EARN SERIOUS TRADING PROFITS BY USING YOUR WHOLE BRAIN!

Legendary traders like Jesse Livermore, George Soros, Richard Dennis, and Steven Cohen use their full range of powers that encompass both instinct and analysis. That's how they made their fortunes—and that's how you can, too. In *Trading from Your Gut*, Curtis Faith, renowned trader and author of the global bestseller *Way of the Turtle*, reveals why human intuition is an amazingly powerful trading tool, capable of processing thousands of inputs almost instantaneously. Faith teaches you how to harness, sharpen, train, and trust your instincts and to trade smarter with your whole mind. Just as important, you'll learn when not to trust your gut—and how to complement your intuition with systematic analysis. You've got a left brain: analytical and rational. You've got a right brain: intuitive and holistic. Use them both to make better trades, and more money! "Whole Mind" trading: the best of discretionary and system approaches How winning traders use analysis and disciplined intuition together How to profit

from other traders' "Wrong Brain Thinking" Understand other traders, without acting like them How to provide a firm intellectual framework for your trades What successful traders have discovered about the market's structure and laws The unique value of intuition in swing trading Use your intuition to trade patterns that computer technology can't recognize

"Finally! A follow-up to the classics, Reminiscences of a Stock Operator and How I Made \$2,000,000 in the Stock Market ... "Summary from title cover.

Boards of directors are sitting ducks. Shareholders complain and even attack, management manipulates, and individual board members have little power, able to act only as part of the board as a whole. Governance issues are front and center, yet there is often little understanding, even among board members, of the key role that they play. Written in an accessible and human voice, *The Governance Revolution: What Every Board Member Needs to Know, NOW!* provides information and context essential to anyone seeking to understand how corporations and their stewards—the board of directors—can and should function in the volatile world we inhabit. Deborah Hicks Midanek offers useful insight into what board members of corporations actually do, the current standards for board members and why they exist. She includes a timely discussion of how clarity of purpose can improve board and director effectiveness. Informed by her long

experience serving public, private, and family owned corporate boards as well as those of charitable, and government organizations, she provides essential context regarding the evolution of board practice as well as candid discussion of the issues involved in the relentless effort to improve corporate governance processes. Focused mainly on the dominant public corporation, she also explores the special challenges of serving private and family owned as well as nonprofit and public agency boards. Written by a seasoned board member, and liberally laced with stories and cases illustrating the tricky issues directors wrestle with, this book is the essential common-sense companion for anyone working with a board, serving on a board, or wanting to do so. Directors, aspiring directors, investors, and students of corporate behavior will benefit from this highly readable description of the cloistered boardroom. Unknown to most modern-day investors and traders who cherish Reminiscences of a Stock Operator as one of the most important investment books ever written, the material first appeared in the 1920s as a series of articles and illustrations in the Saturday Evening Post. Now, for the first time ever, this beloved classic is being made available in its original, illustrated format. You'll track the exploits of Jesse Livermore as he won and lost tens of millions of dollars playing the stock and commodities markets during the early 1900s. At one point, he made the then astronomical sum of 10 million dollars in just one month of trading! Originally published as a fictionalized account, the Illustrated Edition combines the Saturday Evening Post's memorable illustrations with Edwin LeFevre's timeless investment advice, recreating the look, feel, and message that was first published more than 80 years ago. Among the most compelling and enduring pieces ever written on trading, the new Illustrated Edition brings this story to life like never before. Order your copy today.

"An excellent read." —Ace Greenberg, Chairman, Bear Stearns Richard Smitten's Jesse Livermore is the first full biography of the legendary trader profiled in the

reveals the workings of the commodities market, as practiced at the Chicago Board of Trade and the Chicago Mercantile Exchange

In praise of Charlie D. "Falloon's eloquent explication of the life of the legendary Charlie D delivers a good read while exposing that most under-publicized commodity of them all-a mega-trader with a low public profile whose superhuman trading abilities were exceeded by only one thing-the extended reach of his heart and soul." -Patrick H. Arbor Chairman, Chicago Board of Trade "Charlie D. is a tribute to the entrepreneurial spirit of Charlie D, whose legend still lives today on our trading floors. It also captures the essence of the men and women of Chicago who, working in a unique environment, through their trading provide economic benefits around the world." -Thomas R.

