Monthly, with annual cumulations. Comprehensive, current index to periodical medical literature intended for use of practitioners, investigators, and other workers in community medicine who are concerned with the etiology, prevention, and control of disease. Citations are derived from MEDLARS tapes for Index medicus of corresponding date. Arrangement by 2 sections, i.e., Selected subject headings, and Diseases, organisms, vaccines. No author index.

Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.

This handy index eliminates the need to search through multiple back-of-the-book indexes to find where a subject is addressed. The comprehensive A-to-Z listing will help users find important handbook content in volumes where they may not have thought to look. A composite of all the index entries contained in the entire current 20-volume set of the ASM Handbooks, including the revised 1998 edition of Volume 7, Powder Metal Technologies and Applications. Also included are the index entries for the four-volume ASM Engineered Materials Handbook. In addition, the index covers the seven volumes of the Ninth Edition Metals Handbook that have been replaced with updated ASM Handbook volumes.

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.
