew first as well as for the Greek." Whereas Torah resulted in curse and death, it also anticipated the unconditional faithfulness of God for both Jew and Gentile. For Paul, the gospel of Jesus Christ is the account of the outworking of God's faithfulness: the end of Torah's curses and the fulfillment of its blessings.

Winner of the Working-Class Studies Association's "Jake Ryan and Charles Sackrey Award for a Book about the Working-Class Academic Experience" This collection by three generations of women from predominantly working-class backgrounds explores the production of the classed, gendered and racialized subject with powerful, engaging, funny and moving stories of transitions through family relationships, education, friendships and work. The developments that take place across a life in processes of 'becoming' are examined through the fifteen autoethnographies that form the core of the book, set within an elaboration of the social, educational and geo-political developments that constitute the backdrop to contributors' lives. Clever Girls discusses the status of personal experience as 'research data' and the memory work that goes into the making of autoethnography-as-poiesis. The collection illustrates the huge potential of autoethnography as research method, mode of inquiry and creative practice to illuminate the specificities and commonalities of experiences of growing up as 'clever girls' and to sound a 'call to action' against inequality and discrimination.

Letters to and from St. Thérèse of Lisieux from September 1890 (Novitiate period as a Carmelite Nun) to September 1897 (death). Translated from the critical edition by John Clarke, OCD. Includes 4 pages of facsimiles of Thérèse's letters, plus general and biblical index to both volumes. More Information This sequel to volume 1 contains all of Thérèse's letters from the end of September 1890 (during her novitiate) until her death in 1897, as well as many letters written to or about her. Here the mature Saint Thérèse shows the path of her growth as a religious and as a deep spiritual writer. The reader learns much about all of her correspondents, including her two "missionary brothers," and gains familiarity with the development of her thought and message. Fifty pages of complementary documents give us useful tools for studying the texts.

Drawing on a diverse array of published and archival sources, Nicholas L. Danforth synthesizes the political, cultural, diplomatic and intellectual history of mid-century Turkey to explore how Turkey first became a democracy and Western ally in the 1950s and why this is changing today.

In classical and medieval times, happiness was defined as 'well-being,' a notion that included moral goodness. Today happiness is most often defined as 'well-feeling,' and identified with subjective states such as satisfaction and peace of mind. Deal Hudson argues that the prevailing view is dangerous in politics as well as ethics, creating individuals with no other sense of obligation than finding personal satisfaction, regardless of the moral and spiritual cost to themselves and others. Hudson calls for a return to the classical tradition: no one should be called 'happy' who cannot also be called morally good. However, a contemporary version of happiness should also go beyond the classical notion by making room in the happy life for suffering and passion. Using the history of the idea of happiness as a backdrop to a critique of contemporary views, Hudson examines happiness from philosophical, religious, psychological, sociological, literary, and political points of view--for example, he shows how the tension between the two definitions of happiness is at the heart of the Declaration of Independence. The result is an excellent overview of the history of an idea as well as a compelling argument for moral and political change in our time.

Throughout written history and across the world, women have protested the restrictions of gender and the limitations placed on women's bodies and women's lives. People—of any and no gender—have protested and theorized, penned manifestos and written poetry and songs, testified and lobbied, gone on strike and fomented revolution, quietly demanded that there is an “I” and loudly proclaimed that there is a “we.” The Book of Feminism chronicles this history of defiance and tracks it around the world as it develops into a multivocal and unabashed force. Global in scope, The Book of Feminism shows the breadth of feminist protest and of feminist thinking, moving through the female poets of China's Tang Dynasty to accounts of indigenous women in the Caribbean resisting Columbus's expedition, British suffragists militating for the vote to the revolutionary petroleuses of the 1848 Paris Commune, the first century Trung sisters who fought

for the independence of Nam Viet to women in 1980s Botswana fighting for equal protection under the law, from the erotica of the 6th century and the 19th century to radical queer politics in the 20th and 21st. The Book of Feminism is a weapon, a force, a lyrical cry, and an ongoing threat to misogyny everywhere.

The modern nation-state of Turkey was established in 1923, but when and how did its citizens begin to identify themselves as Turks? Mustafa Kemal Atatürk, Turkey's founding president, is almost universally credited with creating a Turkish national identity through his revolutionary program to "secularize" the former heartland of the Ottoman Empire. Yet, despite Turkey's status as the lone secular state in the Muslim Middle East, religion remains a powerful force in Turkish society, and the country today is governed by a democratically elected political party with a distinctly religious (Islamist) orientation. In this history, Gavin D. Brockett takes a fresh look at the formation of Turkish national identity, focusing on the relationship between Islam and nationalism and the process through which a "religious national identity" emerged. Challenging the orthodoxy that Atatürk and the political elite imposed a sense of national identity from the top down, Brockett examines the social and political debates in provincial newspapers from around the country. He shows that the unprecedented expansion of print media in Turkey between 1945 and 1954, which followed the end of strict, single-party authoritarian government, created a forum in which ordinary people could inject popular religious identities into the new Turkish nationalism. Brockett makes a convincing case that it was this fruitful negotiation between secular nationalism and Islam—rather than the imposition of secularism alone—that created the modern Turkish national identity.

