“Painstakingly reported stories about losers, oddballs and con men” from the #1 New York Times–bestselling journalist (The New York Times Book Review). From the author of Black Hawk Down comes a riveting collection of the most diverse and far-reaching of Mark Bowden’s award-winning nonfiction—“with fascinating features on Norman Mailer, the war against terror, and even a Philadelphia Zoo gorilla, Bowden’s range is broad” (Entertainment Weekly). Whether traveling to Rhode Island where one of the largest cocaine rings in history is uncovered, or to the Luangwa Valley in Zambia where anti-poachers fight to save the black rhino, Bowden takes us down rough roads previously off-limits: the top-secret world of Guantanamo Bay; Saddam Hussein’s post 9/11 days on the run; a pimp’s inside track on police corruption in Philadelphia; and Al Sharpton’s campaign trail. Bowden also invites readers along to meet a small-town high school football team, farmers who make bras for cows, the Rocky Balboa statue in Philadelphia, and on an inspiring trip to Disney World with a wide-eyed group of terminally ill children. In Road Work, Mark Bowden “fashion[s] prose that reads like good fiction, with the bonus that his stories are true” (The New York Times Book Review). “Astute character reading and solid research combine with ingenious and stylish prose: a superior portfolio from a journalist who stays at the top of his game.” —Kirkus Reviews, starred review “Bowden is unlike any other journalist . . . Superb reporting, a fine mind conceiving the story line, and a compelling writing style lead to something approaching immortality.” —St. Louis Post-Dispatch From the # 1 New York Times–bestselling author of Black Hawk Down: The “shocking” story of the country’s unlikeliest drug kingpin (The Baltimore Sun). By the early 1980s, Larry Lavin had everything going for him. He was a bright, charismatic young man who rose from working-class roots to become a dentist with an Ivy League education and a thriving practice, and a beloved father with a well-respected family in one of Philadelphia’s most exclusive suburbs. But behind the façade of his success was a dark secret: Lavin was also the mastermind behind a cocaine empire that spread from Miami to Boston to New Mexico, catering to lawyers, stockbrokers, and other professionals, and generating an annual income of \$60 million for the good doctor. Now, Mark

Bowden, a “master of narrative journalism” (The New York Times Book Review) tells the harrowing saga of Lavin’s rise and fall in “a shocking American tragedy . . . [that] shoots straight from the hip” (Pittsburgh Post-Gazette). “An engrossing crime story and a compelling morality tale.” —The Arizona Republic “Has all the elements of a chilling suspense thriller . . . A smoothly crafted, exciting, can’t-put-it-down book.” —The New Voice (Louisville)

From Mark Bowden, the preeminent chronicler of our military and special forces, comes *The Finish*, a gripping account of the hunt for Osama bin Laden. With access to key sources, Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded. After masterminding the attacks of September 11, 2001, Osama bin Laden managed to vanish. Over the next ten years, as Bowden shows, America found that its war with al Qaeda—a scattered group of individuals who were almost impossible to track—demanded an innovative approach. Step by step, Bowden describes the development of a new tactical strategy to fight this war—the fusion of intel from various agencies and on-the-ground special ops. After thousands of special forces missions in Iraq and Afghanistan, the right weapon to go after bin Laden had finally evolved. By Spring 2011, intelligence pointed to a compound in Abbottabad; it was estimated that there was a 50/50 chance that Osama was there. Bowden shows how three strategies were mooted: a drone strike, a precision bombing, or an assault by Navy SEALs. In the end, the President had to make the final decision. It was time for the finish.

The New York Times—bestselling author of *Black Hawk Down* delivers a “suspenseful and inspiring” account of the Iranian hostage crisis of 1979 (*The Wall Street Journal*). On November 4, 1979, a group of radical Islamist students, inspired by the revolutionary Iranian leader Ayatollah Khomeini, stormed the U.S. embassy in Tehran. They took fifty-two Americans captive, and kept nearly all of them hostage for 444 days. In *Guests of the Ayatollah*, Mark Bowden tells this sweeping story through the eyes of the hostages, the soldiers in a new special forces unit sent to free them, their radical, naïve captors, and the diplomats working to end the crisis. Bowden takes us inside the hostages’ cells and inside the Oval Office for meetings with President Carter and his exhausted team. We travel to international capitals where shadowy figures held clandestine negotiations, and to the deserts of Iran, where a courageous, desperate attempt to rescue the hostages exploded into tragic failure. Bowden dedicated five years to this research, including numerous trips to Iran and countless interviews with those involved on both sides. *Guests of the Ayatollah* is a detailed, brilliantly recreated, and suspenseful account of a crisis that gripped and ultimately changed the world. “The passions of the moment still reverberate . . . you can feel them on every page.” —*Time* “A complex story full of cruelty, heroism, foolishness and tragic misunderstandings.” —*Pittsburgh Post-Gazette* “Essential reading . . . A.” —*Entertainment Weekly*
The “unexpectedly moving” story of dumb luck and the American Dream set in South Philly from the # 1 New York Times—bestselling author (*Entertainment Weekly*). What would you do if you found a million dollars? When Joey Coyle did, he was

