Biblical texts create worlds of meaning and invite readers to enter them. When readers enter such textual worlds, which are often strange and complex, they are confronted with theological claims. With this in mind, the purpose of the *Interpreting Biblical Texts* series is to help serious readers in their experience of reading and interpreting, by providing guides for their journeys into textual worlds. The controlling perspective is expressed in the operative word of the title---interpreting. The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers. "Brown modestly describes this book as more invitational than introductory, and it is all the better for being so. This lively, gracefully written book models a pedagogy of invitation, equipping students with the tools to read the Psalms insightfully, as poetry, as a window into Israelite religious practices, and as theology. A truly excellent book for teaching Psalms."---Carol A. Newsom "William Brown has created an introduction that describes and illustrates the approaches important to a serious reading of the Psalms in a comprehensive and inviting fashion. It will be enormously useful to all who study the Psalms."---James L. Mays "William Brown has written a superb introduction to the Psalms, one that joins literary perception with theological insight to show not only how the Psalms 'work' but also to invite the reader into an engagement with them that is both poetic and pastoral."---Patrick D. Miller "Bill Brown is front and center in the new wave of psalm scholarship. His work is, of course, grounded in a consensus view of genre analysis. But he pushes imaginatively beyond that in rich and perceptive ways toward the notion of sub-collections in the book of Psalms, its canonical shape, and its poetic performance. In the end he finishes with a substantial theological probe. This book supplies access to all that is needed for entry into the riches of this defining resource for faith, piety, worship, and obedience."---Walter Brueggemann

The *Revolution in Time* explores the idea that people in Western Europe changed the way they thought about the concept of time over the early modern period, by examining reactions to the 1688-1689 revolution in England. The study examines how those who lived through the extraordinary collapse of James II's regime perceived this event as it unfolded, and how they set it within their understanding of history. It questions whether a new understanding of chronology - one which allowed fundamental and human-directed change - had been widely adopted by this point in the past; and whether this might have allowed witnesses of the revolution to see it as the start of a new era, or as an opportunity to shape a novel, 'modern', future for England. It argues that, with important exceptions, the people of the era rejected dynamic views of time to retain a 'static' chronology that failed to fully conceptualise evolution in history. Bewildered by the rapid events of the revolution itself, people forced these into familiar scripts. Interpreting 1688-1689 later, they saw it as a reiteration of timeless principles of politics, or as a stage in an eternal and pre-determined struggle for true religion. Only slowly did they see come to see it as part of an evolving and modernising process - and then mainly in response to opponents of the revolution, who had theorised change in order to oppose it. The volume thus argues for a far more complex and ambiguous model of changes in chronological conception than many accounts have suggested; and questions whether 1688-1689 could be the leap toward modernity that recent interpretations have argued.

Book of Psalms - Devotional THE PSALMS A very important part of the Bible. A FIVE FOLD DEVOTIONAL BOOK There are five things to keep in mind when we look at the Psalms. These are covered within the pages of this devotional. But before introducing that, let us see the importance of the book of Psalms in knowing more about our Lord. Look carefully at Luke 24:25-27 and verses 44-45. He said to them, "How foolish you are, and how slow of heart to believe all that the prophets have spoken! Did not the Christ have to suffer these things and then enter his glory?" And beginning with Moses and all the Prophets, he explained to them what was said in all the Scriptures concerning himself. He said to them, "This is what I told you while I was still with you: Everything must be fulfilled that is written about me in the Law of Moses, the Prophets and the Psalms." Then he opened their minds so they could understand the Scriptures. Jesus used the Psalms many times in His teaching and life. They were much in His thinking. Here are some psalms concerning our Lord: David's greater Son 89:1-32 Incarnation of Son 84:1-2 Rejection of Christ 118:1-2 Betrayal of Christ 69:1-9 Death of Messiah & beyond 222 Victory over death 16:1-2 Messiah's marriage & ministry 45:1-10 Reign of glorious King 72:6-8 Paul also admonished the believers to make ready reference to the psalms: Ephesians 5:18-20 Colossians 3:16-17.

Most one-volume Bible commentaries focus on standard scholarly issues, answering questions such as, who wrote the book? who was addressed? and how is the book structured? In contrast, this is the first one-volume commentary to emphasize theological questions: what does each biblical book say about God? how does the book describe God and portray God's actions? and who is God in these biblical books? This volume meets the need for a resource that puts the best of scholarship in conversation with the theological claims of the biblical text.

The author will present new slants and questions that equip the reader with various tools of interpretation while leaving issues open for the reader's further exploration. Included are discussions of Psalms as Hebrew poetry, species, performance, corpus, anthropology, and theology.
