good decisions when investing. · Understanding Investments · Investment Alternatives · Indirect Investing · Securities Markets · How Securities Are Traded · The Returns And Risks From Investing · Portfolio Theory · Portfolio Selection · Asset Pricing Models · Common Stock Valuation · Common Stocks: Analysis And Strategy · Market Efficiency · Economy/Market Analysis · Sector/Industry Analysis · Company Analysis · Technical Analysis · Bond Yields And Prices · Bonds: Analysis And Strategy · Options · Futures · Portfolio Management · Evaluation Of Investment Performance

This is a guide to making investment decisions. Updated and expanded, the second edition shows how to recognize profitable market opportunities, and how to avoid common investment errors. It covers the wide range of investment instruments available, emphasizing the workings of the securities and financial markets. In addition, indispensable sources of market information are described, both published and online. The text also outlines the major strategies for common stock selection - fundamental analysis, technical analysis, and the efficient markets approach - and makes clear the risk-return concepts which underlie all investment analyses.

In today's economy, it's critical for investors to have a strong understanding of the strategies needed to make the best decisions. Jones arms them with the most up-to-date information in the field while offering a proper balance between investment opportunities,

techniques and analytics. He includes new discussions on the rapid rise and interest in exchange-traded funds, the new NYSE-Euronext market, the merger of the NYSE and Amex, and more. Expanded coverage is also presented in behavioral finance and the bond markets. In addition, investors will benefit from the updated problems and questions that really make them think of the most effective moves before acting.

In an every-changing financial market, Charles Jones and Gerald Jenses' Investments remains one of the most readable and comprehensive investments texts. Students can count on the new 13th Edition for clarity, currency, and balance. An effective organizational structure and essentials approach, important analytical methods, and finance concepts are presented at a level that individuals of all investments backgrounds can master.

Revised edition of the author's Investments, 2013. In this thoroughly updated edition, readers will gain an appreciation of the factors involved in understanding what investment opportunities are, making decisions and recognizing where investment problems arise and how to deal with them. Details the variety of securities available, the markets in which they are traded, mechanics of securities training and insight into important concepts of risk and return. Examines analysis, valuation and management of stocks and bonds. Describes

The First Edition of Investments by Cleary and Jones was highly regarded as being student-friendly, accessible, and focused on the real-world of investments. The Second Edition continues this by adding more real-world material, strengthening its focus on the CFA, expanding the complexity of the problem material, and incorporating a new design. Investments by Cleary & Jones provides a balanced approach to the discipline - it provides all of the necessary theoretical coverage to complete the course while providing students with a strong sense of what actually happens "on the street." Students do not get lost in unnecessary and long theoretical discussions, and are easily able to see how concepts are used in the investments world.