extraordinary circumstances. Winner of a lifetime achievement award from International Thriller Writers, Bowden revisits in *The Case of the Vanishing Blonde* some of his most riveting stories and examines the effects of modern technology on the journalistic process. From a story of a campus rape at the University of Pennsylvania in 1983 that unleashed a moral debate over the nature of consent when drinking and drugs are involved to three cold cases featuring the inimitable Long Island private detective Ken Brennan and a startling investigation that reveals a murderer within the LAPD's ranks, shielded for twenty six years by officers keen to protect one of their own, these stories are the work of a masterful narrative journalist at work. Gripping true-crime from a writer the *Washington Post* calls "an old pro."

From Mark Bowden, a 'master of narrative journalism' (*New York Times*), comes a true-crime collection both deeply chilling and impossible to put down.

Killing Pablo: The Hunt for the World's Greatest Outlaw Grove Press

From "a master of narrative journalism" (*New York Times Book Review*), the bestselling history of the biggest and bloodiest battle of the Vietnam War

"Bowden has a way of making modern nonfiction read like the best of novels . . . [*Killing Pablo*] is absolutely riveting."--*Denver Post* A tour de force of investigative journalism, *Killing Pablo* is the story of the violent rise and fall of Pablo Escobar, the head of the Colombian Medellin cocaine cartel. Escobar's criminal empire held a nation of thirty million hostage in a reign of terror that would end only with his death. In an intense, up-close account, award-winning journalist Mark Bowden exposes details never before revealed about the U.S.-led covert sixteen-month manhunt. With unprecedented access to important players--including Colombian president Cesar Gaviria and the incorruptible head of the special police unit that pursued Escobar, Colonel Hugo Martinez--as well as top-secret documents and transcripts of Escobar's intercepted phone conversations, Bowden has produced a gripping narrative that is a stark portrayal of rough justice in the real world.

Interviews with participants from both sides of the conflict and materials from Vietnamese and American archives provide multiple points of view on each stage of the Battle of Hue.

From the bestselling author of *Black Hawk Down*, the gripping story of the Conficker worm—the cyberattack that nearly toppled the world. The Conficker worm infected its first computer in November 2008, and within a month had infiltrated 1.5 million computers in 195 countries. Banks, telecommunications companies, and critical government networks—including British Parliament and the French and German military—became infected almost instantaneously. No one had ever seen anything like it. By January 2009, the worm lay hidden in at least eight million computers, and the botnet of linked computers it had created was big enough that an attack might crash the world. In this “masterpiece”

(The Philadelphia Inquirer), Mark Bowden expertly lays out a spellbinding tale of how hackers, researchers, millionaire Internet entrepreneurs, and computer security experts found themselves drawn into a battle between those determined to exploit the Internet and those committed to protecting it.

Killing Pablo is the story of the fifteen-month manhunt for Colombian cocaine cartel kingpin Pablo Escobar, whose escape from his lavish, mansionlike jail drove a nation to the brink of chaos. In a gripping, up-close account, acclaimed journalist Mark Bowden exposes the never-before-revealed details of how U.S. military and intelligence operatives covertly led the mission to find and kill the world's most dangerous outlaw. Drawing on unprecedented access to the soldiers, field agents, and officials involved in the chase, as well as hundreds of pages of top-secret documents and transcripts of Escobar's intercepted phone conversations, Bowden creates a narrative that reads as if it were torn from the pages of a Tom Clancy technothriller. Killing Pablo also tells the story of Escobar's rise, how he built a criminal organization that would hold an entire nation hostage -- and the stories of the intrepid men who would ultimately bring him down. There is Steve Jacoby, the leader of Centra Spike, the ultrasecret U.S. special forces team that would use cutting-edge surveillance technology to find one man among a nation of 37 million. There is Morris Busby, U.S. ambassador to Colombia, who would convince the Bush administration to approve the deployment of the shadowy Delta Force operators who would be the key to the drug lord's demise. And there is Escobar's archenemy, Col. Hugo Martinez, the leader of Colombia's federal police, who would turn down a \$6 million bribe, survive countless attempts on his life, and endure a humiliating exile while waging his battle against the drug lord's criminal empire. It was Martinez's son, raised in the shadow of constant threat from Escobar's followers, who would ultimately track the fugitive to a Bogota rooftop on the fateful day in 1993 when the outlaw would finally meet his end. Action-packed and unputdownable, Killing Pablo is a tour de force of narrative journalism and a stark portrayal of rough justice in the real world.

