

It Was Always You

Raegan I was used to being the smartest person in a room, the nerd queen my boss looked to when things went wrong. And boy, did they go wrong. Super wrong. Enter Nico Daniels. Ex-military. Tall, built, smoking hot. He wears suits like they were poured onto his body. He has a mouth that would make Satan blush. And I thought my Nan was bossy? Nico makes her look tame. Girls like me want a guy as nerdy as them. Girls like me need a nerd on the streets and a beast in the sheets, but guys like that are practically impossible to find. They're rarer than the mythical unicorn, the legendary eight hours of sleep a night, or the fabled second orgasm. But a highly frustrated girl's only got so much restraint. So, maybe one night won't hurt? Or two. Nico and I are all sorts of wrong for each other. Sure, the guy makes me scream his name in absolute ecstasy. But the rest of the time I want to smash my keyboard over his cocky head. And that's really not conducive to a healthy relationship. If only the man who was a beast in the sheets was a nerd on the streets. If only we had something in common. I need a little nerd in my man and Nico Daniels is anything but nerd. Isn't he? Nico I hated roleplay. I was bad at it. So, what's my new job? Play the jarhead security guard to some pixie who's got herself into a world of trouble with some shady online shit. The big boss likes his security to look the part. My boss likes to keep him happy. So, it's Converse and nerdy t-shirts off, and tailored suits on and contacts in. Because the tech guy isn't quite so scary. Raegan Lane wasn't just in a world of trouble, she was in danger of troubling my strict, orderly world. The guy who's lived behind computers hasn't needed game in a long time, but this little nerd makes me want more than just a couple of games nights. She makes me want everything. But I've hidden from the world for so long, I've forgotten how to human. Every time I think I've worked out how to open up to her, all my walls slam back into place. My nerd side has never been what's got ladies into bed – I've picked up a thing or two from my team mates. But that's the side this nerd queen would love, if only I'd let her know it. She's the code that could crack all my firewalls, but I'm not sure I know how to be the real me and be a guy someone could love. To keep her, I'm gonna need to let my nerd light shine bright.

The first time Aubrey met Eric, he spilled his drink on her favorite dress. The second time, she was scowling at him across the room as her sister celebrated her engagement to his brother. Now he's in her life to stay and she's stuck asking herself what she did to deserve this punishment. She can no longer avoid his smirk or ignore the way her body reacts when he walks into a room. With each laugh, joke, and caress, it's getting harder to convince herself that it all means nothing. But the alternative is acknowledging that he's starting to make her feel everything she promised herself she never would. Having already seen what letting someone in leads to, she's sworn to always protect her heart. Only now, she can't help wondering if it might be safest with the person she thought she hated most.

A not-so-merry widow... The widowed Marchioness of Folkestone is notorious for her parties, her art collection, and her utter disregard for the rules. But Ellie Claiborne knows her destruction is near. The new marquess is her first lover -- the man whose sculpted body and sardonic grin haunt her every time she picks up her paintbrush. If he ever returns to claim his inheritance, her heart won't survive seeing him again. A man determined to destroy her... Nicholas Claiborne hasn't stepped foot in England since watching Ellie marry his cousin. He has no use for the gorgeous, heartless girl who betrayed him, or the title she abandoned him for. But when his business in India turns deadly, Nick must return to London to uncover a murderer -- and take revenge on the woman he couldn't force himself to forget. A love they can't escape... Nick hates Ellie's transformation from sweet debutante to jaded seductress. Ellie despises him for leaving her behind. Still, the sparks between them reignite the passion that should have been their destiny. As their demands of each other turn darker and a potential killer closes in, they must decide whether to guard the fragile remnants of their hearts -- or find a way to fall in love all over again.

