The author describes the interdisciplinary, communication-centered field of media ecology, the study of media as environments, a field that encompasses the study of technology, symbol systems and aesthetic form, in addition to traditional conceptions of media and mediation. This book provides the first comprehensive overview of the field, followed by a case study concerning the relationship between modes of communication and constructions of the self.

A killer buys his freedom from those that could be corrupted. A lost man is out for revenge. The Judge and Jury had a price; they could be bought. However, for a devoted father and husband, a wound was cut deeper than all of time could have healed. He fractured and the years of his missing family sent him over the deep end.

Hilarious stories you'd never dream could emerge from the office of a superintendent of school! This book demonstrates that a good sense of humor is probably more important than possessing a PhD in dealing with the diversified spectrum of visitors who cross the superintendent's threshold on a daily basis – all with a problem that only he can solve! You've got to deal with them all – from the governor's office and the state superintendent of schools to the least affluent and unemployed. How you do this, and making them all feel "special" in the process - dictates your measure of success and tenure in office. Also, that little bit of humor you inject into the seemingly most serious of cases, especially to the persons involved, may go a long way in diffusing some volatile situations and putting them into a workable perspective which then become "win-win" for all concerned. This book also contains many valuable "gems" of wisdom in dealing with work related eventualities from some of the world's wisest minds - such as Dr. Norman Vincent Peale. Also some of America's top executives provide inspirational themes which illustrate how they became top level CEO's

Major Motion Picture based on Dark Alliance and starring Jeremy Renner, "Kill the Messenger," to be released in Fall 2014 In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled "Dark Alliance," revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras. Gary Webb pushed his investigation even further in his book, Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion. Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities. Webb's own stranger-than-fiction experience is also woven into the book. His excoriation by the media—not because of any wrongdoing on his part, but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story—had been all but predicted. Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job when, years before, he had stumbled onto the germ of the "Dark Alliance" story. And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb, he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight. He died in 2004.

The murder of a world-famous physicist raises fear that the Illuminati are operating again after centuries of silence, and religion professor Robert Langdon is called in to assist with the case. By the author of Digital Fortress. Reprint.

This Pulitzer Prize-winning play is now a major motion picture.

No ordinary memoir, this book aspires to be more than a mere exercise in narcissism. A street person in a zany California beach town at the end of the author's days provides the theme: planet Earth is the Galaxy Lunatic Training Asylum upon which each of us has been planted with one purpose, namely to rise from the stupidity and the darkness around us into the light, to regain in fact our sanity. Mama Earth is really tired of it all, the Lady opines, and recommends a journey inward. Taking a literary look back at his life, he sees she was right. In a series of poignant vignettes, it becomes clear that he and the whole country have been progressively descending into hopeless lunacy. Ah but theres more; there's an agend here. It seems its all been a macho ego trip---the whole of human history in fact---an unfortunate male mistake, a mere prelude to the new paradigm, the return of the goddess---meaning the spiritual androgyny that Jesus talks about in the Gospel of Thomas. We need to restore the balance between male and female. In a hilarious final chapter set in the aforementioned California city, it all comes together: Mama Earth, the Goddess Sophia and the Cosmic Lady, who is vindicated in an eschatological grand finale. She was right all along.

This book is about magic. It is about the persistence of faith, the tenacity of innocence. It is about doowap music and covered bridges and home made ice cream and New England cemeteries and the Bible and Elvis Presley and baseball and Allen Ginsberg and blues and rope swings and orgasms. It is about the dark, silent, ever-flowing river of enchantment and wonder. It is about life and nothing else.

Even the idyllic seaside town of Lobster Cove can't keep the horrors of Vietnam at bay for war-widowed Annie. When the young mother finds herself falling for a man with a secret, she must choose between giving her shattered heart another chance or getting back into her red Barracuda and hitting the road. Which will it be--love? Or the open highway? Steve doesn't believe he's worthy of a woman like Annie. He's been so busy hating himself for not being who he thinks he should be, he's lost sight of who he really is. But the times, they are a'changing...and one man's doubt might hide a true hero...

Tie Dye will take you back to the Sixties and all of the issues of that era. Our main character Julietta Bonaventura becomes friends with two young runaway lovers and must fight the hippie prejudices of the rural Midwest. This is the sequel to Jitterbug (which describes Julie as a child in the Fifties). Journey with us to the Summer of Love in San

Francisco and Grant Park in Chicago before the SDS riots during the Democratic National Convention at the Hilton on Michigan Avenue.

