This celebrated classic gives a soldier's-eye-view of the Guadalcanal battles--crucial to World War II, the war that continues to fascinate us all, and to military history in general. Unlike some of those on Guadalcanal in the fall of 1942, Richard Tregaskis volunteered to be there. An on-location news correspondent (at the time, one of only two on Guadalcanal), he lived alongside the soldiers: sleeping on the ground--only to be awoken by air raids--eating the sometimes meager rations, and braving some of the most dangerous battlefields of World War II. He more than once narrowly escaped the enemy's fire, and so we have this incisive and exciting inside account of the groundbreaking initial landing of U.S. troops on Guadalcanal. With a new Introduction by Mark Bowden--renowned journalist and author of Black Hawk Down--this edition of Guadalcanal Diary makes available once more one of the most important American works of the war.

At home and overseas, the United States Coast Guard served a variety of vital functions in World War II, providing service that has been too little recognized in histories of the war. Teaming up with other international forces, the Coast Guard provided crewmembers for Navy and Army vessels as well as its own, carried troops, food, and military supplies overseas, and landed Marine and Army units on distant and dangerous shores. This thorough history details those and other important missions, which included combat engagement with submarines and kamikaze planes, and typhoons. On the home front, port security missions involving search and rescue, fire fighting, explosives, espionage and sabotage presented their own unique dangers and challenges.
