

Kodi Civil I Vitit 1929

Historični seminar 12 prinaša sedem razprav s področij zgodovine, kulturne zgodovine in jezikoslovja. Jure Volčjak predstavlja intrige in procese po smrti ljubljanskega škofa grofa Attemsa sredi 18. stoletja, v katerih so poskusi Dunaja, da bi ljubljansko škofijo in goriško nadškofijo združil v personalno unijo, spodleteli. Lilijana Žnidaršič Golec na podlagi pričevanj župljanov župnije Ig iz leta 1782 osvetljuje tedanjo cerkveno vernost, odnose med ljudmi in problematiko t. i. poznega janzenizma. Irena Selišnik piše o novih političnih praksah na prelomu iz 19. v 20. stoletje, za katere je značilen pojav množičnih političnih strank. Prispevek Gentiane Kera analizira povezavo med porokami, vodenjem gospodinjstev in demografskimi težavami, ki so vplivale na nastanek in strukturo gospodinjstev v Tirani. Mojca Žagar Karer analizira razlike med terminološkimi slovarji, leksikoni in enciklopedijami. Anja Benko pregledno predstavi razvoj in stanje slovenske narečne leksikografije ter predlaga model za izdelavo narečnega slikovnega slovarja. Silvo Torkar pa piše o slovenskih zemljepisnih imenih, ki so tvorjena iz slovanskih antroponimov.

This collection of papers on contemporary issues in Albanian history and anthropology covers a broad range of approaches and forms of analysis. The

book includes research on parts of the country that have rarely made an appearance in international scholarship, including recent research on various aspects of urban life in Albania, with several chapters being set in Shkodra, Tirana, Elbasan, and Gjirokastra. Issues of local self-organization or identity processes are presented as well. A third core aspect that is addressed is the continued analysis of new and revealing demographic sources that shed light on the structure and history of the Albanian family. (Series: Studies on South East Europe - Vol. 9)

The PLT seeks to harmonize formal requirements set by national and regional patent offices and to streamline the procedures for obtaining and maintaining a patent. Global activity has broadly strengthened and is expected to improve further in 2014–15, according to the April 2014 WEO, with much of the impetus for growth coming from advanced economies. Although downside risks have diminished overall, lower-than-expected inflation poses risks for advanced economies, there is increased financial volatility in emerging market economies, and increases in the cost of capital will likely dampen investment and weigh on

growth. Advanced economy policymakers need to avoid a premature withdrawal of monetary accommodation. Emerging market economy policymakers must adopt measures to changing fundamentals, facilitate external adjustment, further monetary policy tightening, and carry out structural reforms. The report includes a chapter that analyzes the causes of worldwide decreases in real interest rates since the 1980s and concludes that global rates can be expected to rise in the medium term, but only moderately. Another chapter examines factors behind the fluctuations in emerging market economies' growth and concludes that strong growth in China played a key role in buffering the effects of the global financial crisis in these economies.

Die elf Beiträge des Bandes thematisieren muslimische Gemeinschaften in Südosteuropa seit der Wende, deren Diversität die Gruppenbezeichnung in Frage stellt. Können die Balkanmuslime einen Beitrag beim Entstehen eines europäischen Islam leisten? Für die in Westeuropa aktuelle Debatte um die Ausverhandlung muslimischer Identität im säkularen Staat zwingt sich die Parallele zur muslimischen Erfahrung in den postosmanischen Nationalstaaten seit dem 19. und frühen 20. Jahrhundert an. Auf die zwei Überblicksartikel von Xavier Bougarel und Jamal Malik folgt das Panel "Religion und Staat: Albanien, Bosnien-Herzegowina, Türkei", das anhand muslimischer Gruppen mit Eigenstaatlichkeit das Spannungsverhältnis nationaler und religiöser Identität analysiert. Das Panel "Muslimische Identitäten in Bulgarien, Makedonien und Griechenland" nähert sich muslimischen Minderheiten aus feldforschungsbasierter ethnologischer und soziolinguistischer Sicht.
