An irreverent guide to decorating explains how to transform one's bland, boring, office cubicle into a truly fabulous space, offering a collection of inspirational cubicle designs for every taste, including the Garden Cube, the Cabin Cube, the CEO Cube, the Hip-Hop Cube, and other eye-popping examples. Original. 25,000 first printing.

Argues that in the future, customers will control and provide information about themselves only through intermediaries that work in their interest

Il volume Financial reporting and accounting standards, a cura di Stefano Azzali, approfondisce il tema del bilancio d'esercizio delle imprese . Questa edizione è aggiornata ai provvedimenti adottati per l'emergenza Covid.

Millions of young people—and increasingly some not-so-young people—now work as interns. They famously shuttle coffee in a thousand magazine offices, legislative backrooms, and Hollywood studios, but they also deliver aid in Afghanistan, map the human genome, and pick up garbage. Intern Nation is the first exposé of the exploitative world of internships. In this witty, astonishing, and serious investigative work, Ross Perlin profiles fellow interns, talks to academics and professionals about what unleashed this phenomenon, and explains why the intern boom is perverting workplace practices around the world. The hardcover publication of this book precipitated a torrent of media coverage in the US and UK, and Perlin has added an entirely new afterword describing the growing focus on this woefully underreported story. Insightful and humorous, Intern Nation will transform the way we think about the culture of work.

This book reports on the current state of meristemotherapy (also called gemmotherapy or budtherapy) and its possible future directions. Meristemotherapy focuses on the growth of plants, and is based on analytical studies, pre-clinic research, clinical trials and activity tests. The book investigates the determination of preparation methods, collateral effects, posology, and administration methods.

Hortense worries that her family is falling apart, but as she gets to know her Aunt Kate and makes a new friend, she discovers that change isn't always bad.

Are you ready for a whole new way to manage your projects? If so, you need to read this book! Are you a project manager who is frustrated by the rigidity of traditional project management methods? Do you feel it stifles the creativity of your team? Have you seen projects fail because of an inability to respond appropriately to changing internal or external circumstances? If so, you're going to be very happy to learn about the superpower that is known as the Agile Methodology for Project Management. This book will help you gain a deeper understanding of the Agile principles of management. Why Should I Use Agile? Using the Agile method will greatly increase project efficiency and team collaboration, and that will improve your deliverables, your team's creativity, and your customer's satisfaction. Agile does this by providing for the following: Continuous feedback Creative problem solving in every sprint Flexibility in responding to changes Adaptive, highly creative teams Increased team efficiency as you value individuals and interactions over processes and tools Customer collaboration that dramatically increases satisfaction Why should I buy this book? To put it simply, it explains in easy to understand language how to apply the Agile methodology to every phase of any project. Specifically, here's what you'll learn: The Agile process How to plan for success How Agile will improve your communications How the Agile method differs from other methods and why it is better The Agile lifecycle The Scrum Framework The Kanban Framework How to build an adaptive team How to implement collaborative management principles Why this book from among the 100s of others? This book is different in a number of significant ways. Whereas other books just skim the surface when explaining this method, this book offers specific tools and easy-to-follow instructions as well as in-depth information on the following topics: Explanations of the Agile method and the paradigm shift in project management The benefits of Agile over other methods The Agile process The tools that will allow you to manage any kind of project The major Agile frameworks both Scrum and Kanban Adaptive team building and collaborative project management How to avoid the main pitfalls of using this method Quite simply, this book offers a comprehensive guide to this highly successful method of project management. It gives you everything you need to know to manage any kind of project! So, if you're tired of having to push your team for success, if you feel constrained by your current management methodology, and/or if you just want to see more projects succeed with improved customer satisfaction, you need to take a look at this method. If you follow the principles in this book, you will see your project success rate improve and your customer satisfaction soar! So, what are you waiting for? There's no better time than the present, and there's no easier way to learn about it than by reading this book! Get started reading today by clicking on the BUY NOW button!

"Siblings Bob and Tom get a dog with spots. This A-level story uses decodable text to raise confidence in early readers. The book uses a combination of sight words and short-vowel words in repetition to build recognition. Original illustrations help guide readers through the text."--

From the country's leading couple therapist duo, a practical guide to what makes it all work. In 10 Principles for Doing Effective Couples Therapy, two of the world's leading couple researchers and therapists give readers an inside tour of what goes on inside the consulting rooms of their practice. They have been doing couples work for decades and still find it challenging and full of learning experiences. This book distills the knowledge they've gained over their years of practice into ten principles at the core of good couples work. Each principle is illustrated with a clinically compiled case plus personal side-notes and storytelling. Topics addressed include: • You know that you need to "treat the relationship," but how are you supposed to get at something as elusive as "a relationship"? • How do you empathize with both clients if they have opposite points of view? Later on, if they end up separating does that mean you've failed? Are you only successful if you keep couples together? • Compared to an individual client, a relationship is an entirely different animal. What should you do first? What should you look for? What questions should you ask? If clients give different answers, who should you believe? • What are you supposed to do with all the emotional and personal history that your clients stir up in you? • How can you make your work research-based? No one who works with couples will want to be without the insight, guidance, and strategies offered in this book.

