"A popular guide for teachers, providing a comprehensive and useful introduction to the principles and practice of teaching English as a foreign/second language"--

This book presents research into various types of professional discourse through the prism of the functional linguistics approach. Focusing mainly on practical aspects of speech, the book discusses various topics, such as structural, semantic, cognitive and pragmatic characteristics of professional discourse, argumentation strategies, humour in professional discourse, and word-building processes. It also highlights communicative effectiveness methods in professional discourse. Offering new ideas and discussing the latest findings, the book is intended for researchers, lecturers and professionals in the field.

The most up-to-date, comprehensive resource on silviculture that covers the range of topics and issues facing today's foresters and resource professionals The tenth edition of the classic work, *The Practice of Silviculture: Applied Forest Ecology*, includes the most current information and the results of research on the many issues that are relevant to forests and forestry. The text covers such timely topics as biofuels and intensive timber production, ecosystem and landscape scale management of public lands, ecosystem services, surface drinking water supplies, urban and community greenspace, forest carbon, fire and climate, and much more. In recent years, silvicultural systems have become more sophisticated and complex in application, particularly with a focus on multi-aged silviculture. There have been paradigm shifts toward managing for more complex structures and age-classes for integrated and complementary values including wildlife, water and open space recreation. Extensively revised and updated, this new edition covers a wide range of topics and challenges relevant to the forester or resource

This issue discusses a number of factors affecting global growth, as well as growth prospects across the world's main countries and regions. It assesses the ongoing recovery from the global financial crisis in advanced and emerging market economies and evaluates risks, both upside and downside, including those associated with commodity prices, currency fluctuations, and financial market volatility. A special feature examines in detail causes and implications of the recent commodity price downturn; analytical chapters look at the effects of commodity windfalls on potential output and of exchange rate movements on trade.

'Calling all lecturers: your jobs depend on books like this. You know that international students are a vital source of money for UK universities. Many of your masters courses - the ones you really enjoy teaching - would collapse tomorrow without students from around the world. This book is about how to help these students succeed.' - Times Higher Education

'A superb book which contains a wealth of ideas and strategies for use in the EAP classroom or for self-study. It should be compulsory reading for any student seeking to enter Higher Education in an English-language speaking country' - Alison Standing, EAP Co-ordinator, London School of Economics and Political Science (LSE)

'Read, Research, Write definitely fills a gap... It is comprehensive, accessible and expertly researched and written, covering many essential aspects of academic competence. Equally useful as a course book, a resource book in a class library or as a reference book for students, every EAP teacher will want a class copy, every ESL student starting higher education should keep it on their desk!' - Dr Roger Nunn, Senior Associate Editor, the Asian EFL Journal, Associate Professor in Communication, Petroleum Institute, Dubai

'Read, Research, Write takes a novel approach to combining language and content so as to balance discipline-specific and generic language development. Valuable and engaging input on learning strategies and research

skills for higher education is also included. I would recommend this book for teachers of EAP in a range of contexts' - David Palfreyman, Zayed University, Dubai This book is for students who have learnt English as a second (or third, or fourth) language, and are studying at an institution where English is the medium of instruction. Each of its 10 chapters focuses on a reproduced academic article on an aspect of English for academic purposes - students can therefore learn about language skills from the articles themselves as well as developing those skills in the activities and tasks which follow. Each chapter develops six strands of academic skills essential for successful study: reading; learning language/vocabulary; writing; researching; studying' and applying to your own subject. The detailed and focused activities and tasks will help you to: Make reasonable knowledge claims Become more aware of university culture and expectations Write according to academic standards Think critically and reflectively Respond to ideas in academic articles Document your work appropriately and avoid plagiarism.
