Katniss is reunited with her family, but finds herself distant from Gale and Peeta. When it's time for their Victory Tour, Katniss and Peeta must once again put on a show for the citizens of Panem. During this tour, it becomes clear to both that their display in the arena ignited a rebellion against the Capitol. Katniss now must convince both President Snow and Panem that she is deeply in love with Peeta in order to prove her actions in the games were that of love and not of defiance. With the 75th anniversary of the Hunger Games looming, Katniss learns that her days in the arena are far from over.

The church is unsure of itself in the twenty-first century's media culture. Some Christians denounce digital media while others embrace the latest gadgets and apps as soon as they appear. Many of us are stumbling along amidst the tweets, status updates, podcasts, and blog posts, wondering if we have ventured into a realm beyond the scope of biblical wisdom. Though there is such a thing as "new media," Andrew Byers reminds us that the actual concept of media is ancient, theological, and even biblical. In fact, there is such a thing as the media of God. "TheoMedia" are means by which God communicates and reveals himself--creation, divine speech, inspired writings, the visual symbol of the cross, and more. Christians are actually called to media saturation. But the media that are to most prominently saturate our lives are the media of God. If God creates and uses media, then Scripture provides a theological logic by which we can create and use media in the digital age. This book is not an unqualified endorsement of the latest media products or a tirade against media technology. Instead, Byers calls us to rethink our understanding of media in terms of the media of God in the biblical story of redemption.

Emotional Ethics of The Hunger Games expands the 'ethical turn' in Film Studies by analysing emotions as a source of ethical knowledge in The Hunger Games films. It argues that emotions, incorporated in the thematic and aesthetic organization of these films, reflect a crisis in moral standards. As such they cultivate ethical attitudes towards such phenomena as totalitarianism, the culture of reality television, and the society of spectacle. The focus of the argument is on cinematic aesthetics, which expresses emotions in a way that highlights their ethical significance, running the gamut from fear through guilt and shame, to love, anger and contempt. The central claim of the book is that these emotions are symptomatic of some moral conflict, which renders The Hunger Games franchise a meaningful commentary on the affective practice of cinematic ethics. "The Hunger Games movies have become iconic symbols for resistance across the globe. Tarja Laine proposes that this is not caused by their status as exciting cinematic spectacles, but by their engaging our emotions. Laine uses The Hunger Games as key texts for understanding our world, demonstrating that ethics do not originate from rational considerations, far removed from those mucky things called emotions.

But rather that emotions are at the core of cinematic ethics.” —William Brown, Author of *Supercinema: Film-Philosophy for the Digital Age* “In this elegantly written exploration of the relationship between aesthetics and emotion in *The Hunger Games* trilogy, Tarja Laine illuminates the power of film to embody ethical conflict. Deftly interweaving film-philosophy and close analysis, Laine traces how these films mobilise complex emotions, nuancing our thinking about cinema and the spectator. Laine’s book takes *The Hunger Games* films seriously, demonstrating with verve why they matter.” —Catherine Wheatley, Senior Lecturer in Film Studies, King’s College London, UK “In this fresh, engaging, and insightful study of *The Hunger Games* film trilogy, Tarja Laine explores the crucial role that emotions play in appreciation of the ethical qualities of the movies. She forges productive dialogues between a range of film theory, scholarship on moral philosophy, and debates on ethics, as she performs a multi-layered investigation of the aesthetic qualities of the trilogy, the multiple emotions embodied in these qualities, and the philosophical-ethical insights that are in turn embedded in these emotions. The cinematic connection between emotions and ethics that emerges through Laine’s detailed textual analyses confronts us with complex moral dilemmas while enriching our aesthetic experience.” —Sarah Cooper, Professor, Film Studies Department, King's College London, UK

examination of the medium, *Environmental Ethics and Film* explores how historical ethical values can be re-imagined and re-constituted for more contemporary audiences.
