In *Conjectures and Controversy in the Study of Fundamentalism*, W. Paul Williamson reviews sociohistorical accounts of fundamentalism and provides an analysis of their popular, though questionable, conceptions that have uncritically dominated empirical research in the field of psychology.

In this book (previously published as *Crippled America*), we're going to look at the state of the world right now. It's a terrible mess, and that's putting it mildly. There has never been a more dangerous time. The politicians and special interests in Washington, DC are directly responsible for the mess we are in. So why should we continue listening to them? It's time to bring America back to its rightful owners—the American people. I'm not going to play the same game politicians have been playing for decades—all talk, no action, while special interests and lobbyists dictate our laws. I am shaking up the establishment on both sides of the political aisle because I can't be bought. I want to bring America back, to make it great and prosperous again, and to be sure we are respected by our allies and feared by our adversaries. It's time for action. Americans are fed up with politics as usual. And they should be! In this book, I outline my vision to make America great again, including: how to fix our failing economy; how to reform health care so it is more efficient, cost-effective, and doesn't

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

alienate both doctors and patients; how to rebuild our military and start winning wars—instead of watching our enemies take over—while keeping our promises to our great veterans; how to ensure that our education system offers the resources that allow our students to compete internationally, so tomorrow’s jobseekers have the tools they need to succeed; and how to immediately bring jobs back to America by closing our doors to illegal immigrants, and pressuring businesses to produce their goods at home. This book is my blueprint for how to Make America Great Again. It’s not hard. We just need someone with the courage to say what needs to be said. The 2016 U.S. presidential election revealed a nation deeply divided and in flux. This volume provides urgently needed insights into American politics and culture during this period of uncertainty. The contributions answer the election’s key mysteries, such as how contemporary Christian evangelicals identified in the unrepentant candidate Trump a hero to their cause, and how working class and economically struggling Americans saw in the rich and ostentatious candidate a champion of their plight. The chapters explain how irrationality is creeping into political participation, and demonstrate how media developments enabled a phenomenon like “fake news” to influence the election. At this polarized and contentious moment, this volume satisfies the urgent need for works that carefully analyze the forces and tensions tearing at the American social fabric. Simultaneously intellectual and accessible, this volume is designed to illuminate the 2016 U.S. presidential election and its aftermath for academics and students of politics

alike.

Collective myths shape and frame contemporary communication processes as well as the collective subconscious. International contributors from the humanities and social sciences focus on interdependencies between collective myths and decivilizing processes in China and the United States, global economics, and recent technological advances. They highlight long-term de-/civilizing processes also for the globally important survival units India and Turkey, and the violently contested border areas of Afghanistan and Pakistan.

**WHY IT'S IMPERATIVE THAT YOU OWN THIS BOOK:**

Find out what is good, bad and ugly about the Tax Cuts & Jobs Act (TCJA) and how it will affect you. Breaks down the complicated tax laws into plain language tax tips that are simple and easy to understand. Brings clarity to the monumental tax reform Find out the importance of why you should conduct a paycheck checkup Discover how tax reform has impacted Unemployment, Employers and Businesses

Realtor Georgia Mason is all about business... "the family business." Ever since her father opened his first office in their hometown of Port Grace three decades ago, it's been all uphill. The family gem now resides several locations in some of America's biggest cities, and when her father passed away he left her the keys. Georgia in turn kept the ball rolling turning it into a dynasty. Making the well-dressed aforementioned woman one of the wealthiest entrepreneurs in the country. Chinks would eventually begin to appear in the

family armor however when the Port Grace location starts hemorrhaging money. Forcing Georgia to return home to where it all started. Upon her arrival however, she is shocked and mortified to discover the office manager Bruce has been murdered! But by whom? and Why? Georgia must get to the bottom of it all if she is to bring closure and justice to Bruce's family. As well as save the very company that her father built. But the truth will be very hard to come by and might be quite a painful pill to swallow in the end. Bruce was not just an innocent victim, and finding his killer will lead to an even more shocking reveal. But if Georgia doesn't close this deal in time. It might just spell the end of her family's business!

