Looking for a preview? "We know by now that you have to
work to get a girl to orgasm, and I mean a genuine orgasm.
The sad truth is that most women end up faking an orgasm to
avoid the awkward tension when her male knows he hasn't
got her there. But not anymore. You now finally understand
that the female orgasm is about more than just the physical
act and you now know pretty much all you're going to need to
get to that wonderful place." "I want you to remember exactly
that. The orgasm isn't purely physical; the emotional and
psychological elements are still so, so important. It's possible
for a person to orgasm without even being touched. It's hard,
sure, but it is certainly possible. I just need to demonstrate to
you the significance of the mind here. It's a key part of getting
a female to her ultimate climax. Think about tantric sex. Now,
you might not know a lot about tantric sex, but the idea is that
sex is considered virtually spiritual in nature - it's linked to a

higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as they engage in intimacy. It covers the three aims of life, virtue (dharma), prosperity (artha), and love (kama). The Kama Sutra is a philosophical work that discusses sexuality and its cultivation openly and honestly. It is not significantly influenced by western Christian morals that dominate western attitudes on sex. The Kama Sutra sex positions
