Managing Politics and Conflict in Projects is an easy-to-read, no-nonsense guide that walks you through the "soft" issues of project management, including communicating, negotiating, and influencing skills that are vital to your project success. Understand your organization's political climate and culture and ascend the corporate ladder to the next level as a project manager. Learn how to deal with political issues requiring complex organizational and interpersonal skills, using valuable review points, tips, and a fictional narrative illustrating the book's main points.

- Improve and develop your leadership, interpersonal, and communications skills
- Negotiate your political environment
- Acknowledge and overcome challenges inherent in project management
- Enhance your career by effectively utilizing politics and conflict
- Recognize and interpret the barriers of communication
- Be prepared to enter into a negotiation
- Overcome cultural challenges

Stress is a problem in almost all the countries of the world, irrespective of the fact whether the economy is strong or weak. In today's changing and competitive work environment, stress plays a crucial role among the gold collar employees. Knowledge is considered to be the only source of competitive advantage for an organization in the highly competitive current scenario. Knowledge work is typically characterized by high decision latitude and classified as an active job. This book titled "Strategic Stress Management of Gold collars" is an empirical study carried out to find the various factors that influence stress among the knowledge workers termed as the gold collar employees. This book emphasizes on the various coping strategies resorted by the

A completely updated revision of this highly successful human resource management text. Focusing on the most critical issues in HRM the author introduces the reader to all aspects of the discipline with a decided focus on practical applications to day-to-day HR management. Continuing in the tradition of previous editions, it presents the subject in a clear, concise, and conversational style

CD-ROM contains: 49 self-scoring individual assessment questionnaires.

Principles and Practices of Management introduces students to the fundamentals of management through a balanced blend of theory and practice. Highlighting the management practices of successful Indian and foreign companies, the opening vignettes and cases in the chapters depict real-world situations and problems managers face in their professional life. In addition to the concepts, the book also delves into the various academic perspectives that have evolved over time to provide the readers an integrated view of different approaches to management. Each chapter consists of various pedagogical features like Managerial Insights, Management Insights—A Revisit, Exhibits, Case Studies and relevant content on management theory. **KEY FEATURES**• Managerial Insight: Every chapter starts with the feature Managerial Insight focusing on a real-life situations and managerial issues involved in various Indian companies. • Managerial Insight: A Revisit: Management Insight: A Revisit marks the closing of the same case discussed in the Managerial Insight and is presented at the end of main text. There are a set of questions related to the key aspects of the case. • Exhibits: There are over a 50 exhibits illustrating cases of various Indian enterprises with a focus on the areas including entrepreneurial/managerial challenges, global business Implications, ethical and social considerations. • Exercises and Questions: Each chapter has various questions, which provide a fairly comprehensive coverage of the major points and topics contained in the text. • Case Studies: Each chapter closes with an exercise in the form of a Case Study with relevant

questions

Fundamentals of Management Essential Concepts and Applications Prentice Hall

Written in a clear, lively, concise, and conversational style, this book addresses the most critical issues in human resource management (HRM). The authors achieve a delicate balance between basic HRM functions and the new world of HRM. Their new ninth edition focuses on a broad-based market, helping you build a strong foundation in the essential elements of HRM. Relevant HR topics that are making news today are also covered, such as work benefits, drug testing, minimum wages, stock options and more. Instructors -- Use this book with WileyPLUS, an integrated suite of teaching and learning resources, to help your students reach their full potential. You and your students will get an online version of this textbook, homework management tools, interactive presentation resources, and more. Robbins identifies the major roadblocks that stand in the way of making high-quality decisions--and shows readers exactly how to overcome them.

This book is about supervision in the legal profession with a focus on the experience of novice lawyers. It is the first of its kind. Until now there have been a range of books

dedicated to professional supervision in many disciplines, but not law. Supervision is an important link between formal university-based legal education and independent practice and is relevant to a range of contemporary legal practice issues including changes driven by technology, workplace culture, regulating law firm management, and well-being. This book aims to be scholarly and practical. It provides an overview of how supervision is positioned in the legal regulatory framework; it describes how supervision is conceived in the legal profession and practice management literature; and draws lessons from clinical legal education and other professional disciplines. By reporting on survey data, this book also provides insights into practitioners' attitudes and perceptions about supervision in legal practice.

How to develop your people and groom future leaders--at the same time.

Written in a clear, lively, concise, and conversational style, this book provides Human Resource professionals with an in-depth look at critical issues in human resource management (HRM). The tenth edition includes an extensive update with new examples and timely HR topics added. Most opening vignettes and Did You Know? boxes are new to provide the most relevant information. The Workplace Issues, Technology Corner, and Ethical Issues in HRM boxes have also been updated to reflect current ideas and issues in HR. HR professionals will find more detailed discussions on topics including HR as a career, outsourcing of HR, discipline and dismissal, employment branding, and more.
