Joan Procter Dragon Doctor The Woman Who Loved Reptiles

These creatures might not be the first image that comes to mind when one hears the word "monster," but a Gila monster's bite can be deadly to its prey. While this reptile moves slowly, it is able to protect itself from predators in a fascinating way. Accessible text conveys important aspects of elementary science curricula while eye-catching photographs keep readers of many ages and levels engaged. Curious and developing readers will be thrilled to recite the many fun facts they learn from this volume.

One Tuesday evening, frogs rise on their pads, float through the air, and explore nearby houses while their inhabitants sleep. An almost wordless book.

Traditional Chinese edition of The Night Diary

Parents and teachers know that reading aloud to children is important, and many parents of young children read aloud to them daily. However, when children start to read on their own, parents often stop reading aloud. But, the early elementary school years, when children are learning how to read on their own, is a perfect time to build vocabulary and comprehension skills through read aloud and Active Reading. Raising an Active Reader makes clear the process of learning to read, how Active Reading fits into raising strong readers, and the behaviors that adults can do to encourage strong language, comprehension, and vocabulary in children in grades K-3. This book extends on the ABCs of Active Reading (Ask Questions, Build Vocabulary, and make Connections) as they apply to older children and picture books, chapter books, and novels. Raising an Active Reader provides parents and teachers with the knowledge and skills to engage elementary school-aged
