Book 1 of 2 of The Mortal Instruments: City of Glass in
 Traditional Chinese. Already translated into 34 languages,

referenced within the product description or the product text may not be available in the ebook version.

"Cal is undercover on Shadow Island, investigating the secrets hidden beneath the surface of this tropical paradise. Evading search parties, planning rescue missions and sneaking through a maze of hidden tunnels in now an average day for Cal. Trapped in the office of the suspicious director, how can Cal evade capture and continue his double act with his twin brother Ryan? As dangers multiply at every turn, at least he knows he can count on SI-6--or can he? The clock is ticking. Any second could be his last"--P. [4] of cover.

??

With only seconds to spare, Cal escapes from the burning wreck of the Orca. Once again he must dodge the cops and the thugs and return to his pursuit of the Ormond Jewel. He embarks on a dangerous break-in mission to retrieve it, but what if it reveals another menacing mystery? The clock is ticking, and stealing from his enemies could prove to be a fatal mistake . . .

the Paris Commune of 1871, and even the most politically unsophisticated observers could see in the Spain of 1936 all the ideological and class conflicts which had characterized revolutionary France of 1789 and revolutionary Russia of 1917. It is not surprising, therefore, that the worthwhile books on the Spanish Civil War have almost all emphasized its international ramifications and have discussed its political crises entirely in the vocabulary of the French and Russian revolutions. Relatively few of the foreign participants realized that the Civil War had arisen out of specifically Spanish circumstances. Few of them knew the history of the Second Spanish Republic, which for five years prior to the war had been grappling with the problems of what we now call an "underdeveloped nation." In Spanish Republic and the Civil War, Gabriel Jackson expounds the history of the Second Republic and the Civil War primarily as seen from within Spain.

Derivative criminal liability includes inchoate offenses (criminal attempt, conspiracy, preparatory offenses, etc.), complicity (joint perpetration, perpetration through another, incitement, solicitation, accessoryship, etc.), organized crime, natural and probable consequences liability, post-crime aid, enterprise liability, terrorism and terrorist infrastructure, and many more forms of criminal liability, clearly making it a major pillar of modern criminal law. Although derivative criminal liability affects countries worldwide, there is still no general legal theory that covers this issue. The objective of the present book is to develop a comprehensive, general, legally sophisticated, and at the same time practical theory of derivative criminal liability. The book emphasizes the practicality of the theory to enable courts, lawyers, legislators, attorneys, students, and academics to apply it in their daily professional occupations.

Stuck in his most horrifying predicament yet, Cal's chances of survival are running out fast. Thanks to unknown attackers, he's lost the Jewel and the Riddle, and now he is buried alive in a coffin. Six feet under. His friends are frantically trying to find him before it's too late. Meanwhile, Gabbi, Cal's comatose sister, has been kidnapped, and he is the prime suspect! The clock is ticking. Any second could be his last.

Want to identify fiction books that boys in grades three through nine will find irresistible? This guide

reveals dozens of worthwhile recommendations in categories ranging from adventure stories and sports novels to horror, humorous, and science fiction books.

Traditional Chinese edition of *Half the Sky* by New York Times columnist Nickolas Kristof and Sheryl WuDunn, both Pulitzer Prize winner. "*Half the Sky*" is a required reading in college campuses. The book is an emotionally rending read as it exposes the abusive treatment of women in many parts of the world. But if and when the women had the opportunity and were empowered, say the authors, they can, as the Chinese saying goes, hold up half the sky. The last chapter offers simple actions anyone can take to help empower women! In Chinese. Distributed by Tsai Fong Books, Inc.

A simultaneous Traditional Chinese translation of the much talked about book *No Place to Hide: Edward Snowden, the NSA, and the U.S. Surveillance State* by Glenn Greenwald. The book is the winner of the 2014 Pulitzer Prize for Public Service. In Traditional Chinese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.

Breaking out of the fishing net is the least of Cal's worries - all kinds of perils await him on deck. He may have a chance at freedom if he can find his Great-aunt Millicent, who holds the key to some answers about his family's secrets. But with all sorts of criminals hot on his heels, he worries about

exposing another relative to danger. The clock is still ticking . . .

This gripping study examines slave resistance and protest in antebellum Florida and its local and national impact from 1821 to 1865. Using a variety of sources, Larry Eugene Rivers discusses Florida's unique historical significance as a runaway slave haven dating back to the seventeenth century. In moving detail, Rivers illustrates what life was like for enslaved blacks whose families were pulled asunder as they relocated and how they fought back any way they could to control small parts of their own lives. Identifying slave rebellions such as the Stono, Louisiana, Denmark (Telemaque) Vesey, Gabriel, and the Nat Turner insurrections, Rivers argues persuasively that the size, scope, and intensity of black resistance in the Second Seminole War makes it the largest sustained slave insurrection in American history.
