First book of the series At a secret Air Base in the middle of the desert, Capt. Andrews (Andy) is one of an elite team of highly skilled pilots who are trained to pursue alien aircraft that enter Earth's air space. After many months of training and pursuit experience, Andy is transferred to a Top Secret location focused on extremely complex alien tracking. After many weeks of pursuit, Andy comes face to face with his nemesis. His aircraft is fired upon and explodes in a ball of fire. Andy wakes to find that his body has been reconstructed and altered through alien technology but the impact of the alterations is yet to be discovered. He is being held in a hospital-like room with several other people who he soon finds had been abducted from Earth over a period of several years. But what is this facility and why are they there? Over time Andy begins to form a close relationship with Lindsey, a beautiful blue-eyed captive from Earth. He manages to get out of the secure room and locates his rescue pod which had survived the alien attack. He and Lucy, his on-board computer, devise a way to escape the alien base so they can return with help to rescue the other captives. Andy and Lindsey are then pursued by the US government and other entities who want to use the alien's technology, which is a part of them, for financial gain. This puts the couple on the run and exposes their friends and families to danger.

Kristine McKenna's work as a journalist began in the late 1970s, when she covered the Los Angeles punk scene for various domestic and international publications. During the '80s and '90s she wrote art, film and music criticism, and profiled directors, musicians and visual artists for a variety of publications including *Artforum*, *Playboy*, *Rolling Stone*, *The Los Angeles Times* and *New York Rocker*. *Talk to Her* is McKenna's second collection (the first was 1999's *Book of Changes*) of favorite interviews culled from McKenna's files, and the book reveals McKenna's highly intimate technique as an interviewer. The stunning list of interview subjects includes: Filmmaker Robert Altman; Jackie Onassis's cousin Edie Beale; punk rocker and poet Exene Cervenka; the musician Elvis Costello; surf guitar legend Dick Dale; the postmodern critic Jacques Derrida; Beat poet Allen Ginsberg; Television's Richard Hell and Tom Verlaine; art curator Walter Hopps; Pretenders frontwoman Chrissie Hynde; country music legend Rickie Lee Jones; the Sex Pistols' John Lydon (a.k.a. Athletes in Major League Baseball, the Women's National Basketball Association, National Association for Stock Car Auto Racing, Formula One, the Professional Golfers' Association, the National Football League, musicians, and even the National Hockey League had their own footwear to go along with the mainstays of the NBA and professional tennis circuits.

Others offer a glimpse into the natural beauty that surrounds us. There are rocks that are rough to the touch, and others that are as smooth as glass. There are rocks inside rocks. You can even find rocks that are shaped like a heart. There are even rocks that cling to a magnet! This book will explain how to start a rock collection, and what you might do with them, such as identifying what kind of rocks they are or even painting on them or creating scenes with their shapes. The book also advises you where NOT to collect rocks, such as certain parks and natural areas. Regardless, this book will inspire the rock hound in all of us.