Six young friends tackle the evil palm oil baron who is burning down the forest to plant palm oil. With help from their parents, villagers, indigenous people and the creatures of the forest, they save the precious forest, and the Prime Minister places a preservation order on it. A first class story, it has all the elements children love: adventure, slapstick humor, camaraderie and, finally, sweet victory. A David and Goliath theme, it has strong ecological message, encouraging children to save and preserve the rainforests. "A book to curl up with."

A city girl finds love in a small Southern town in this "deliciously warm and feel-good" romance by the USA Today bestselling author (Publishers Weekly, starred review). After years of Chicago's hustle and bustle, Riley Brown is savoring her new life on Georgia's tranquil Sugarberry Island. With a dream job as a house stager and fantastic new friends in the Cupcake Club, she's got it all—or almost. While she's still healing from a bad breakup, Riley is starting to crave an eligible man. Then a gig staging a renovated beach house delivers a delicious treat: Quinn Brannigan, a six-foot, blue-eyed writer as delectable and Southern as pecan pie. Quinn is back in his hometown to finish his latest novel, and suddenly Riley has a taste for the bad boy author that no amount of mocha latte buttercream or lemon mousse will satisfy. "Hilarious from start to finish." –Affaire du Coeur Includes irresistible recipes!

A futuristic private eye finds himself taking on the cases of a teleported scientist with amnesia, an archaeological expedition taking on a greedy corporation out to destroy ancient Martian ruins that could hold the key to the mystery of the disappearance of the Martian race, and a group of gangsters with an old grudge out to even the score.

An analysis of JFK's assassination and its surrounding conspiracy theories draws on forensic evidence, key witness testimonies, and other sources to explain what really happened and why conspiracy theories have become so popularized.

When a particularly cute prank goes sideways, Shannon finds herself handcuffed to Fletch in an abandoned camp kitchen. He has every reason to be furious with her, and it's her job to diffuse him, not to fall suddenly in love with him. Likewise, Fletch shouldn't be interested in her or finding out what Shannon paints on walls when no one is looking.

BLEST BE THE TIE is the first volume of THE GOINS BRICOLAGE, a comic history of a visionary and his family, and the time and place in which they live. It is the story of Wilton Fox Goins, a highly competent and driven businessman of the first half of the 20th century who aspires to wealth, power and influence for himself, his family, his church and his beloved community of Aschburgh. A clear-eyed fellow, determined to get what he wants out of life, while at the same time doing God's will, Wilton's dreams and aspirations are all too often thwarted by the even greater artistic aspirations of his wife Marva, by the Great Depression and the triumph of his bete noire Franklin Delano Roosevelt, as well as by the grinding provincial realities of life in Tecumseh and Stonewall Counties in the great Hoosier State of Indiana.

At the end of Kennedy's tenure as the most important swing justice in recent Supreme Court history, Helen Knowles provides an updated edition of her highly regarded book on Justice Kennedy and his constitutional vision.

After her parents' deaths and the recession force her out of her home in 1873, Jenny Dousmann heads for the Wild West. She knows that if she can find her brother, Otto, a Civil War veteran, he'll take care of her. When they finally

reunite, Jenny is surprised to find that Otto has been working as a buffalo hunter and is struggling even to support himself. The number of hunters in the West has increased rapidly, and buffalo has become scarce. To make matters worse, the whites and the native Indians are constantly at war, putting everyone in the area in danger. Their first winter alone in the West is devastating: Jenny is raped by two US soldiers passing through the area, while Otto is crippled during a blizzard. They are discovered, near death, by a member of a nearby Cheyenne tribe. Two Shields is an Indian buffalo skinner, and he vows to keep them safe. To do so, Two Shields asks them to become members of his tribe. He promises to teach them how to hunt like his people and to live simply on the land. Jenny and Otto must decide if they should continue to depend on only each other or if they should put their lives in the hands of a man who is supposed to be their enemy. Skyhorse Publishing is proud to publish a broad range of books for readers interested in fiction that takes place in the old West. Westerns—books about outlaws, sheriffs, chiefs and warriors, cowboys and Indians—are a genre in which we publish regularly. Our list includes international bestselling authors like Zane Gray and Louis L'Amour, and many more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