For over a century, the Danish thinker Søren Kierkegaard (1813-55) has been at the center of a number of important discussions, concerning not only philosophy and theology, but also, more recently, fields such as social thought, psychology, and contemporary aesthetics, especially literary theory. Despite his relatively short life, Kierkegaard was an extraordinarily prolific writer, as attested to by the 26-volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his "journals and notebooks." Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term "diaries." By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects--philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop, where we can see his entire universe of thought. We can witness the genesis of his published works, to be sure--but we can also see whole galaxies of concepts, new insights, and fragments, large and small, of partially (or almost entirely) completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Volume 7 of this 11-volume series includes six of Kierkegaard's important "NB" journals (Journals NB15 through NB20), covering the months from early January 1850 to mid-September of that year. By this time it had become clear that popular sovereignty, ushered in by the revolution of 1848 and ratified by the Danish constitution of 1849, had come to stay, and Kierkegaard now intensified his criticism of the notion that everything, even matters involving the human soul, could be decided by "balloting." He also continued to direct his barbs at the established Danish Church and its clergy (particularly Bishop J. P. Mynster and Professor H. L. Martensen), at the press, and at the attempt by modern philosophy to comprehend the incomprehensibility of faith. Kierkegaard's reading notes include entries on Augustine, the Stoics, German mystics, Luther, pietist authors, and Rousseau, while his autobiographical reflections circle around the question of which, if any, of several essays explaining his life and works he ought to publish. Perhaps unsurprisingly, Kierkegaard's more personal reflections return once again to his public feud with M. A. Goldschmidt and his broken engagement to Regine Olsen. Kierkegaard wrote his journals in a two-column format, one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages, and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced.

Examines how international context and domestic politics interact in producing state policies toward religious minorities in Turkey and France.

Presents Shakespeare's tragedy about King Lear and his attempts to divide his kingdom between his three daughters.

A keen analysis of the social, political and economic determinants of Turkish politics with an exploration of the different dimensions of the republican model of Turkish citizenship, providing the reader with a comprehensive account of Turkish modernity and democracy. At the beginning of a new millennium, Turkey finds itself at a critical juncture in its democratic evolution. This momentous event has been precipitated by its desire to enter into the European Union and the recent financial crisis it has faced, both of which have fuelled the need for the creation of a strong, democratic Turkey. Consisting of a collection of innovative and influential essays by leading scholars, this book gives the reader an historical and sociological understanding of Turkey and adds a new dimension to the ongoing discussion surrounding global citizenship and global identity.

Jane Pauley, "America's baby boomer" (Tom Brokaw) and the new anchor of CBS Sunday Morning, offers an inspirational guidebook "chockablock with keen insights for career transitions" (USA TODAY).

In 2014, every baby boomer will have reached the milestone age of fifty. For most, it's not an end, but the beginning of something new. Research has shown that people in their fifties are more vital now than they were only ten years ago. They're saying, "I'm game, I'm up for it, I want to do more." Jane Pauley, one of America's most beloved and trusted broadcast journalists, offers humor and insight about the journey forward. The New York Times bestseller *Your Life Calling* is a fresh look at ideas that have been simmering since boomers first entered midlife with a different perspective on the future than any generation before: that there was more to come—and perhaps the best of all. Jane is not an advice giver but a storyteller. Here she tells her own and introduces readers to the fascinating people she has featured on her award-winning Today show segment, "Life Reimagined Today." You'll meet Betsy McCarthy, who traded in her executive briefcase for knitting needles; Gid Pool, who launched a career as a stand-up comic; Richard Rittmaster, who joined the National Guard Chaplain Corps; Trudy Lundgren, who took her home on the road in an RV; Paulie Gee, who opened a successful pizzeria in Brooklyn; and many more. "Jane Pauley is a wonderful guide to all the different ways you can open new doors in life, many of which lead to unexpected places. She shows with humor and insight why the journey to reinvention can come from all kinds of places and produce all kinds of joys" (Michael J. Fox). *Your Life Calling* is delightful, compelling, and motivating for anyone asking "What am I going to do with my supersized life?"

Edith Stein comes alive through these warm, totally attentive letters. She joins a deeply sensitive heart with her keen intelligence, revealing herself to be a wise mentor and a caring friend available to anyone who approached her. Here we learn what was truly important to her: the total well-being of those who treasured her letters enough to preserve them even while suffering the havoc of war and oppression. This volume offers the first English translation of the majority of her surviving letters, with 4 photos and an index of

recipients.