In a world of stiffening competition, business strategy is more crucial than ever. Yet most organizations struggle in this area--not with formulating strategy but with executing it, or putting their strategy into action. Owing to execution failures,

companies realize just a fraction of the financial performance promised in their strategic plans. It doesn't have to be that way, maintain Robert Kaplan and David Norton in *The Execution Premium*. Building on their breakthrough works on strategy-focused organizations, the authors describe a multistage system that enables you to gain measurable benefits from your carefully formulated business strategy. This book shows you how to: Develop an effective strategy--with tools such as SWOT analysis, vision formulation, and strategic change agendas Plan execution of the strategy--through portfolios of strategic initiatives linked to strategy maps and Balanced Scorecards Put your strategy into action--by integrating operational tools such as process dashboards, rolling forecasts, and activity-based costing Test and update your strategy--using carefully designed management meetings to review operational and strategic data Drawing on extensive research and detailed case studies from a broad array of industries, *The Execution Premium* presents a systematic and proven framework for achieving the financial results promised by your strategy.

*Girl, You Will Not Believe This*. Welcome to your unbelievable dating journal. A book made with your dating stories in mind. Whether you are online dating, in person dating, social distancing & dating or anything in-between; this journal has been created for you to tell all your stories. In the 200 pages you will find a space to rate the date/experience, to write your dates name (or alias) and a couple other fun features to make your dating journal fun! Some of your stories may be hilarious, amazing, heartbreak or simply unbelievable, either way, having this journal will give you a space to remember each one. "because if I don't write it, you would not believe it". This journal is 6" X 9" & 200 pages.

Vincenzo Malinconico is a wildly unsuccessful lawyer who spends most of his time at the office trying to look busy. His wife has left him. His teenage children worry him to death. And he suffers from a chronic inability to control his sentence structure. When he is asked to fill in as the public defender for alleged Mafioso Mimmo lo Burzone, Malinconico seizes the opportunity to turn his life around. Without dwelling too long on what it might mean to be employed by the mob, he rushes to re-learn the Italian criminal code, all the while attempting to resist any further advances from his employers. Malinconico's life becomes a comical battle to finish what he has started without falling further into the clutches of the mafia. *I Hadn't Understood* is one of the subtlest and most cunning accounts of the mafia's influence on everyday life in recent decades. And it is certainly the most entertaining. Written with a neurotic's love of detail and wry humor, *I Hadn't Understood* is an engaging story of family, fatherhood, and the perils of navigating the Italian legal system.

Previously published in 2006 as a book with 2 DVDs included, this work is being reprinted with corrections as just the book, with the DVD content now available online.

*Business Model Generation* is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need *Business Model Generation*. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. *Business Model Generation* features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

In *The International Economy Since 1945*, Sidney Pollard describes the most important global developments in economics during the last half century. In this comprehensive history the author covers all geographical regions and considers the effects of the major countries on each other. *The International Economy Since 1945* analyses institutional issues, such as monetary policy or the multinational company, as well as worldwide issues. The author considers the impact of policies on economic life and includes discussion of: \* the threat to the environment caused by economic change \* advances in technology as they relate to growth \* fluctuations in standards of living in all parts of the world \* policies pursued and how they influence growth \* reactions of other nations to the plight of the Third World \* the Communist and Far Eastern economies \* the impact of World War II on the global economy. *The International Economy Since 1945* debates the key issues of current global and national policy-making and the effects of greater economic integration on inflation and employment.

*Principles of Marketing*, helps students understand how to create value, build customer relationships and master key marketing challenges. The 8th Edition has been thoroughly revised to reflect the major trends impacting contemporary marketing. Packed with examples illustrating how companies use new digital technologies to maximize customer engagement and shape brand conversations, experiences, and communities.

The Canadian edition of *The Little Black Book of Scams* is a compact and easy to use reference guide filled with information Canadians can use to protect themselves against a variety of common scams. It debunks common myths about scams, provides contact information for reporting a scam to the correct authority, and offers a step-by-step guide for scam victims to reduce their losses and avoid becoming repeat victims. Consumers and businesses can consult *The Little Black Book of Scams* to avoid falling victim to social media and mobile phone scams, fake charities and lotteries, dating and romance scams, and many other schemes used to defraud Canadians of their money and personal information.

*DEAVER. DANGEROUSLY GOOD*. Taylor Lockwood spends her days working as a paralegal in one of New York's pre-eminent Wall Street law firms and her nights playing jazz piano anywhere she can. But the rhythm of her life is disrupted when attorney Mitchell Reece asks her to find a stolen document that could cost him the multimillion dollar case he's defending... and his career as well. Taylor signs on... only to find that as she delves deeper and deeper into what goes on behind closed doors at Hubbard, White & Willis, she uncovers more than she wants to know - including secrets damaging enough to smash careers and dangerous enough to kill for. But who is capable of going to that extreme? With her life on the line, Taylor is about to learn the lethal answer... 'If you want thrills, Deaver is your man' *Guardian*