Donovan President and Chief Executive Officer Chicago Board of Trade "Charlie D was unique-a poker-faced, unemotional, swashbuckling trader every other trader seeks to emulate. At the same time, he was also a model of trading integrity and one of the most generous people I have ever known. Whether trading or gambling, vacationing with family or go lling with superstars, he did everything with a special flair and spirit. Charlie was truly larger than life." -Thomas DeMark Author of The New Science of Technical Analysis and New Market Timing Techniques "Falloon captures the essence of the Charlie D I knew and rekindles my memories of a larger-than-life individual-how he laughed in the face of cancer, his generosity, and his sense of humor." -Mike Manning Rand Financial Services, Inc. "Charlie D was the most dynamic trader I've ever seen in

my nineteen years in this business, and, beyond that, the best human being I've known." -Tom Fitzgerald TPF Trading

No doubt you've heard of the huge profits made by the Turtle Trading System. Created by Richard Dennis, after he cashed in for millions, the system is a collection of simple tactics and rules that, when combined, create magic. Dennis believed that anyone could trade this system for huge profits, even if they had never before traded. To prove his point, he recruited 24 traders, the original Turtle Traders, and taught them his secrets. The results: these two dozen traders have generated over one billion in profits. Now, Russell Sands, an original Turtle, hands you one of the most profitable mechanical systems of all time. Inside this course, you'll find the real Turtle rules including: - Step-by-step instructions to apply these tactics to your trading immediately, - How small traders can apply the techniques at least as well as big money managers--possibly even more profitably, - Exactly what position size you need to minimize risk and maximize reward, - Precise, specific entry points to target optimal profit zones, - Killer exits that prevent you from leaving money behind. The Turtle System has been proven for years--and has made mega-fortunes for its traders. Now you too can have the rules that generated that huge level of success. Russell hands you the secrets, and explains them in the most easy-to-understand terms so you can get this legendary system working for you.

Praise for The Magnet® Method of Investing "Rather than encouraging the scatter shot approach of broad diversification, Jordan focuses on the rifle-shot Magnet® method of identifying a limited number of quality stocks to improve your chances of beating the market." —Sam Stovall, Chief Investment Strategist, Standard & Poor's Equity Research

"Jordan Kimmel is one of the brightest market observers out there, and he is certainly a rising star that will be an important person to follow marketwise for many years."

—Michael Burke, Coeditor, Investors Intelligence, Inc. "Jordan Kimmel's The Magnet® Method of Investing is an amazing, detailed, and intuitive book. I especially enjoyed Jordan's insights into diversification, the inefficient market, and identifying stocks that are in their 'sweet spot.' Jordan's writing style is also very straightforward and refreshing. He succeeds in taking complicated subjects and explaining them in an insightful way. This is simply an incredible book that is a must-read for both beginning and serious investors." —Louis G. Navellier, Chairman and founder, Navellier &

Associates, Inc. "The Magnet® Method of Investing examines investing from a different perspective than many investors often see, offering a unique alternative to diversification. Jordan Kimmel has analyzed the methods of the best investors through time and introduces his robust stock selection process." —David M. Darst, CFA, Managing Director and Chief Investment Strategist, Morgan Stanley Global Wealth Management Group "We welcome Jordan's book as a valuable perspective on investing. The Wall Street Transcript applauds money managers like Jordan who explain their philosophies clearly, support them with research, and back them up with performance data. This is a great addition to any investing reading list." —Andrew Pickup, Publisher and CEO, The Wall Street Transcript "The Magnet® Method of Investing takes on the important issue of diversification, which has been oversold to Main Street. This is yet another example of the need to 'go against conventional thinking' if you want to achieve superior results." —Stan Weinstein, Editor and Publisher, Global Trend Alert

?Lescher & Lescher????