A drama club geek and a consummate jock—hardly a formula for friendship. Yet Caleb Richards and Kevin O'Brien have been best friends since high school. Kevin's free spirited ways brought Caleb out of his shell, and Caleb introduced Kevin to a world outside of sports. When Kevin came out to Caleb as gay, all the things he'd thought were wrong about himself suddenly seemed right...except for his inability to say the four words that could open the door to his ultimate happiness: I love you, Kevin. Years later, when Caleb finally faced his fear and plans to finally tell Kevin, "It was always you," he's a bit too late: Kevin tells him he's found someone. How will a friendship ever become more now? Publisher's note: It Was Always You was originally published in the Friends to Lovers anthology/

Leah I didn't belong in their world, but I made a good show of pretending I did. Mother and Father expected it. All I wanted to do was get a cosy cottage in the suburbs and live with my million cats. What I got instead was suitor after suitor paraded in front of me and the threat of a looming engagement. So, what else was a girl to do? After bumping into Mrs Fortescue's 'companion' one too many times, I decided he'd do. Mother and Father wanted an engagement? They'd get one. Except I'd be the one having the last laugh because Patrick is the total opposite of what my parents want in a son-in-law – his nickname is Hawk for goodness' sake – and I have no obligations to him in any department. But of course, the best laid plans make fools of us all and it's not long before I want him to hold me accountable only to him in EVERY department. There's just the small problem of him being completely unsuitable and without any inclination to settle down. If there's one thing I know about men, it's that it takes a remarkable woman to tame them. I know I'm a remarkable woman. I only hope it's not too late for this lady to tame her hawk. Patrick If there's one thing that makes a guy reconsider his womanising ways, it's seeing his best mate and his little sister settle down. If there's another, it's a gorgeous woman in a stunning red dress. But she's a part of a world I can only pretend to fit into and she's a damned lady – elegant and sophisticated – and she's totally off-limits to a grunt like me. Every time we meet, there's a look in her eyes that suggests she's far less sophisticated than she'd have me believe. And it's not long before this hawk is close to begging to relinquish his freedom, even just for one night. So, how could I say no when she needed my help? I was expertly qualified to serve, and if I got to be myself for once that was just icing. But the more time I spend with her, the more I want to be around her. The more it feels less like a job and more like something real. There's just the small problem of her being an heiress with obligations that don't include me and the job will only last so long. I don't know a lot about ladies, despite my remarkable ability to play a part. All I know is there's always more underneath the mask, and there's only one lady who can tame this hawk.

We know what pain, rejection, anger, bitterness, and loneliness look and feel like. We know how those emotions intensify when it is from our own family members, those that are supposed to love and take care of us but are not always successful at it. I wanted to feel what others had, to read it, and to experience it just a little. As others shared what their mom relationships were like, that pain was deeper than I realized before. I no longer wanted to live through your experiences; instead, I wanted to let you know I get it a little. Through some real honest moments came some really raw memories and painful truths, not just my own but yours as well. I found myself weeping and praying for all of you that shared your stories with me. I know I needed to go on a journey with God as my guide to find my "missing mom pieces"

so I could heal and pass that on to you. So I pray you take this journey as you figure out what your missing mom pieces are so you may feel peace in the pain, strength in the sorrow, and healing in the days to come. Are you ready?

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Beck is 40 years of American music all rolled into one small frame. This biography follows his career from Los Angeles busker, to his first ever single, Loser, to his status today as a musician considered by many to be extremely innovative. It also closely examines the man behind the music.

This book brings together scholars working in the field of mathematics education to examine the ways in which learners form particular relationships with mathematics in the context of formal schooling. While demand for the mathematically literate citizen increases, many learners continue to reject mathematics and experience it as excluding and exclusive, even when they succeed at it. In exploring this phenomenon, this volume focuses on learners' developing sense of self and their understanding of the part played by mathematics in it. It recognizes the part played by emotional responses, the functioning of classroom communities of practice, and by discourses of mathematics education in this process. It thus blends perspectives from psychoanalysis, socio-cultural theory and discursive approaches in a focus on the classic issues of selection and assessment, pedagogy, curriculum, choice, and teacher development.