denied: He's one of a kind, and the 45th President of the United States. This commemorative book explores the gold-plated world of the man who defied all the experts and every day keeps the world on its toes. Starting with his childhood with a stern father to his conquest of the Manhattan real estate and social worlds to his success as an author and reality star to, finally, Pennsylvania Avenue, and all the ambitions still unfulfilled. Along the way, the reader gets to know the personal side of this most public figure, including the glamorous wives and his most trusted advisors, his devoted children, as this book unlocks the secret to how the ultimate outsider won the hearts of so many.

Global Communication: A Multicultural Perspective, Third Edition is intended to explore, inform, and incite discussions about globalization and global communication. With chapters by some of the foremost global communication scholars, this book covers essential concepts of international communication and contemporary and emerging topics.

For centuries, evangelical Protestants and Catholics have hurled harsh epithets at each other. But that has changed dramatically in the last forty years. In 1960, many prominent evangelicals opposed John Kennedy for president because he was a Catholic. Today, Catholics and evangelicals work together on many issues of public policy. This book records one important process in this transformation. In 2004, the board of The National Association of Evangelicals (NAE--the largest representative body of evangelicals in the US) unanimously approved For the Health of the Nation as

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

the official public policy document for its public policy efforts representing 30 million evangelicals. When scholars read this new ground-breaking document, they quickly realized there was widespread agreement between the NAE's official public policy document and the official public policy positions of American Catholics. The result was a series of annual meetings held at Georgetown University and Eastern University that brought together prominent Catholic and Evangelical scholars and public policy specialists to explore the extent of the common ground. This book reports on that dialogue--and its contribution to the increasing Catholic-evangelical cooperation.

This book examines how globalization shapes the construction of socio-cultural and political attachments and their implications for citizenship, nationhood, ethnicity, and gender. Topics include the commodification of citizenship, the spread of nationalist populism, the rise of ISIS, and women's transnational activism.

Donald Trump is nothing short of remarkable. He has redefined politics for a generation and completely upended the image of a politician. Lies, a history of making unwanted sexual advances, complete lack of integrity and intelligence – these are traits that would immediately disqualify anyone else from working in a factory. Yet for Donald Trump, these seemingly negative qualities did not only disqualify him, they became his greatest strengths – strengths that helped propel him into the highest office in the world. Donald Trump, the 45th President of the United States, will be forever recorded in

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

our history books. *He Made America Great Again: The Complete Case for Donald Trump's Presidency* is our small contribution to that history. Read on as we break down, in great detail, all the "reasons" Trump has made America great again and "deserves" to be President of the United States.

From the moment Captain America punched Hitler in the jaw, comic books have always been political, and whether it is Marvel's chairman Ike Perlmutter making a campaign contribution to Donald Trump in 2016 or Marvel's character Howard the Duck running for president during America's bicentennial in 1976, the politics of comics have overlapped with the politics of campaigns and governance. Pop culture opens avenues for people to declare their participation in a collective project and helps them to shape their understandings of civic responsibility, leadership, communal history, and present concerns. *Politics in the Gutters: American Politicians and Elections in Comic Book Media* opens with an examination of campaign comic books used by the likes of Herbert Hoover and Harry S. Truman, follows the rise of political counterculture comix of the 1960s, and continues on to the graphic novel version of the 9/11 Report and the cottage industry of Sarah Palin comics. It ends with a consideration of comparisons to Donald Trump as a supervillain and a look at comics connections to the pandemic and protests that marked the 2020 election year. More than just escapist entertainment, comics offer a popular yet complicated vision of the American political tableau. *Politics in the Gutters* considers the political myths, moments, and

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

mimeses, in comic books—from nonfiction to science fiction, superhero to supernatural, serious to satirical, golden age to present day—to consider how they represent, re-present, underpin, and/or undermine ideas and ideals about American electoral politics.