I love the structure of this book: Steve Burns points out huge differences between winners and losers in every area of the market. Each chapter takes up a pair of opposites, such as "New Traders try to prove they are right; Rich traders admit when they are wrong." Dozens of such pairs offer a psychological mirror to serious readers. -Alexander Elder [www.elder.com](http://www.elder.com) Here is a work that puts the reader in the mind of a fledging trader who makes all the mistakes then learns from them. Told in an instructive and entertaining narrative, the author takes the reader through the trading concepts with a clarity and ease of understanding. A must read for beginning and intermediate level traders. -Dr. Chris Kacher, co-founder of [www.SelfishInvesting.com](http://www.SelfishInvesting.com) and co-author of "How We Made 18,000% in the Stock Market" You have done a truly tremendous job with this book A breezy read with essential trading advice. I think this book could become a trading classic So many great rules are offered in this book, but I think my favorite might be Chapter 8's. It is SO true Just printing out the title of each chapter and putting it on your desk would greatly benefit every trader I know. Steve, you've done a great job -"Darrin Donnelly, [DarvasTrader.com](http://DarvasTrader.com)." Steve Burns has done a superb job with his new book "New Trader, Rich Trader" This is a must read for all levels of traders. Golden nuggets include important

Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time  
Paperback Common

concepts like "I always put capital preservation before capital appreciation." Steve tackles psychology, risk control, and what it takes to succeed in this business where so many fail. As Steve says "most new traders learn the hard way by losing money..." don't be one of them, do yourself a favor and buy this book, because not only is it a great investment, but the concepts in this book will save you plenty -Bennett McDowell, Founder, TradersCoach.com(r) Author: "A Trader's Money Management System: How to Ensure Profit and Avoid the Risk of Ruin" Steve Burnsdescribes three of the most critical aspects of trading with a "dialogue-style' book between a novice trader and an experienced successful trader. Psychology - making sure your mindset is correct and in the game with a solid, realistic, and objective plan. Risk Management - the key to it all and ones ability to understand andmanage all aspects of risk control. Methodology - making sure you fit a trading plan to your own unique style while understanding what prior successful traders did as well. The teacher/student lessons discussedshould be of valueto all traders. -John Boik, author of "How Legendary Traders Made Millions" and "Monster Stocks" Steve has crafted an easy-to-read tutorial on avoiding the most common mistakes made by new traders. Save yourself years of heartache and buy this book and do your homework. New Trader, Rich Trader should be mandatory reading for the novice investor.

severe drawdowns that can leave traders with net losses, even for those stocks that are eventual big winners. This succinct volume dispels some of the misconceptions about IPOs and should serve as a useful aid in navigating the treacherous waters of IPO trading and in formulating your own trading plan for these unique stocks." -Jack Schwager, Market Wizards, The New Market Wizards, Stock Market Wizards, Hedge Fund Market Wizards, The Little Book of Market Wizards, Market Sense and Nonsense, Schwager on Futures, Getting Started in Technical Analysis, Complete Guide to Mastering the Markets "As a career futures and forex trader, I have always been intrigued by growth stocks, but never developed the skill to identify the 10X or 20X winners. The Lifecycle Trade is the first book I have read that could help an equities trader gain that skill in a methodical and systematic way. Kudos to the authors for putting a bookend to the earlier works by Peter Lynch." -Peter Brandt, Diary of a Professional Commodity Trader, Trading Commodity Futures with Classical Chart Patterns "A fabulous read for anyone wanting to get an understanding of how to jump on a large, winning IPO and avoid getting ruined by Wall Street's pump-and-dump scheme, which can ruin the average investor." -Dan Zanger, Chartpattern.com, Momentum Masters "An important idea conveyed by Boboch, Donnelly, Krull, and Dail is that stocks follow a Lifecycle Pattern from IPO-infancy to maturation.

Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time  
Paperback, Common

Understanding where a stock is in its lifecycle provides important clues as to how to trade and invest." -Brett H. Steenbarger, Ph.D. Trading Psychology 2.0, The Daily Trading Coach, The Psychology of Trading, Enhancing Trader Performance, A Trader's Guide to Self-Discipline "After thirty years of managing money, this book has opened my eyes to new ideas and made me realize that there is always more to learn." -James Roppel, Founder and Managing Member, Roppel Capital Management "As a long-time growth stock advisor, I value research that is based in fact and proven through history to give you an edge. That's just what The Lifecycle Trade does. The team has performed exhaustive studies on how IPOs act after they come public, and they identify easy-to-understand patterns and guidelines to take advantage of that action. It's an eye-opener and sure to help any investor who wants in on new, exciting growth situations." -Mike Cintolo, Chief Analyst, Cabot Growth Investor and Cabot Top Ten Trader "The Lifecycle Trade is a great research tool for stock traders to add to their knowledge toolkit. One can always learn more about trading and the markets, and this book offers valuable guidelines. The selling points and rules are especially insightful since selling is usually the greatest challenge to the trader. I would suggest everyone read The Lifecycle Trade and expand their market research knowledge." -John Boik, Lessons From the Greatest Stock

Make your fortune with *Monster Stocks*! Know when to buy and when to sell for tremendous profit Understand how the pros identify and handle market leaders Learn from the great super-stocks of the past Break your bad stock investing habits for good! Gain valuable insight into selecting future monster stocks

The secret to Jesse Livermore's legendary trading success Although he began his career in 1892, Jesse Livermore is still considered to be one of the world's greatest traders. In life and in death, Livermore has always been a controversial figure and his methods held up as a model for traders of all generations. Through 45 years of trading and market observation, Jesse Livermore determined that stocks and stock markets move in a series of repetitive patterns. He then developed a series of unique tools, using secret formulas and equations that

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

allowed him to identify and interpret the movement in stocks with uncanny reliability. In *Trade Like Jesse Livermore*, author Richard Smitten explores the technical aspects of Livermore's trading approach and shows readers how they can use these techniques to garner the success Livermore once did. *Trade Like Jesse Livermore* covers every aspect of Livermore's trading methods, from discerning market behavior and trends such as top-down and tandem trading to paying close attention to indicators such as one-day reversals and spikes. With this book as their guide, readers can learn how to trade profitably without fear or greed. Richard Smitten (New Orleans, LA) is the author of numerous books including *Jesse Livermore: World's Greatest Stock Trader* (0-471-02326-4), *The Godmother*, *Capital Crimes*, and *Legal Tender*.

We all want to reach a certain wealth in the future with different purposes such as driving a good retirement life, being financial freedom or being prepared for unexpected situations, we try to make good decisions of our small savings. This is a summary combination of notes of the key factors that you will not find in the market that I have collected under the series of notes

A critical look at the risk measurement tool that has repeatedly hurt the financial world *The Number That Killed Us* finally tells the "greatest story never told": how a mysterious financial risk measurement model has ruled the world for the past two

Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time  
Paperback Common

decades and how it has repeatedly, and severely, caused market, economic, and social turmoil. This model was the key factor behind the unleashing of the cataclysmic credit crisis that erupted in 2007 and which the effects are still being felt around the world. *The Number That Killed Us* is the first and only book to thoroughly explain this hitherto-uncovered phenomenon, making it the key reference for truly understanding why the malaise took place. The very number financial institutions and regulators use to measure risk (Value at Risk/VaR) has masked it, allowing firms to leverage up their speculative bets to unimaginable levels. VaR sanctioned and allowed the monstrously geared toxic punts that sank Wall Street, and the world, during the latest crisis. We can confidently say that VaR was the culprit. In *The Number That Killed Us*, derivatives expert Pablo Triana takes you through the development of VaR and shows how its inevitable structural flaws allowed banks to take on even greater risks. The precise role of VaR in igniting the latest crisis is thoroughly covered, including in-depth analysis of how and why regulators, by falling in love with the tool, condemned us to chaos. Uncritically embraced worldwide for way too long, VaR is, in the face of such destruction, just starting to be examined as problematic, and in this book Triana (long an open critic of the tool's role in encouraging mayhem) uncovers exactly why it makes our financial world a more dangerous place. If we care for

Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time  
Paperback Common

our safety, we should let VaR go. Contains controversial analysis of the hotly debated risk metric Value at Risk (VaR) and its central role in the credit crisis. Denounces the role of regulators and academics in forcing the presence of the inevitably malfunctioning in financial land. Describes how bonus-hungry traders can use VaR as an alibi to take on the most reckless of bets. Reveals how the most recent financial crisis will simply repeat itself if the problems behind VaR are not unmasked. Pablo Triana is also the author of *Lecturing Birds on Flying*. The very risk measurement tool that was intended to contain risk allowed financial firms to blindly take on more. The model that was supposed to save us condemned us to misery. *The Number That Killed Us* reveals how this has happened and what needs to be done to correct the situation.

