

Love Act Science Innovative Standardized

Traditional Chinese edition of Made to Stick: Why Some Ideas Survive and Others Die, a Business Week bestseller. An entertaining examination of why some ideas stick to people's consciousness and others don't.

Children's Fiction

To really nail the Science section of the ACT standardized exam, you have to understand basic principles of science - experimentation, data collection, numerical and graphic data analysis, and how to develop conceptual conclusions. Who better to write the test prep book than an engineer who loves science? Michael Cerro uses his background as a chemical engineer, chess player, and highly-impactful ACT tutor with years of test prep experience to write a book that offers a new approach to ACT Test Prep rooted in: LOGIC. He brings together copious opportunities to practice with sample problems at each strategic lesson, using customized questions that feel just like the real test. Michael has an ability to create essential teaching moments on each page, as you walk through the book; and you may even have fun doing it!Above all, his love of the exam and of science ensure that anyone who uses this book - from teachers to tutors to students - will master the ACT Science section as well as gain a valuable understanding about the world of science that will be beneficial throughout life.

Traditional Chinese edition of Human by Design: From Evolution by Chance to Transformation by Choice

Digital integration is the driving force of teaching and learning at all levels of education. As more non-traditional students seek credentialing, certification, and degrees, institutions continue to push the boundaries of innovative practices to meet the needs of diverse students. Programs and faculty have moved from merely using technology and learning management systems to unique and innovative ways to engage learners. The Handbook of Research on Innovative Digital Practices to Engage Learners is an essential scholarly publication that offers theoretical frameworks, delivery models, current guidelines, and digital design techniques for integrating technological advancements in education contexts to enforce student engagement and positive student outcomes. Featuring a wide range of topics such as gamification, wearable technologies, and distance education, this book is ideal for teachers, curriculum developers, instructional designers, principals, deans, administrators, researchers, academicians, education professionals, and students.
