

Memory Man Amos Decker Series Book 1

The closer Amos Decker comes to the truth, the deadlier it gets in David Baldacci's latest #1 New York Times bestselling Memory Man thriller. Something sinister is going on in Baronville. The rust belt town has seen four bizarre murders in the space of two weeks. Cryptic clues left at the scenes--obscure bible verses, odd symbols--have the police stumped. Amos Decker and his FBI colleague Alex Jamison are in Baronville visiting Alex's sister and her family. It's a bleak place: a former mill and mining town with a crumbling economy and rampant opioid addiction. Decker has only been there a few hours when he stumbles on a horrific double murder scene. Then the next killing hits sickeningly close to home. And with the lives of people he cares about suddenly hanging in the balance, Decker begins to realize that the recent string of deaths may be only one small piece of a much larger scheme--with consequences that will reach far beyond Baronville. Decker, with his singular talents, may be the only one who can crack this bizarre case. Only this time--when one mistake could cost him everything--Decker finds that his previously infallible memory may not be so trustworthy after all... "Decker is one of the most unusual detectives any novelist has dreamed up."

Memory Man

This "impossible to put down" #1 New York Times bestseller introduces Amos Decker, a gifted police detective with a perfect memory who must solve a mystery he wishes he could forget: his family's murder (Washington Post). Amos Decker's life changed forever--twice. The first time was on the gridiron. A big, towering athlete, he was the only person from his hometown of Burlington ever to play in the NFL. But his career ended before it had a chance to begin. On his very first play, a violent helmet-to-helmet collision knocked him off the field forever, and left him with an improbable side effect--he can forget nothing. The second time was at home nearly two decades later. Now a police detective, Decker returned from a stakeout one evening and entered a nightmare--his wife, young daughter, and brother-in-law had been murdered. His family destroyed, their killer's identity as mysterious as the motive behind the crime, and unable to forget a single detail from that horrible night, Decker finds his world collapsing around him. He leaves the police force, loses his home, and winds up on the street, taking piecemeal jobs as a private investigator when he can. But over a year later, a man turns himself in to the police and confesses to the murders. At the same time a horrific event nearly brings Burlington to its knees, and Decker is called back in to help with this investigation. Decker also seizes his chance to learn what really happened to his family that night. To uncover the stunning truth, he must use his remarkable gifts and confront the burdens that go along with them. He must endure the memories he would much rather forget. And he may have to make the ultimate sacrifice. Memory Man will stay with you long after the turn of the final page.

The #1 New York Times bestselling author with over 130 million books in print worldwide returns with his next blockbuster thriller. Amos Decker's life takes a terrible turn as soon as the book starts. He walks in and finds his family murdered. He has already gone through traumatic life changes as a young adult involved in a brain altering accident. Unfortunately the results of that accident make the murders of his family even more painful and unbearable. Amos cannot forget anything and his brain now has a new way of categorizing information using numbers and color. Memory Man takes us through Decker's journey of trying to survive the altercations of his own brain. He can never escape his own mind, and therefore he can never recover from the murders of his family. This story follows Decker through decline and discovery as he desperately tries to find out what happened to his family and introduces the reader to the possibilities of the human mind. Baldacci takes two different scenarios that could both make a good basis for a book and combines them to present a page turning and intelligent experience. The football accident and the murders both intrigue the reader, and Baldacci intertwines them successfully into a story that represents the human will to live against a backdrop of everything that makes us want to give up. A suspect who may or may not have been telling the truth. The confession has the potential to make Melvin Mars--guilty or not--a free man. Who wants Mars out of prison? And why now? But when a member of Decker's team disappears, it becomes clear that something much larger--and more sinister--than just one convicted criminal's life hangs in the balance. Decker will need all of his extraordinary brainpower to stop an innocent man from being executed.

FREE PREVIEW - FIRST SIX CHAPTERS ONLY THE NEW MEMORY MAN NOVEL! Amos Decker witnesses a murder just outside FBI headquarters. A man shoots a woman execution-style on a crowded sidewalk, then turns the gun on himself. Even with Decker's extraordinary powers of observation and deduction, the killing is baffling. Decker and his team can find absolutely no connection between the shooter--a family man with a successful consulting business--and his victim, a schoolteacher. Nor is there a hint of any possible motive for the attack. Enter Harper Brown. An agent of the Defense Intelligence Agency, she orders Decker to back off the case. The murder is part of an open DIA investigation, one so classified that Decker and his team aren't cleared for it. But they learn that the DIA believes solving the murder is now a matter of urgent national security. Critical information may have been leaked to a hostile government--or worse, an international terrorist group--and an attack may be imminent. Decker's never been one to follow the rules, especially with the stakes so high. Forced into an uneasy alliance with Agent Brown, Decker remains laser focused on only one goal: solving the case before it's too late.

Overwhelmed with grief, his life spiralled out of control and he lost his job, his home, and his self-respect. It is only when teenagers are gunned down in a shooting at a local school, and Decker's special skills can help to find the killer, that he goes back to work with the help of his former partner, detective Mary Lancaster. As the investigation deepens, new evidence reveals that one of the weapons used in the shooting was the same as that used to kill Decker's wife and daughter. The case turns even more personal as he attempts to track down the killer. This sequel takes Decker to a new case where he will be required to test his special skills to the very limit of his endurance. The first in the Amos Decker series, Memory Man is an astounding novel from blockbuster author David Baldacci, where an extraordinary man races to hunt down a terrible killer. Amos Decker would forever remember all three of their violent deaths in the most paralyzing shade of blue. It would cut into him at unpredictable moments, like a gutting knife made of colored light. He would never be free from it. When Amos Decker returned home eighteen months ago to find the bodies of his wife and only daughter, he didn't think he could carry on living.

Overwhelmed with grief, he saw his life spiral out of control, losing his job as a detective, his house and his self-respect. But when his former partner in the police, Mary Lancaster, visits to tell him that someone has confessed to the murder of his family, he knows he owes it to his wife and child to seek justice for them. As Decker comes to terms with the news, tragedy strikes at the local school. Thirteen teenagers are gunned down, and the killer is at large. Following the serious brain injury Amos suffered as a professional footballer, he gained a remarkable gift - and the police believe that this unusual skill will assist in the hunt for the killer.