With new commentary and insights on the life and times of Jesse Livermore, *Reminiscences of a Stock Operator* is the fictionalized biography of perhaps the most famous financial speculator of all time—Jesse Livermore. This annotated edition bridges the gap between Edwin Lefevre's fictionalized account of Livermore's life and the actual, historical events, places, and people that populate the book. It also describes the variety of trading approaches Livermore used throughout his life and analyzes his psychological development as a trader and the lessons gained through hard experiences. Analyzes legendary trader Jesse

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

Livermore's strategies and explains how they can be used in today's markets  
Provides factual details regarding the actual companies Livermore traded in and the people who helped/hindered him along the way Explains the structure and mechanics of the Livermore-era markets, including the bucket shops and the commodity exchanges Includes more than 100 pages of new material  
Reminiscences of a Stock Operator has endured over 70 years because traders and investors continue to find lessons from Livermore's experiences that they can apply to their own trading. This annotated edition will continue the trend.  
This volume addresses the importance of the efficient operation of financial intermediaries with respect to the efficient functioning of the present and future financial systems.  
How top traders made huge profits during the most momentous market events of the past century Financial and commodity markets are characterized by periodic crashes and upside explosions. In retrospect, the reasons behind these abrupt movements often seem very clear, but generally few people understand what's happening at the time. Top traders and investors like George Soros or Jesse Livermore have stood apart from the crowd and capitalized on their unique insights to capture huge profits. Engaging and informative, The Greatest Trades of All Time chronicles how a select few traders anticipated market eruptions?from

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

the 1929 stock market crash to the 2008 subprime mortgage meltdown?and positioned themselves to excel while a majority of others failed. Along the way, author Vincent Veneziani describes the economic and financial forces that led to each market cataclysm and how these individuals perceived what was happening beforehand and why they decided to place big bets, often at great risk and in opposition to consensus opinion at the time. Traders discussed include George Soros, Jesse Livermore, Paul Tudor Jones, John Templeton, and John Paulson Provide contemporary traders and investors with insights on how great traders make great trades Offers insights on market forecasting, mass psychology, and the importance of personal conviction in trading At a time when many investors are looking to the past for answers to the future, this book brings important historical moments in the financial markets to life.

Welcome to the world of Martin "Buzzy" Schwartz, Champion Trader--the man whose nerves of steel and killer instinct in the canyons of Wall Street earned him the well-deserved name "Pit Bull." This is the true story of how Schwartz became the best of the best, of the people and places he discovered along the way and of the trader's tricks and techniques he used to make his millions. Writing with great verve and style, Schwartz makes us a part of the action as we follow his career from his first gut-wrenching day trading options on the American Stock Exchange to his enormous successes trading futures, his pursuit of secretive foreign money for his hedge fund, the night he spent trading bonds during the Gulf War (in that first tumultuous night, he made \$1.2 million by dawn), and the often painful yet valuable personal lessons he learned the hard way. It's a high-pressure, high-stakes world rarely seen by outsiders and rarely written about by its inhabitants. Here, fortunes are made and lost in moments, and nobody brings it to life better than Marty Schwartz, the man Barron's calls "the best there is." His stories are irresistible, and his candid accounts of his

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

smart moves and blunders alike are priceless. Appended to each chapter are fascinating "lessons" Schwartz has learned about the financial markets--where you'll learn about the attitude, style and strategies that make Schwartz a winner. For the real nuts and bolts, turn to the end of the book and plunge into "The Pit Bull's Guide to Successful Trading," a manual covering Schwartz' favorite trading methods, market analysis tools and indicators. Whether you want to play the markets yourself, are curious about how the buccaneer traders of Wall Street make (and lose) their money or simply want to be entertained by a rollicking good story, Pit Bull is a book you won't want to miss.