Life is what you make it. Nobody can ever tell how in the world a young middle-class and innocent boy became one of the most wanted and most notorious criminal in the world. Sometimes, circumstances can change an angel into a devil and vice versa. A person is the only one who can decide for his own life and of the future that he would love to have soon. Money is one of the things that can make a person change into someone that is very unlike of him. Pablo Escobar is one of those innocent people who became the most destructive person of the past due to some changes in his life that had a great influence on him. Who says that only those celebrities are the most influential and most famous persons on earth? Pablo Escobar is famous not because he is a celebrity, but because he was one of the most notorious and richest Colombian drug lord who has supplied over 80% of cocaine that were smuggled into the United States. Pablo Escobar was widely known in the world as the "King of Cocaine" and became a big name in the industry of black market when he became the wealthiest criminal that has ever lived in history; with an estimated

net worth of about 30 billion US dollars way back in the early 1990s. Aside from that, he had an approximately 50 billion US dollars when his money that was buried in several parts of Colombia are included. This book tells the beginnings and the brutal rise as well as the fall of the world's most dangerous outlaw and Colombian King of Cocaine Pablo Escobar, whose injustice criminal empire and reign held a whole nation of over 30 million hostages. His criminal empire has brought a reign of complete chaos and terror that would only end with Pablo Escobar's death and this had happened after a 16-month manhunt for Escobar. At his height and peak of success in 1980s, Pablo Escobar owned planes and fleets of luxury boats, and 19 different residences and mansions in Medellin, each with its very own helipad. There are many attempts to capture him, but he just simply bought off the police, judges and politicians all throughout the country and he killed the others who did not cooperate with him. The Colombian government tried many times to capture him, but he always evaded them. But in 1988, around one thousand national police searched and raided one of his luxurious mansions and with pure luck, he was caught with his pants down, literally.

Times were hard for Joey Coyle. A dockworker from a struggling neighbourhood of south Philadelphia, Joey lived with his ailing mother and a drug habit he could barely support. One February afternoon in 1981, he was on his way to score when he found two curious yellow containers lying in the street. They had just fallen off the back of an armoured van and contained \$1.2 million, in cash, in unmarked notes from a casino.

“An ambitious, remarkably frank” chronicle of the Philadelphia Eagles’ bid for the NFL championship by the #1 New York Times—bestselling author (Kirkus Reviews). In 1992, the Philadelphia Eagles—a team assembled in the image of their iconoclastic, controversial former head coach, Buddy Ryan—were known for their ferocious defense led by Reggie White, Seth Joyner, and Andre Waters, and for the otherworldly talents of quarterback Randall Cunningham. Now was the time for the Eagles’ campaign for the championship. But as the season progressed, it disintegrated into an ugly flurry of greed, racism, violence, personal and professional feuds, one tragic death, and a very wild face-off in the stands between a player’s wife and mistress. By midseason, the sentiment of both fans and press was the same: “shut up and play.” Told through the personal stories of the teammates themselves, as well as the coaches, managers and owner, *Bringing the Heat* spares nothing—and no one—in “a phenomenal feat of reportage, perfect for football fans coast to coast” (H. G. Bissinger, author of *Friday Night Lights*). “Overflows with stories of pro football dreams, of bravery in the face of injury. Yet it also unflinchingly tells of the darker side of life in the NFL: uncontrollable egos, ruined families, marital infidelity.” —The New York Times Book Review “There are now four mandatory books on football: Dan Jenkins’s *Semi-Tough*; George Plimpton’s *Paper Lion*; H. G. Bissinger’s *Friday Night Lights*, and the hilarious, incorrigible son of them all, Mark Bowden’s *Bringing the Heat*.” —Michael Bamberger, *Sports Illustrated*
