Finally, Jackson Donne has it figured out. After leaving the private investigation business, he's looking toward the future — and getting married to Kate Ellison. Donne is focused on living the good life — planning the wedding, a big Hawaiian honeymoon — until he receives an anonymous email with a link and an old picture of him on the police force. Once Donne clicks the link, nothing else in his life matters. Donne sees a live-stream of the one thing he never expected. Six years ago, his fiancée, Jeanne Baker died in a car accident with a drunk driver. Or so Donne thought. He's taken to a video of Jeanne bound to a chair, bruised and screaming, but very much alive. Donne starts to investigate, but quickly finds he's lost most of his contacts over the years. The police hold a grudge going back to the days when he turned in his corrupt colleagues, and neither they nor the FBI are willing to believe a dead girl's been kidnapped. Donne turns to former NARCO department partner Bill Martin — the only man to love Jeanne as much as he did — for help. And that decision could cost him everything.

Exploding off the page with over 1,000 of the best examples of exploitation, grindhouse, and pulp film poster design comes The Art of the B Movie Poster, a collection of incredible posters from low-budget films from the 1940s, 50s, 60s, and 70s. Once relegated to the underground and midnight movie circuit, these films and their bombastic advertisements are experiencing a surge of mainstream popularity driven by

fans appreciative of the artistic skill, distinctive aesthetic, and unabashed sensationalism they relied on to make a profit, with the quality of the poster often far surpassing that of the film itself. The book celebrates this tradition with sections divided into "moral panic" films, action, horror, sci-fi, and of course, sex, each introduced with short essays by genre experts such as Kim Newman, Eric Schaffer, Simon Sheridan, Vern, and author Stephen Jones, winner of the Horror Writer's Association 2015 Bram Stoker Award for Non-Fiction. Edited by Adam Newell and featuring an introduction by author and filmmaker Pete Tombs, *The Art of the B Movie Poster* is a loving tribute to the artwork and artists that brought biker gangs, jungle girls, James Bond rip-offs and reefer heads to life for audiences around the world.

Marta Cheng, *Self-Publishing Review*, 1/2 People die, but legends live on. New York antiquities appraiser Annalisse Drury recently lost her best friend to murder. Weeks later, Annalisse sees a matching necklace at a Manhattan gallery opening. She begs the owner to destroy the cursed piece, but her pleas fall on deaf ears—despite the unnatural death that occurs during the opening. Wealthy and devastatingly handsome, with a string of bereft women in his wake, Greek playboy Alec Zavos dismisses Annalisse's concerns—until his parents are ripped from the Zavos family yacht during their ocean voyage near Crete. Judyth Vary was once a promising science student who dreamed of finding a cure for cancer; this exposé is her account of how she strayed from a path of mainstream scholarship at the University of Florida to a life of espionage in New Orleans with Lee Harvey Oswald. In her narrative she offers extensive documentation on how she came to be a cancer expert at such a young age, the personalities who urged her to relocate to New Orleans, and what led to her involvement in the development of a biological

weapon that Oswald was to smuggle into Cuba to eliminate Fidel Castro. Details on what she knew of Kennedy's impending assassination, her conversations with Oswald as late as two days before the killing, and her belief that Oswald was a deep-cover intelligence agent who was framed for an assassination he was actually trying to prevent, are also revealed.

Chronicles all the behind-the-scenes stories of every song and score written for the James Bond films and draws from new interviews with many of the songwriters and composers.

"This study reveals how the James Bond universe creates different poles of attention (narrative authority) by fusing different narrative domains (semiotic codes) that work in harmony to compose an entire narrative universe that goes beyond a mere spy adventure to become a genre in itself as well as a cultural reference"--Provided by publisher.