The election of President Donald Trump has been portrayed in the mainstream media as a doomsday event—especially for America’s racial minorities. And yet, reality has proven quite the contrary. Not only are African Americans employed at a greater rate than any other time since the late 1950s, black business formation is at an all-time high. In this groundbreaking book, longtime academic and political commentator Horace Cooper explains how Trump’s economic policies—including lowering taxes, eliminating stifling regulation, and renegotiating trade agreements—are producing an unforeseen boon to Black America. This book provides a philosophical framework through which Trump’s presidency can be viewed as a benefit to Black America, rather than a stumbling block.

In *Team Trump and the Evangelical White House*, the author paints perhaps a different picture of Donald J. Trump than you will find in the mainstream media. With so many Trump-Thumping articles, opinion pieces, and news stories doing the rounds today, it is refreshing, therefore, to get a glimpse into a different side of the Trump White House.

Surprisingly, the author shows a faith-friendly president, whose relationship with evangelicals goes back nearly two decades. As the author proposes

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

throughout--Trump's Team has energized evangelical Christians--in a way, not seen for a long time. Some even hark back in their comparisons of the current White House to the Reagan-era. This was when the well-known Moral Majority backed a former-Hollywood actor launching Ronald Reagan into the fortieth presidency. The book begins by exploring why picking V P Pence made sense in bringing evangelicals on board with the Trump agenda. You'll also see how the White House welcome mat is once again out for evangelicals as the front door is always open to people of faith. Prayer Force One will give you a glimpse; perhaps of a side of Donald Trump, you may not have seen as he prays with faith leaders. These fifteen chapters will look at how the White House was won, and may yet be won again with evangelical support in 2020. Herb Nutterman, a long-time Trump Organization employee, unexpectedly becomes President Trump's White House chief of staff and finds himself entangled in Russian intrigue and leading the president's reelection campaign. In 2020, as we set our sights on another election, this book takes a look at all of the presidents of the United States—ranked from best to worst (the results may surprise you)—and their legacies, achievements and what we learned from their leadership. The book spans from 1789 when George Washington (spoiler alert: he's in the "Best Presidents" category) took the

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

first-ever oath of office. Forty-four different men have sworn to “faithfully execute the Office of President of the United States” and what makes a great leader has been vision, conviction, and setting the nation on the right course. The Revolutionary War showed us we needed commanders who were going to fight for our freedom. The Civil War showed we needed leaders who were going to unite this nation. We looked to the President during hard times like the Great Depression, who were going to pick us up, dust us off and, with a steady hand, guide us to more promising times, which Franklin Delano Roosevelt did over his unprecedented four terms. Over the next many, many decades, and many wars and battles later, the President of the United States has shown they are the most powerful person on this planet. But they are also vulnerable. They’ve been targets of assassination attempts, and some, sadly, have been successful. Their transgressions have led to scandals and impeachments. Presidents have been accused of abusing power and the advent of social media has ushered in a new form of communicating to constituents and young voters. In an election year when interest in Presidents is strong, join Centennial Books as we look to the nation's shared history to see what we can learn for today and the future.

Using a typology of worldviews based on perception of threat and expansionist or isolationist objectives, Hayden J. Smith examines influences on the foreign policy decision-making of individual US Presidents—including Richard Nixon, Jimmy Carter, George W. Bush, Barack Obama, and Donald Trump.

Donald Trump is one of the most controversial politicians of our time. On the one hand, this refers to his policies, but on the other hand, it also refers to his political style: Trump himself explicitly sees himself as a Twitter president. But what exactly is that supposed to be? What role does Twitter play in "official" communication, for example, in relation to classic media? Communications expert Klaus Kamps addresses these questions in this popular science essay. This book is a translation of the original German 1st edition *Commander-in-Tweet* by Klaus Kamps, published by Springer Fachmedien Wiesbaden GmbH, part of Springer Nature in 2020. The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors. The Author Klaus Kamps is one of the best-known experts on U.S. politics and political communication in Germany. He is currently a professor of communication studies at Stuttgart Media University. With the publication of his *Personal Memoirs* in 1885, Ulysses S. Grant established what is today known as the presidential memoir. Every U.S. president since Benjamin Harrison has

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

written one and many have turned to other forms of writing, as well. This book covers the history of works—including autobiographies, diaries, political manifestos, speeches, fiction and poetry—authored by U.S. presidents and published prior to, during or after their terms. The writing was easy for some, harder for others, with varying success, from literary comebacks and bestsellers to false starts and failures.