"We're going to raise traders just like they raise turtles in Singapore." So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. Way of the Turtle reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the "Turtles." Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time-the youngest Turtle by far-Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money-the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades-and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

Want to take the financial journey to a new investing philosophy that might very well affect the rest of your moneymaking life? No one can guarantee the yellow brick road, but Michael Covel promises the red pill will leave you wide freaking awake. Trend Following reveals the truth about a trading strategy that makes money in up, down and surprise markets. By applying straightforward and repeatable rules, anyone can learn to make money in the markets whether bull, bear, or black swan—by following the trend to the end when it bends. In this timely reboot of his bestselling classic, Michael Covel dives headfirst into trend following strategy to examine the risks, benefits, people, and systems. You'll hear from traders who have made millions by following trends, and

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

learn from their successes and mistakes—insights only here. You'll learn the trend philosophy, and how it has performed in booms, bubbles, panics and crashes. Using incontrovertible data and overwhelming supporting evidence, with a direct connection to the foundations of behavioral finance, Covell takes you inside the core principles of trend following and shows everyone, from brand new trader to professional, how alpha gets pulled from the market. Covell's newest edition has been revised and extended, with 7 brand new interviews and research proof from his one of kind network. This is trend following for today's generation. If you're looking to go beyond passive index funds and trusting the Fed, this cutting edge classic holds the keys to a weatherproof portfolio. Meet great trend followers learning their rules and philosophy of the game. Examine data to see how trend following excels when the you-know-what hits the fan. Understand trend trading, from behavioral economics to rules based decision-making to its lambasting of the efficient markets theory. Compare trend trading systems to do it yourself or invest with a trend fund. Trend following is not prediction, passive index investing, buy and hope or any form of fundamental analysis. It utilizes concrete rules, or heuristics, to profit from a behavioral perspective. Trend Following is clear-cut, straightforward and evidence-based and will secure your financial future in bull, bear and black swan markets. If you're finally ready to profit in the markets, Trend Following is the definitive treatise for a complex world in constant chaos.

Set in the mid-19th century, *The Ballroom* tells a beauty-and-the-beast love story of a

## Download Free How Legendary Traders Made Millions Profiting From The Investment Strategies Of The Greatest Stock Greatest Traders Of All Time Paperback Common

rich but tightfisted businessman and a poor, lovely ingénue. Vincent Van Doren is “a hard-headed, cussing, tobacco chewing man.” He quit school in the third grade because he was unable to take on his teacher who took pleasure in humiliating him. His father’s repeated foolishness kept the family poor and reduced the family’s name to a joke. Fortunately, Vincent was big and strong enough to put an end to whatever torture kids threw at him. Even at the age of 50 Van Doren still gets into fist fights, but his persistence has made him phenomenally wealthy, even if his crudeness still brings the disdain of old money New Yorkers. Along comes Belize, his nephew’s stunning French fiancé. Van Doren’s wife, Julia, saw the way Vincent’s eyes locked on Belize the first time he saw her. It was a momentary glimpse and when they formally met he was proper, but she knew her husband well. Belize’s troubled beginnings paralleled Van Doren’s. She fled to Paris at age 14 to escape her father’s mistreatment. Alone in Paris, she worked as a shop girl at Les Trois Quartiers. There she was smitten. Like other girls her age Belize longed not only to change into a person she was not and perhaps might never be. More to the point, she longed to possess and surround herself with what she would never own. Even at sixteen, after she had worked there for two years, her job wasn’t work. It was an affair with the items she sold. Van Doren is dazzled by Belize’s beauty and even more by her eye for beauty. He never considered that his life could be this rich. His ability to delight her, fulfilling her dreams, satisfies him more than anything he has ever done. His fortune and her passion produce

extraordinary results. She hangs a Rembrandt, a Corot, a Delacroix in the Clarkson Ballroom of his Boston Hotel. The Metropolitan Museum of Art later asked to borrow the tapestries they brought back from France. Their collaboration creates the magical place the ballroom remains to this day. “An atmospheric ... ode to the captivating power of beauty...The novella is ... rich in period detail ... The author’s ... prose is peppered with emotion and vivid imagery, along with deft dialogue that enhances the development of his major characters... Kirkus Review “Full of delicious moments. Didn’t want it to end.” SBS “A welcome visit to a time of aspiration eloquently written. Marci S.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