"In February 1934, a financial emergency created by the Great Depression forced the suspension of self-government in Newfoundland. Britain guaranteed Newfoundland's debt and appointed a Commission of Government. Among the first members named to the new government was Sir John Hope Simpson, whose portfolio included responsibility for fishing, forestry, mining, and agriculture. This book is a selection from the many letters written from Newfoundland to family members in England by Sir John and Lady Hope Simpson (familiarily known as Quita). It recalls in vivid detail the terrible decade of the 1930s. The reader relives the era through the eyes of a couple who had a unique and informed perspective on events in Newfoundland and Labrador." "Sir John Hope Simpson was a man of wide international experience and exceptional administrative ability. His correspondence is candid and direct - that of an insider. Quita's letters reveal a perceptive and inquisitive nature and a pervading social concern. Both write about their progressive, even utopian, ideas. They travelled extensively in the country, met a wide range of people, and recorded their experiences in letters that capture the essence of the time." "Peter Neary's edition is based on the collection of Hope Simpson papers at Balliol College, Oxford. His selection from the Newfoundland correspondence is complemented in the book by maps and photographs. Neary's introduction lays the groundwork for an understanding of the letters and the milieu of the Hope Simpsons."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. "One of the most moving and suspenseful books I had read in years." —George Milton, Atlanta Examiner A suspense-

romance with mystery enough to hold any reader captive. The beautiful and loving woman Kannon is not the person she pretends to be, and doesn't even discover it herself until too late. Roan, the man who falls in love with her, is trapped by honor in a world where dishonor reigns. Paulette, the voo-doo woman, casts curses and weaves spells, mixing her powerful elixirs of evil. Kannon has a power of her own; tragedy touches everyone she meets. Buddy and Ruby Culver have spent eight years in misery, waiting for the evil to arrive. Nancy, Paulette's daughter, has spent her life in the shadow of the voo-doo woman and moves with unstable emotions toward Roan and his children. Paulette knows that: "Something wicked this way comes." When all converge, tragedies of Greek proportions begin occurring. The only catalyst is Roan, but the more he puts things in order, the greater the toll on his strength. Then...the man all thought was dead returns, bringing the final havoc. "A novel that rushes from, one shocking surprise to another." —Heath Powers, *The New York Establishment*

A woman teletransports to another dimension where her innate supernatural powers are ignited. She joins a secret society, with other supernatural beings, that are fighting off dominating forces from the world she came from. Have you ever wondered who those people are in your dreams that you do not know? THE TIE IS A LIE begins with the present day then flashes back and forth between the 1970s and the present. It takes place in Dreamtime and New Order Time, (N.O.T.), which are multi-dimensional worlds that exist simultaneously and are used interchangeably by those who can travel between the two; that co-exist in various places around the globe. An order was given in N.O.T. to destroy the environment and wild life motivated by a need for power to globalize and dictate the natural world including humans and immortals with special abilities. They are challenged by Awen, a secret society in Dreamtime, designed to eliminate powerful forces in N.O.T. and prevent them from colonizing Dreamtime. Vampires and shape-shifters, with extra special skills live with other humans and immortals in both worlds. Kino is an ancient Italian Vampire with advanced telekinetic powers and is a descendant from bloodlines of medicine men and Druid magic. He is honored yet feels cursed by his legacy to protect Dreamtime from the powerful forces that had taken parts of Dreamtime in the past and killed his mother

and father. Executed with his cunning, methodical and merciless tactics he reclaimed what was taken from Dreamtime before. Meghan is his heart's desire but he must let go of a promise he made in order to love her completely. Meghan has been traveling to Dreamtime in her dreams where her latent powers ignited and have since been refined; she can literally write or draw her self to anywhere and eventually adds shape-shifting to her repertoire and becomes a spy and huntress of wildlife poachers. A deluge into Kino's world threatens its existence and the very thing that keeps his power strong which is Meghan. He was forewarned that if love broke his heart, it would weaken his powers; although faith and free will could set him free and release a promise he can no longer keep. Will the powerful individuals within Awen along with Kino and Meghan's power and love together be enough to sustain their future?

Contains the transactions of various engineering societies.

For a weekly fee, she emails, messages and sends photos to desk-bound geeks around the world. Nothing dodgy, mind you, she keeps her clothes on! Mairi loves her job, because the last thing she wants is to be tied down to one man forever. Life is so much simpler when you can keep men at a distance. And that's why she's upset when her virtual boyfriends start turning up in town. Someone has hacked her online presence and given out her real life address. To make matters worse, they've told the world that she's looking for a husband and the first virtual boyfriend to romance her properly will win the role in real life. Mairi needs help to fend off the hordes. She needs help to hide and find

out who sold out her details. Fortunately, local mechanic and one time boyfriend, Keir McKenzie, is more than willing to help her—for a price. He too wants a chance to win Mairi's heart and tie her down forever.