### \_\_\_\_\_THE FIRST BOOK ON TECH AND REAL ESTATE\_\_\_\_\_

The evolution of technology is turning it from the unusual to ubiquitous, FinTech, FoodTech, MedTech... In this revolution, real estate, the biggest sector of global economy, seems to stand still. It is about to change. On the one hand, proven technologies (Big Data, Augmented/Virtual Reality, Blockchain, Artificial Intelligence, 3D Printing, IoT, drones, robots...) are maturing. On the other hand, real estate becomes a service like any other for the new generations. This revolution will bring down prices and improve quality. More than 150 startups which will change the trades of developers, brokers, realtors, asset manager, REITs and facility manager are listed.

This book addresses key problems regarding Swiftian thought and satire, analyzing the inspirational cultural legacy which generations of writers, thinkers, and satirists have recurrently relied upon since the Enlightenment. Section One deals with the eighteenth century and the topics of truth, falsehood and madness. Section Two focuses on two film adaptations of Gulliver's Travels as well as on allusions to Swiftian satire during the US Enlightenment and in post-racial America. Section Three looks at the politics of language, politeness, and satire within translation, and Section Four dwells upon the process of reading Swift in the age of post-truth and Brexit. It will be of interest to students and scholars of eighteenth-century literature and culture, modern-day politics as well as to those interested in satire, science fiction, and

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

film adaptations of literary works.

How forty-one women—including Dorothy Parker, Gypsy Rose Lee, and Lena Horne—were forced out of American television and radio in the 1950s “Red Scare.” At the dawn of the Cold War era, forty-one women working in American radio and television were placed on a media blacklist and forced from their industry. The ostensible reason: so-called Communist influence. But in truth these women—among them Dorothy Parker, Lena Horne, and Gypsy Rose Lee—were, by nature of their diversity and ambition, a threat to the traditional portrayal of the American family on the airwaves. This book from Goldsmiths Press describes what American radio and television lost when these women were blacklisted, documenting their aspirations and achievements. Through original archival research and access to FBI blacklist documents, *The Broadcast 41* details the blacklisted women's attempts in the 1930s and 1940s to depict America as diverse, complicated, and inclusive. The book tells a story about what happens when non-male, non-white perspectives are excluded from media industries, and it imagines what the new medium of television might have looked like had dissenting viewpoints not been eliminated at such a formative moment. The all-white, male-dominated *Leave it to Beaver* America about which conservative politicians wax nostalgic existed largely because of the forcible silencing of these forty-one women and others like them. For anyone concerned with the ways in which our cultural narrative is constructed, this book offers an urgent reminder of the myths we perpetuate when a select few dominate the airwaves.

Blending critical theory, conjunctural cultural studies, and assemblage theory, *Making Sport Great Again* introduces and develops the concept of uber-sport: the sporting expression of late capitalism's conjoined corporatizing, commercializing, spectacularizing, and celebritizing forces. On different scales

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

and in varying spaces, the uber-sport assemblage is revealed both to surreptitiously reinscribe the neoliberal preoccupation with consumption and to nurture the individualized consumer subject. Andrews further probes how uber-sport normalizes the ideological orientations and associate affective investments of the Trump assemblage's authoritarian populism. Even as it articulates the regressive politicization of sport, *Making Sport Great Again* serves also as a call to action: how might progressives rearticulate uber-sport in emancipatory and actualizing political formations?

