An introduction to and advice on book collecting with a glossary of terms and tips on how to  
identify first editions and estimated values for over 20,000 collectible books published in  
English (including translations) over the last three centuries-about half are literary titles in the  
broadest sense (novels, poetry, plays, mysteries, science fiction, and children's books); and  
the other half are non-fiction (Americana, travel and exploration, finance, cookbooks, color  
plate, medicine, science, photography, Mormonism, sports, et al).
