

then Mind Shifting is for you. This little book takes you down the rabbit-hole of human mindset to reveal: The subconscious belief you have that creates an "abundance allergy" (and what you can do about it). The easily overlooked, every-day habits you're doing right now that actually repel success (and five strategies for overcoming them). The automated mental scripts you don't even realize you're running that make it impossible for you to get what you want (and how to reprogram your mind for unbeatable confidence and rock-star achievement rates). Your biggest dreams really can be yours, if you're ready to make a mind shift...

Embrace the Power of Your Mind is the book you need to read if you want to change something in your life. So many people have their 'mind set' and Deborah will help you shift your thinking to create 'mind growth'. Deborah has acquired a wealth of knowledge and skills throughout her career. She has learned how to use her life challenges and experiences to empower her mind, which she has embraced to enrich her own life. She will show you how you can do it for yourself. She writes in a way that you can understand so that you can use some of the tools and apply some of the techniques instantaneously. She will give you an insight into the Power of Your Mind and show you how you can embrace that power to achieve your goals and even your wildest dreams. Anything is possible. Topics include; * What stops you from creating the life you want? * What in your world influences your thoughts? * Change Some Things In Your Life * It's all in the Mind * Shift Your Mind Set to Mind Growth.

Teaching models that focus on blended and virtual learning have become important during the past year and have become integral for the continuance of learning. The i2Flex classroom model, a variation of blended learning, allows non-interactive teaching activities to take place without teachers' direct involvement, freeing up time for more meaningful teacher-student and student-student interactions. There is evidence that i2Flex leads to increased student engagement and motivation as well as better exploitation of teachers' and classroom time leading to the development of higher order cognitive skills as well as study skills for students' future needs related to citizenship, college, and careers. The Handbook of Research on K-12 Blended and Virtual Learning Through the i2Flex Classroom Model focuses not only on how to design, deliver, and evaluate courses, but also on how to assess teacher performance in a blended i2Flex way at the K12 level. The book will discuss the implementation of the i2Flex (isquareFlex), a non-traditional learning methodology, which integrates internet-based delivery of content and instruction with faculty-guided, student-independent learning in combination with face-to-face classroom instruction aiming at developing higher order cognitive skills within a flexible learning design framework. While highlighting new methods for improving the classroom and learning experience in addition to preparing students for higher education and careers, this publication is an essential reference source for pre-service and in-service teachers, researchers, administrators, educational technology developers, and students interested in how the i2Flex model was implemented in classrooms and the effects of this learning model.

In 8100 BC Egypt, the God Amunna yanked 15-year-old Miko's soul from his body to save him from an early death. Miko is now Jebel Barkal, a vampire living in the United States of America with his vampire family. Using his mind to slip in and out of times and dimensions of space, sometimes bringing people with him, Jebel has been waging a battle against evil since the days of the pharaohs in Egypt. Now his greatest conflict will be holding on to love and life.

I have known Dr. Massey for a number of years. During that time, he had quietly and consistently completed an amazing number of incredible humanitarian projects while conducting a very successful professional life. While serving as the school superintendent of the largest K-8 public school system in California, I asked him how he found the time and resources to help so many of the children in my district. Mind Realignment - Naked Secrets for Building a Better You is his answer to my question. It is a remarkable collection of thought and advice intended to unleash the power within you. I have met many people who enrich the world through serving their fellow man. But very few have succeeded in accomplishing the goals that they set for themselves and almost no one sets the bar as high as Dr. Massey. I urge you to read this book. I will be applying its message chapter by chapter, day by day to my own life and work. Dr. Massey is a tough act to follow, but he has left a trail for us to take, if we will only aspire to making the world a better place. The Honorable Jean Fuller, PhD. State of California Assembly Member, 32nd District If you are looking for practical wisdom, incisive insight, hearty encouragement and wisdom both current and past, look no further! Drawing widely from many sources as well as using his own pen, Manzoor Massey has provided us all with what we much need-wisdom for life. This book will, no doubt, bless and inspire and challenge and change you. Randall L. Roberts, Senior Pastor Loma Linda University, Loma Linda, California Practical, simple, but provocative tool to realign the minds of all who are willing to part with their unproductive past and experience a more rewarding future. Dr. Massey was vice-president of my corporation. I requested him to apply the wisdom of his book to train my executive teams. If heeded, this book will build better families, better communities and better businesses. Jose Arredondo, Businessman Bakersfield, California Dr. Massey has written an empowering, uplifting, and inspiring book for us all. Through his many years of experience and study, he has compiled a wealth of valuable wisdom, and he has graciously passed them on to us. I wholeheartedly recommend that you read this book with an open heart and mind and get ready for real "nuggets" of truth that apply to real life, and can be transformational! Pastor James Ranger Bakersfield New Life Center Dr. Massey is a keen student of human behavior and its impact on life. In Mind Realignment for Excellence he presents succinct and practical advice for rebuilding your life. Best of all, it illustrates and advocates balance - the very quality that is so easily lost in the juggling of competing priorities that form our daily agendas. The book's format of one chapter per page is best suited for the "baby-boomer - iPod generation." Lowell C. Cooper, General Vice President General Conference of Seventh-day Adventists Washington D. C. Dr. Massey's "Mind Realignment - Naked Secrets for Building a Better You" is to the serious person what the power-bar is to the devoted athlete. It is full of succinct and powerful statements packed with energy. All it takes to fall upon a pearl of wisdom is to just open a page and look anywhere and it lands on the bull's eye each time. The reflection given to digest it, and the effort spent in applying it, is bound to be rewarded with lasting inner healing. Devadas Moses, MD, DrPH. Loma Linda, California

Marketing of library services has now been recognised as an essential agenda item for almost all kinds of libraries all over the world. As the term "marketing" has different meanings for different colleagues, the bundling of dozens of contributions from a truly international group of librarians is presented in this book, provides a broad scala on the topic. Therefore this book offers a useful tool for both working librarians and future librarians to understand vital issues relating to marketing of library and information services at the local, national and international level. The book is divided into six sections: Marketing concept: a changing perspective; Marketing in libraries around the world; Role of library associations; Education, training and research; Excellence in marketing; Databases and other marketing literature. "Filled with wonder and sorrow and happiness." —Alison McGhee, #1 New York Times bestselling author of Someday A heartfelt story of a young girl seeking beauty and connection in a busy world, now in

This updated edition serves as a road map through the CCSS, with clear guidance on multidisciplinary, interdisciplinary, and transdisciplinary approaches to creating your own integrated curriculum.
