Traditional Chinese edition of Naked Economics: Undressing the Dismal Science. The book may be a college economics reference book, but it is not anything like a textbook. The book is written with wit, humor, clear examples, and you don't have to be a student of economics to enjoy the book - yes, the word is "enjoy." Go ahead, read it. Your understanding of economics will improve greatly and effortlessly. In Chinese. Distributed by Tsai Fong Books, Inc.

Written by Michael Baye, this workbook contains numerous problems and answers from the textbook and reinforces concepts for the students.

This ninth edition of Managerial Economics and Business Strategy has been revised to include updated examples and problems, but it retains all of the basic content that made previous editions a success. By teaching managers the practical utility of basic economic tools such as present value analysis, supply and demand, regression, indifference curves, isoquants, production, costs, and the basic models of perfect competition, monopoly, and monopolistic competition. This edition retains the emphasis on real-world examples and modern topics along with unique coverage found nowhere else: oligopoly, penetration pricing, multistage and repeated games, foreclosure, contracting, vertical and horizontal integration, networks, bargaining, predatory pricing, principal-agent problems, raising rivals' costs, adverse selection, auctions, screening and signaling, search, limit pricing, and a host of other pricing strategies for firms enjoying market power. This balanced coverage of traditional and modern microeconomic tools makes it appropriate for a wide

variety of managerial economics classrooms.
