This book is intended to be a users' manual, not a reference book, and so has charts, diagrams, tables and cross-references to enable the interested practitioner to incorporate the Western Herbal Tradition into their practice. It synthesises and elaborates on all the extant information on the Western Healing Tradition as recorded by William Lilly and Nicholas Culpeper in the 17Cth and from the author's own herbal practice. It shows how using planetary energies and the wheel of the year deepens our understanding of the action of medicinal plants on the body and establishes the practitioner within their environment, allowing them to use planetary energies to determine the peak times to harvest and use herbal remedies and to locate health and sickness within the holistic paradigm of Western Traditional Herbal Medicine. For ease of use, the book is divided into two sections. The first details the philosophical framework within which traditional western herbalists can operate; looking at the four humours, and seven planets and the use of the diagnostic tool of the decumbiture chart. The work is so organised that the humoral system can be used without astrology, should that be the preference. The second part covers the practical application of the philosophy, how to collect, make and administer herbal remedies according to the planetary days and hours and the decumbiture chart. Examples of decumbiture charts will be included to show how the philosophy is used in practice. Lastly, a materia medica of common herbs is included. This fascinating new title by the best-selling Elisabeth Brooke will be of interest to anyone involved in the theory or practice of herbal medicine, particularly those who have been inspired by her other classic works including *A Woman's Book of Herbs* and *Herbal Therapy for Women*.

The most comprehensive book to date on the use and understanding of the Lunar Nodes in Vedic astrology. The author is a widely known and immensely respected teacher with students all over the world. She has used her experience of working with the nodal axis to show how, by sign and placement, they affect every level of our spiritual existence. Students of astrology, yoga and ayurveda will find this book particularly helpful.

Jeff Wolf Green's writing embodies everything you would expect from Pluto; intense, powerful, riveting, transformative and penetrating . If you want to help yourself and assist other in conscious evolution, rather than simply waiting for it to happen, this book is the essential map for that journey!

Davis shows how locations of significance and global hotspots can be identified astrologically, bringing the influence of space (where something may happen) into the usual astrological focus on time (when something may happen). This is a critical enlargement of astrological perspective for today's needs, where an understanding of influences around the globe is critical for our very well being

Astrologer Gillian Helfgott unlocks the power of the 0, traditionally ignored by numerologists, and explores its impact when

positioned with the nine numbers of the traditional Chinese Lo Shu grid. With simple instructions and many fascinating case histories, including that of her husband David Helfgott, she gives us a feel for the numbers, and how we can use them in a practical and effective way to understand our lives. Calculate your turtle, and learn how the numbers and cycles affect you, and see why a Big 0 Birthday is more than just the turning of another decade! Whilst medical astrology cannot take the place of advice from orthodox professionals, it can often throw light on prevailing problems.

Medical astrology is a fascinating subject, yet undoubtedly a rather challenging one. In this work however, the author attempts to ease the path towards greater understanding of traditional astrological principles regarding health, as well as introducing some new experiential ideas. These have been developed through her long practice in this field. What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern. The many charts included in this work from the author's own casebook as well as the charts of some public figures both current and historical, suggest guidelines for interpretation. This book is recommended for anyone who is interested in exploring medical astrology in greater depth, and perhaps including some aspects of it in their own astrological work.

'My name is Mary Theobald,' she said, when it was her turn to speak. Ralf's head swivelled of its own accord to look at her. Her voice seemed to take hold of him. She continued, 'I'm a playwright, an actor and an author. My books and my plays are autobiographical. They describe how I live and work at the threshold between the living and dead. I'm very pleased to have been invited to speak at the conference and I look forward very much to the coming week.' Ralf was hardly breathing. In the pleasant Northern summer of 2006, a chance meeting at an anthroposophical conference opens the portal of initiation for psychotherapist Ralf Pinton and author Mary Theobald when, through a powerful mutual attraction, they meet forces of karma that will test the limit of their morality and the strength of their spiritual conviction. They embark on a clandestine relationship through emails, texts and phone calls but the shock of a kundalini experience (a process of awakening) catapults Mary and Ralf so deeply into the conundrum of their destiny that they lose sight of the effect their reliance on technology is having on their relationship. Mary is offered a way out of the maze through the cryptic appearance of the Grail Cup but Ralf casts doubt on its authenticity and on Mary's spiritual discernment. Is it the true Grail Cup or mere intellectual trickery? Is Ralf trying to protect Mary from a serious spiritual mistake or is he trying to undermine her for his own dark motive and purpose? This debut novel is the first book in a trilogy. It takes the reader through the dramatic and shifting soulscapes that must be traversed by modern spiritual seekers who dare to stand face to face with the riddle of truth. Cosmic Adultery is a fictionalised sequel to author Kelly Connor's groundbreaking memoir, To Cause A Death. Kelly is inspired by many authors including Rudolf Steiner, Yann Martel, Philippa Gregory, Alice Sebold and Hilary Mantel.

Dr. David Frawley, the well known Vedic scholar, writes of Mr. Trivedi - "India's most insightful young astrologer offers what is probably the longest, most researched and most original book on the Lunar Nodes published in modern times. This book is worthy of serious examination by all students of Astrology and all those interested in the great mysteries of life, death, karma and

transformation."

