Global production and purchasing operations create a platform for entry into new markets. However, it takes considerable effort to plan and implement a sustainable globalization strategy; this book will help in that task. The wealth of experience and analysis featured in this book is the result of an extensive survey among leading manufacturing companies as well as countless discussions with executives who have personally wrestled with the issues of "going global." The book treats the whole range of management challenges. In breadth and depth, the insights it offers surpass what a manager or most individual companies could acquire on their own.

Work more effectively and gauge your progress along the way! This Study Guide that is designed to accompany Weygandt, Kieso & Kimmel's Financial Accounting, 5th Edition contains chapter overviews, review of study objectives,

individual and overall class results to determine each student's progress and level of understanding.
