Selected as an Outstanding Academic Title by Choice Magazine, January 2010 Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In International Business, the authors challenge the principles of business in the context of trading blocs, protectionism, and restricted trade; the effects of international governing bodies like the WTO, the IMF and the World Bank; looking at this very big and interesting field with humour and insightfulness. Ideal for Undergraduate students in Business and Management, this text will also appeal to anyone interested in the fast-paced world of International Business.

With features and activities that encourage active learning and critical thinking, this book will improve skills across a range of areas. SL and HL are both covered entirely. This course book places the subject in a broader context, with features about famous figures in business and management, as well as a strong emphasis on Theory of Knowledge. International case studies are used to enhance the syllabus content and bring the real world consequences of business to light. Group and individual activities and a bank of examination-style questions are also included. New edition available now - ISBN 9780198390091

Accompanys: 9780198390091 .

Reinforce and improve your students mathematical skills for the compulsory quantitative questions with this write-in workbook, including actual questions from past papers. - Aid understanding of the syllabus requirements with questions presented in context of their topics, allowing students to better understand what the question is asking of them and what mathematical calculations they need to use. - Provide plenty of opportunities to practice quantitative skills, techniques, methods and questions with exam-style questions and past-paper exam questions. - Enable exam success with tips and useful examiner hints. - Answers available at the back of the book.

For the students and teachers of Business Management in IB Diploma, Guide To 7 Points would simplify the nuances of the highly dynamic task of Internal Assessment. Much of the intricacies that the Research Report and the Commentary involve will now be handy through a step-by-step approach, through the chapters. The students would get a head start for self-guided planning. The external intervention required in the research process will be reduced. The teachers would find it befitting to guide the students. When you've read this book, you will understand: ? How and where to start the Research Project/Commentary from ? The demands of the key Assessment Criteria ? How to ace every criterion-the easy way ? The Do's and Don'ts that matter to reach the highest mark bands ? The major recommendations from the IB IA moderators to follow

Completely updated, with a new approach to most comprehensively cover the new 2014 syllabus, this Online Course Book includes a focus on the new concept-based learning requirement. Every topic is covered in depth, plus full assessment support drives high achievement and TOK links aligns learning to the IB philosophy.

Developed using extensive lecturer and student feedback, International Business and Management acknowledges recent changes in course emphasis and presents an integrated treatment of international management problems. Combining a strong strategic focus with coverage of the functions that underpin global business, it delivers a fresh European perspective on international business, expressly written for post-introductory undergraduate courses and also for MBA students. All of the key areas of international business are covered within this managerial framework, including important topics rarely covered in older textbooks such as: SMEs and how they compete on a global level; ethics and social responsibility; and technology and how organizations use information to support global operations and deliver competitive advantage. Kelly also includes constructive and genuinely international examples, showing how SMEs through to MNCs have grappled with the operational and organizational challenges of international business. Eye-catching real-world case studies, market researched pedagogy, and a strong theoretical backbone ensure that Kelly: International Business and Management is at the forefront of European IB textbooks.