Bringing together some of the most recognized and influential researchers and scientists in various space-related disciplines, *Lunar Settlements* addresses the many issues that surround the permanent human return to the Moon. Numerous international contributors offer their insights into how certain technological, physiological, and psychological challenges must be met to make permanent lunar settlements possible. The book first looks to the past, covering the Apollo and Saturn legacies. In addition, former astronaut and U.S. Senator Harrison H. Schmitt discusses how to maintain deep space exploration and settlement. The book then discusses economic aspects, such as funding for lunar commerce, managing human resources, and commercial transportation logistics. After examining how cultural elements will fit into habitat design, the text explores the physiological, psychological, and ethical impact of living on a lunar settlement. It also describes the planning/technical requirements of lunar habitation, the design of both manned and modular lunar bases, and the protection of lunar habitats against meteoroids. Focusing on lunar soil mechanics, the book concludes with discussions on lunar concrete, terraforming, and using greenhouses for agricultural purposes. Drawing from the lunar experiences of the six Apollo landing missions to the many American and Soviet robotic missions to current space activities and research, this volume summarizes the problems, prospects, and practicality of enduring lunar settlements. It reflects the key disciplines, including engineering, physics, architecture, psychology, biology, and anthropology, that will play significant roles in establishing these settlements.

The idea of initiation has enthralled and entranced mankind since time began. An arcane process that changes the initiate forever, it is rarely talked about and thus continues to be cloaked in secrecy. This astounding book, co-written by one of the most respected teachers and Initiators alive today, explains exactly what it means to be initiated into a group, who chooses to follow that path, and what they have to go through in the process. This book is especially powerful because it also examines, through astrological charts, the inner path, and challenges, of the person undergoing the initiation. It is a book to treasure.

Many people are looking for their soulmate and expect to be blissfully happy when they find one. But, sadly, they seem doomed to disappointment. Soulmates are both a powerful fact and one of the biggest illusions of all time.

A fresh look at the World Heritage Site that includes Avebury henge, West Kennet long barrow and Silbury Hill. Mann combines archaeology, astronomy and anthropology to offer an original and convincing account of the building of these extraordinary Neolithic monuments. The ancient Britons were inspired by a profound knowledge of the heavens when they erected the monumental stones of Avebury. Mann throws light on the motive behind the creation of its awe-inspiring mounds and megaliths by demonstrating that they were aligned to the cycles of the Sun, Moon and stars. This book will help visitors and readers to see Avebury in a wholly new light - the light of the heavenly bodies that guided its Neolithic builders. *Avebury Cosmos* will reawaken our ancient reverence for the stars and deepen our respect for the extraordinary abilities and forgotten knowledge of our prehistoric ancestors.

A beautiful book which for the first time explores the relationship between the cycles of Venus and Mars and their impact on our

lives. Using many case histories the author shows how, although synastry is important, possibly of greater importance is the aspect between the two planets within their cycles because that can dictate the timing of key moments in a relationship. She shows how the degree of the original conjunction between the two planets ('the degree of passion'), based on the time of birth can indicate the kind of the people we are attracted to and the course a romance can follow. A really absorbing book which will prompt hours of research

The Yearbook on Space Policy is the reference publication analyzing space policy developments. Each year it presents issues and trends in space policy and the space sector as a whole. Its scope is global and its perspective is European. The Yearbook also links space policy with other policy areas. It highlights specific events and issues, and provides useful insights, data and information on space activities. The Yearbook on Space Policy is edited by the European Space Policy Institute (ESPI) based in Vienna, Austria. It combines in-house research and contributions of members of the European Space Policy Research and Academic Network (ESPRAN), coordinated by ESPI. The Yearbook is designed for government decision-makers and agencies, industry professionals, as well as the service sectors, researchers and scientists and the interested public.

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

The author explores the idea that the most powerful astrological technique is a quiet, meditative mind. The book presents astrology as a form of active meditation where we contemplate whatever is arising with expectancy, receptivity, and conscious use of will to shape what unfolds. The author presents meditations on the spiritual lessons of the planets and zodiacal signs, and, with the plentiful use of case histories, describes the technique of symbol amplification, which enables us to unfold the deepest meanings of chart symbols. The book ends with a discussion of astrology as a spiritual practice.

Beautiful folk tales that show you the different personalities behind each star sign.

Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya, a Pleiadian goddess. Satya describes the huge cosmic drama taking place simultaneously in nine dimensions, with Earth as the chosen theater. The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution; the Pleiadians will be there to guide us for that leap. This shift is the coming Age of Light, and the entry of our solar system into the Photon Band and the Age of Aquarius.

Erin Sullivan's latest book is a breakthrough both in astrology and psychology. The Astrology of Family Dynamics makes for gripping reading and shows us that astrology is the only system that demonstrates the complexities of the family as an organic whole, the family's place in the collective, and the role an individual plays in carrying on the ancestral line. Sullivan writes with compassion and accuracy, weaving together various methods of analyzing and working with individuals and their families. A sensitive and spiritual look at the way the energy of the nodal axis, Rahu and Ketu affects your life and how you can use it for better self- understanding.

Komilla Sutton is a co-founder of the British Association for Vedic Astrology. She is renowned as both a practitioner and teacher of the science with students and clients all over the world. Readers of her previous books (The Essentials of Vedic Astrology, The Lunar Nodes and Personal Panchanga) have long been asking for a book on the nakshatras, the lunar mansions - so here it is.
