“Inventions and Patents” is the first of WIPO’s Learn from the past, create the future series of publications aimed at young students. This series was launched in recognition of the importance of children and young adults as the creators of our future. Combining fun with facts, and packed with illustrations, the publication takes young readers on a journey through the world of inventions and patents. Simple explanations of how patents work, why we need them, and how they contribute to scientific and technological progress, are interspersed with the stories behind successful inventions. Inventor Profiles are drawn from around the world, and teachers are encouraged to supplement these by getting their students to research inventions from their home country.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it’s practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.