Questions about how and why the Trump era happened, prompt us to think about universal themes in politics, philosophy, and morality. This book shows how the theatre and tragedy of contemporary US politics can be distilled down into the behavior of three actors: the tyrant, the sycophant and the moron. The bad news is that there have always been morons, sycophants, and tyrants. The good news is that once we know this, we can prepare a response. This book clarifies exactly what it means to be a tyrant, a moron, and a sycophant, and what these moral failures are common. At times, each of us can be tyrannical, moronic, and sycophantic. That is why we need reason and virtue, as well as a political system that restrains our worst inclinations. The ancient Greeks understood this, as did the American founders. The Trump era would be familiar to the Greeks and can help us understand the whirlwind of political theatre that has dominated our contemporary society.

Six realistic models portray the 45th President and his wife and children. A dazzling wardrobe of accurately re-created outfits includes their sumptuous evening wear for the Inaugural balls and galas.

For years, Donald Trump was a real-estate magnate known for his overblown, opulent lifestyle. His brash but entertaining antics made him a best-selling author and host of the long-

## Where To Download Make Real Estate Great Again Proptech Real Estech Construction Tech

running television reality shows *The Apprentice* and *Celebrity Apprentice*. But the stakes grew higher in 2016 when he shocked many by beating out a huge field of contenders to secure the Republican Party nomination for president. This compelling biography traces the businessman's privileged childhood through his successes and failures, to the most important race of his life.

“Superior to Tom Clancy genre, with characters that came alive...and the military aspect far more realistic.” **THE SPECTATOR** The strategy, the weapons, the human story. It can happen. **THE NEXT WAR** In the Pacific—Off Korea's east coast, 185 miles south of the DMZ six Russian-made TU-22M Backfires come in low, traveling at Mach .9. Each carries two seven-hundred-pound cluster bombs, three one-thousand-pound "iron" or high-explosive bombs, ten one-thousand-pound concrete-piercing bombs, and fifty two-hundred-pound FAEs (fuel air explosives, closely related to Napalm). In Europe—Twenty Soviet Warsaw Pact infantry divisions and four thousand tanks begin to move. They are preceded by hundreds of strike aircraft: SU-24/Fencers for ground support and MiG-29s with air-to-air Alamo and antiradiation, antiradar air-to-surface missiles, with Russian NR-30 mm tank-destroying cannon. All are pointed toward the Fulda Gap. So it begins....**WW III**

Born on June 14, 1946, in Queens (New York), Donald John Trump was the second youngest of five children, raised by Fred Trump, a real estate developer, and his wife, Mary, a homemaker and Scottish immigrant. He was well know in America for his career as New York City real estate developer and reality TV star Donald Trump, but when he was elected America' s 45th president (in November 2016), the eyes of the whole world turned to him. All his supports and opponents agree on one thing: no one feels indifferent to the words and personality of Donald Trump. Get to know better the

## Where To Download Make Real Estate Great Again PropTech Real Estate Construction Tech

President that wants to Make America Great Again in this curated selection of his best quotes.

After President Trump's election, BREXIT and the widespread rise of far-Right political parties, much public discussion has intensely focused on populism and authoritarianism. In the middle of the twentieth century, members of the early Frankfurt School prolifically studied and theorized fascism and anti-Semitism in Germany and the United States. In this volume, leading European and American scholars apply insights from the early Frankfurt School to present-day authoritarian populism, including the Trump phenomenon and related developments across the globe. Chapters are arranged into three sections exploring different aspects of the topic: theories, historical foundations, and manifestations via social media. Contributions examine the vital political, psychological and anthropological theories of early Frankfurt School thinkers, and how their insights could be applied now amidst the insecurities and confusions of twenty-first century life. The many theorists considered include Adorno, Fromm, Löwenthal and Marcuse, alongside analysis of Austrian Facebook pages and Trump's tweets and operatic media drama. This book is a major contribution towards deeper understanding of populism's resurgence in the age of digital capitalism.

Donald Trump outlines how a crippled America could be restored to greatness. The book explores Trump's view on key issues including the economy, big CEO salaries and taxes, healthcare, education, national security, and social issues. Of particular interest is his vision for complete immigration reform, beginning with securing the borders and putting American workers first
