The best-selling book of its kind, discusses the communication, both written and oral, actually done by professional accountants. It uses real-world accounting situations and includes major sections on Communication Strategies, Business Documents, and Oral Communication. This book is written for the accountant who wants to sharpen their communication and critical thinking skills in order to be more effective in the workplace. For Accounting, Business Communication, and Technical Writing courses.

This book, in its four editions, pioneered the emphasis on revenues and earnings recognition and realization which has been the story of the accounting difficulties of the past decade. The author has insisted on rigorous understanding of fundamentals and underlying principles, as well as the dynamics of accounting finance and law which lead to the issues lawyers face in the modern service

economy today. Although the current popular interest in accounting fraud and planned changes in oversight give an impression of new issues, this work is further evidence of timeliness in well received teaching materials.

In balancing conceptual and procedural intermediate financial accounting material, the eighth edition of this text offers students a strong foundation on which to build an understanding of today's accounting information needs. With up-to-date content and redesigned pedagogy, this text will assist students in gaining a clear understanding of the topics key to success in both their careers as professional accountants and their goal of passing the CPA examination. Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June)
