The Cambridge Introduction to Twentieth-Century American Poetry is designed to give readers a brief but thorough introduction to the various movements, schools, and groups of American poets in the twentieth century. It will help readers to understand and analyze modern and contemporary poems. The first part of the book deals with the transition from the nineteenth-century lyric to the modernist poem, focussing on the work of major modernists such as Robert Frost, T. S. Eliot, Ezra Pound, Wallace Stevens, Marianne Moore, and W. C. Williams. In the second half of the book, the focus is on groups such as the poets of the Harlem Renaissance, the New Critics, the Confessionals, and the Beats. In each chapter, discussions of the most important poems are placed in the larger context of literary, cultural, and social history.

Mark Childress is is an artist, with an ear comparable to Eudora Welty's, which to me is the highest praise one can give. I haven't read a Southern novel since *Losing Battles* that has given me such pleasure. -- Harper Lee, author of *To Kill a Mockingbird* The sense of reality with which Childress imbues his characters and their situation is remarkable. He has the true novelist's ability to commit himself entirely to the people and events he envisions, and this is rare; the reader is certain at all points that the author is not playing with the subject, but writing from deep within it. A truly outstanding book is the result. -- James Dickey *A World Made of Fire* is earthy, adroit, moving -- an excellent novel by a writer of great promise and talent. -- Jesse Hill Ford Mark Childress is a young novelist who has written a memorable story out of the land and people of the Deep South that throughout its length is constantly intruding with unexpected innovations. The ever-present undercurrent of mystical events will probably startle many readers by arousing and bringing forth unfamiliar emotions. -- Erskine Caldwell *A wonderful and powerful novel...Childress's debut in the world of fiction is a cause to be celebrated; he is the real thing.* -- Pat Conroy Mark Childress's new-fashioned saga is full of delicate electricity and raw power. -- Barry Hannah This is a damned fine story. There is more here than story, though. This baby resonates. Mark Childress is a writer of almost uncanny stylistic ability and clear vision. His eye for detail is extraordinary. It makes you want to holler Oh yeah! like a guy who's gotten religion at a riverside camp meeting. It's close; it's luxurious in its rightness; it fulfills the central demand of art...to make us see more in what we always thought we were seeing. -- Stephen King *A haunting first novel...There is a clear light of genuine story-telling talent shining through it all.* -- Library Journal In an impressive debut, Childress has produced a spellbinding tale in the Southern gothic tradition. A writer of poetic acuity, he evokes the atmosphere of a small Southern town and brings its inhabitants to life through their colorful, softly cadenced speech. Childress's remarkable command of language -- he uses imagery with sensuous skill -- his sure sense of plot, fueled by mysticism and mystery, and most of all, his beautifully nuanced depiction of Stella's coming of age, will keep readers enthralled. -- Publishers Weekly That rarest of finds, an unsentimental coming-of-age story, *A World Made of Fire* is also an engrossing mystery. Wrapped in its tale of voodoo and midnight rides is a detailed bestiary of human emotions and behaviors. San Francisco Chronicle Mark Childress's first novel is a complex allegory of pagan magic and Christian retribution... Mr. Childress writes his haunting novel with poetic cadences in brief,

intense chapters. He is an author of imagination. Stella's coming of age in grief and loneliness is drawn with graceful authenticity.

-- Valerie Miner, The New York Times Book Review A startlingly original first novel. Not only do a great many marvelous things happen, they do so in a time and place so untapped that Childress is able to claim the territory as his alone. He has marked himself, at the tender age of twenty-six, as a major new fictional voice.

-- Bruce van Wyngarden, Saturday Review

Witnessing Lynching: American Writers Respond is the first anthology to gather poetry, essays, drama, and fiction from the height of the lynching era (1889-1935). During this time, the torture of a black person drew thousands of local onlookers and was replayed throughout the nation in lurid newspaper reports. The selections gathered here represent the courageous efforts of American writers to witness the trauma of lynching and to expose the truth about this uniquely American atrocity. Included are well-known authors and activists such as Frederick Douglass, W.E.B. Du Bois, Langston Hughes, Ida B. Wells, and Theodore Dreiser, as well as many others. These writers respond to lynching in many different ways, using literature to protest and educate, to create a space of mourning in which to commemorate and rehumanize the dead, and as a cathartic release for personal and collective trauma. Their words provide today's reader with a chance to witness lynching and better understand the current state of race relations in America. An introduction by Anne P. Rice offers a broad historical and thematic framework to ground the selections. "

Words have their own lives independent from their function as describers of real worlds. They hold time and place but also can help us imagine new worlds. They preserve our experience against the dismantling force of death ... This is why I'm fascinated with words. As well as a writer, I am a painter and a poet. I teach college art and film classes and work at a variety of tasks looking for satisfaction.
